

International Journal of
Multiphase Flow

VOLUME 2, 1975

PERGAMON PRESS OXFORD . NEW YORK . PARIS . FRANKFURT

ELSEVIER AMSTERDAM . OXFORD . NEW YORK

International Journal of Multiphase Flow

exists for publishing theoretical and experimental investigations of multiphase flow which are of relevance and permanent interest.

SUBSCRIPTION RATES 1976

For libraries, university departments, government laboratories industrial and other multiple-reader institutions, \$70.00.

Specially reduced rates to individuals: In the interests of maximizing the dissemination of the research results published in this important international journal we have established a two-tier price structure. Any individual whose institution takes out a library subscription, may purchase a second or additional subscription for personal use at the much reduced rate of U.S. \$25.00 per annum.
