

CALL FOR PAPERS

FIFTH FRENCH ANNUAL MEETING ON AEROSOLS

8–9 December 1988

The *5th Annual Meeting of the French Committee of Studies and Research on Aerosols* (COFERA, Comité Français d'Etudes et de Recherches sur les Aérosols) will cover all aspects related to aerosol science, especially:

- Physical properties, chemical nature and behavior of aerosols
- Techniques of aerosol generation
- Measurement and detection
- Impact in various industrial areas (instrumentation, nuclear and naturally radioactive aerosols, clean rooms, hygiene)
- Impact on health (environment, atmospheric pollution, biological aerosols, bacterial contamination, transport of allergens, . . .)

French is the official language; communications in English are accepted. Any person wishing to present a communication must send a one-page abstract to G.A.M.S. before 31 May 1988.

For registration and additional information, contact:

G.A.M.S.—88
Boulevard Malesherbes
75008 Paris
