

HEAT AND MASS TRANSFER BIBLIOGRAPHY—SOVIET WORKS

A. V. LUIKOV*

Heat and Mass Transfer Institute, BSSR Academy of Sciences, Minsk, BSSR, U.S.S.R.

(Received 12 March 1974)

BOOKS

- A. S. Bolgar, A. G. Turchanin and V. V. Fesenko, *Thermodynamic Properties of Carbides*. Naukova Dumka, Kiev (1973).
- A. U. Franchuk *et al.*, *Thermophysics of Light Protecting Constructions*, Collected Papers, Trudy Nauchn.-Issled. In-ta Stroit. Fiz. **6**(20) (1973).
- A. A. Gukhman, Application of the similarity theory to the study of heat and mass transfer processes. Transfer processes in a moving medium, 2nd rev. edn. Vyssh. Shkola, Moscow (1974).
- V. G. Kamensky, *Building Thermophysics*. Heat and Mass Transfer Institute, Minsk (1973).
- Yu. M. Kartashov, *Express Methods for Determining Rheological Properties of Rocks*. Nedra, Moscow (1973).
- S. S. Kutateladze, *Wall-Jet Turbulence*. Nauka, Sibirsk. Otdel., Novosibirsk (1973).
- N. N. Luk'yanov, *Basis Concepts of Engineering Thermodynamics*. Tashkent (1973).
- O. M. Todes, Yu. Ya. Kaganovich, S. P. Nalimov *et al.*, *Dehydration of Solutions in a Fluidized Bed: Physical Fundamentals of the Method and its Application*. Metallurgiya, Moscow (1973).
- V. V. Pevzner, *Precise Temperature Regulators*. Energiya, Moscow (1973).
- K. V. Pokrovsky and S. R. Kolmanyay, *Application of Thermodynamics of Real Gases to Oil Gases*. Baku (1973).
- Yu. A. Surinov *et al.*, *Theory and Methods for Calculating Radiative Heat Transfer in Thermal Devices*, Collected Papers. Krasnodar (1973).

GENERAL

- D. S. Anikonov, On inverse problems for transfer equations, *Diff. Uravn.* **10**(1), 7-17 (1974).
- N. I. Gamayunov, Solution of transfer m -equations, in *Mathematical and Physical Heat and Mass Transfer Problems*. Minsk (1973).

THERMODYNAMICS

- O. P. Astakhov and V. I. Fedorov, Thermodynamic properties of copper iodide and chloride, *Teplofiz. Vysok. Temp.* **11**(6), 1305-1307 (1973).
- L. S. Barkhatov, G. N. Kagan, A. F. Tsyt'sarkin, E. E. Shpil'rain and K. A. Yakimovich, Study of thermodynamic properties of liquid aluminium oxide, *Teplofiz. Vysok. Temp.* **11**(6), 1188-1191 (1973).
- B. F. Belov and I. A. Novokhatsky, Thermodynamics of deoxidation of liquid cobalt, *Izv. VUZov, Tsvet. Metallurg.* No. 3, 33-40 (1973).
- T. A. Berezhnaya and V. V. Aleksandrov, Thermodynamic properties of hydrogen chloride in n -amyl alcohol-water mixtures at 20-60°C, *Zh. Fiz. Khim.* **48**(1), 230 (1974).

- V. V. Blokhin, L. I. Razmyslova, Yu. A. Makashev and V. E. Mironov, On thermodynamics of some acid-complexes of intermediate metals, *Zh. Fiz. Khim.* **48**(1), 151-153 (1974).
- L. M. Buchnev, V. I. Volga, B. K. Dymov and N. V. Markelov, Study of carbon enthalpy over a range of 500-3250°K, *Teplofiz. Vysok. Temp.* **11**(6), 1198-1202 (1973).
- B. P. Burylev, Thermodynamic activities of components in the alloys of the MnCl₂-KCl system, *Zh. Prikl. Khim.* **46**(12), 2774-2775 (1974).
- O. A. Esin, N. A. Vatolin and B. M. Lepinsky, Review of the papers on statistical thermodynamics of liquids, *Trudy In-ta Metallurg. Ural. Nauch. Tsentra AN SSSR vyp.* 27, 5-26 (1972).
- V. A. Gindin, B. A. Ershov, A. I. Kol'tsov and R. S. Noi, Thermodynamic properties of transesterification of acyclic β -ketoaldehydes, *DAN SSSR* **214**(1), 97-100 (1974).
- L. V. Gorbunov, Comparative calculations of thermodynamic constants of AB-type substances, *Zh. Fiz. Khim.* **48**(1) 149-150 (1974).
