

## ANNOUNCEMENT

### INTERNATIONAL SYMPOSIUM ON TWO-PHASE SYSTEMS

August 29–September 2, 1971  
Technion City, Haifa, Israel

An International Symposium on Two-Phase Systems co-sponsored by the Israel Institute of Chemical Engineers, the American Institute of Chemical Engineers, and the American Society of Mechanical Engineers will be held under the auspices of the Israel Academy of Sciences and Humanities. Each session will be opened by a keynote lecture by a distinguished chairman, followed by the presentation of research papers and ended by an open discussion.

### PROGRAM

#### *Topics*

1. Heat and Mass Transfer in Two-Phase Systems
2. Characteristics of a Gas–Liquid Interface and its Motion
3. Measurement Techniques in Two-Phase Systems
4. Turbulent Fluid–Particle Systems
5. Suspension Rheology and Flow
6. Mechanics of Heterogeneous Systems

#### *Lecturers*

W. M. Rohsenow  
A. E. Dukler  
G. F. Hewitt  
J. O. Hinze  
H. Brenner  
G. K. Batchelor

Participation in the symposium is open to all individuals with an interest in the field. Those wishing to make a presentation should submit abstracts to Dr. G. Hestroni, Technion, Haifa, Israel by June 1, 1970. The language of the symposium will be English.
