

ERRATUM

X. Garonne, R. Guillaume, A. Papon et G. Salaun-Penquer, Sur une nouvelle méthode de calcul de l'influence de la condensation dans le développement des panaches thermiques, *Int. J. Heat Mass Transfer* **22**, 21-26 (1979).

The authors would like to make the following corrections to their paper:

p. 23, 2nd. column, line 23: should read

$$dT = \frac{\partial T}{\partial \eta} d\eta = 2\eta e^{-\eta^2} d\eta \Delta T_m;$$

p. 24, Tableau 1; final column should read

$$c = -4,3550 \times 10^{-2}$$
$$c = -1,2672 \times 10^{-2}.$$
