

ERRATUM

There was a printing error in Vol. 6, No. 1–2. The Foreword to the Special Issue (*EPRI Workshop: Basic Two Phase Flow Modeling in Reactor Safety*) was written by Y. Zvirin and R. B. Duffey. The Organizing Committee of the Workshop was: W. B. Loewenstein, B. R. Sehgal, Y. Zvirin, R. B. Duffey and G. Hetsroni.

The Editors regret the unfortunate error.
