

ERRATUM

W. AUNG, Fully developed laminar free convection between vertical plates heated asymmetrically, *Int. J. Heat Mass Transfer* **15**, 1577–1580 (1972).

On page 1578, right column, 4th line from the bottom of the page, the line which now reads:

“of equation (2) with respect to Y from $Y = 0$ to $Y = 1$) since”

should be replaced by:

“of equation (6), $\partial T/\partial x = \alpha$, a constant. Hence $dT_b/dx = \alpha$ ”.
