

ANNOUNCEMENT

1979 SYMPOSIUM ON INSTRUMENTATION AND CONTROL FOR FOSSIL ENERGY PROCESSES

Denver Marriott, Denver, Colorado

20-22 August 1979

Sponsored by: Argonne National Laboratory,
Department of Energy-Fossil Energy,
An Industrial Group

SYMPOSIUM TOPICS

Mass-Flow Measurement (Two-Phase)
Particulate Measurement
Reactor Temperature Measurement
Two-Phase Interface Level Measurement
On-Line Analysis and Sampling
Flow Control Systems
Process Simulation
Pilot Plant Operating Experience
Demonstration Plant Needs

in Fossil Energy Processes: Liquefaction
Gasification
Fluidized Bed Combustion
Oil/Gas Shale Processing
In Situ Gasification
Magnetohydrodynamics

An afternoon Process Clinic will allow question and answer discussion between the audience and representatives from most of the pilot plant operating contractors.

A Hardware Show and Tell will display Department of Energy developments in the field of instrumentation and control for fossil energy processes.

An Exhibit of Instrumentation for fossil energy processes will run in conjunction with the Symposium. Qualified Exhibitors are invited to contact Jon Olson, The Lummus Company, P.O. Box 18076, Pittsburgh, PA 15236, U.S.A., telephone (412)892-2770.

Further information including registration forms will be available after 10 April 1979 from Mrs. Miriam L. Holden, Director, Conference Planning and Management, Argonne National Laboratory, 9700 South Cass Avenue, Building 223, Argonne, IL 60439, U.S.A., telephone (312)972-5585.
