Announcement

'International Journal for Numerical Methods in Fluids' impact factor for 2008 has been published to be 0.916

SUMMARY

The International Journal for Numerical Methods in Fluids has received its 2008 impact factor. The impact factor for 2008 has been published to be 0.916, an increase from 0.712 in 2007. Copyright © 2009 John Wiley & Sons, Ltd.

KEY WORDS: impact factor

The International Journal for Numerical Methods in Fluids has received its 2008 impact factor. The impact factor for 2008 has been published to be 0.916, an increase from 0.712 in 2007.

The impact factor is calculated by the number of citations in 2008 to articles published in 2006 and 2007: [X], divided by the number of articles published in the same years [Y]. Source: 2008 Journal Citation Reports® (Thomson Reuters, 2009).
