"We use Arch Crown static cling vinyl crystal wraps to protect the crystals on our watches during handling and shipping. They fit perfectly with no adhesives to worry about. We recommend them to anyone in the watch industry." Stephen J. Butler, President (631) 776-1135 CHRONOSWISS USA, LLC - Bellport, NY

"We use your static cling vinyl to wrap around the watches our salesmen carry in their lines when they visit their clients. It's very easy to use, goes on and off easily and can be used over and over again. It protects the finish of our fine Swiss watches. Thanks for the great service!" Connie Steinbock, Customer Service Maurice Lacroix USA - Encino, CA

"This product is excellent and helps us achieve a high degree of protection for our merchandise. Our customers are well served because we at Tourneau use this product." Sal Cacioppo, Senior Manager Tourneau, Inc. - New York, NY

Computer Tag and Bar Code Labeling Systems

Bar code technology solutions for jewelry pricing.

Thermal transfer printers, scanners, bar coding software, portable data collectors and computer tags allow for maximum efficiency in your warehouse, stock room and at the register.

Arch Crown Computer Tag and Label Systems are available for thermal transfer printers (pages 20 - 35) and dot matrix pin-feed printers (page 36). You will find the same quality and value in these systems as you do in the tags and labels that have made Arch Crown a leading supplier to the jewelry industry. We work with most software companies (page 34) developing efficient and customer friendly price tagging/labeling systems.

Designed for most thermal transfer printers including Datamax, Zebra/Eltron, Citizen/C.ITOH, Argox, Godex and Sato.

- High quality, tear resistant Mylar® and Kimdura® material.
- Mylar® is virtually indestructible with superior print durability and can withstand ultrasonic cleaning (type and bar code images will not rub off).
- Computer string tags are designed with a string-like tail and adhesive free loops for easy tagging.
- As a special service, thermal transfer tags are available on 1", 1¹⁄₂" and 3" cores, please specify when ordering.

Arch Crown will re-roll tags to fit most printers at no charge!

Arch Crown can assist you in all your computer tagging requirements.

How to Order Thermal Transfer Computer Tags & Labels

Be sure to follow these easy steps when ordering.

- Choose the tag/label you want to use.
- Make sure that the width of the tag/label will fit on your printer.
- Check core size for the labels required for your printer (inner diameter of the core)
    Citizen/C.ITOH takes 3" cores and most large Zebra printers take 3" cores
    Datamax Allegro, Prodigy, I-CLASS and M-CLASS Series printers take 3" cores
    Datamax Ovation/E-4203, Zebra 2844/T300, Citizen CLP-621, Eltron 2742
    Godex EZ-1300 and Argox OS-214/A-200 printers take 1" cores
    Barcode Blaster Advantage takes 1¹/₂" cores
- When ordering be sure to tell us your printer model and the core size you require.
    Please note: Labels ordered on cores smaller than 3" will be supplied on 2 or 3 rolls
    You will receive the same quantity of labels as supplied on a 3" core.
- Make sure that you order the correct ribbon for your printer/material combination.
    Ribbons are printer and material specific and may not work if not ordered correctly.

ArgoKee KDU – Keyboard Display Unit

Print computer tags and labels without using a computer.

ArgoKee KDU (Keyboard Display Unit) is a small, portable keyboard, with an integrated 2-line display screen. User-friendly KDU connects directly to a thermal transfer printer, and allows the user to print tags and labels. It's ready to go without a computer!

ArgoKee is ideal for printing tags and labels where the user does not own a computer or have access to one, e.g. jewelry exchanges, trade shows, kiosks and warehouses.

ArgoKee KDU Features:

- Same keyboard as a laptop computer, full 85 alpha-numeric keys.
- 2-line, 20 character LCD – enough to show prompt and data entered.
- Can be formatted for any type label, including jewelry, shipping, mailing, etc.
- Can hold between 10 and 20 formats, depending on size and complexity of label design.
- Compatible formats for Datamax, Argox, Godex, Citizen and Eltron printers.

Thermal transfer printer not included, see pages 30 and 31 for printers.

NEW!

ArgoKee KDU $299.00

Includes up to five custom formats, cables and one year manufacturer's warranty.

Produce Professional Looking Computer Tags

We offer the following brands: ▪ Datamax ▪ Zebra/Eltron ▪ Citizen/C.ITOH ▪ Sato ▪ Cognitive Solutions ▪ Argox ▪ Godex

We can supply printers with a variety of capabilities including:

▪ Thermal transfer & thermal direct printers ▪ Print resolution of 203, 300, 400, 600 DPI
▪ Label width capabilities up to 8 inches ▪ Printer speed from 3 to 12 inches per sec.

Call us with your labeling requirements. We have the printer to fit your needs and your budget. See page 31 for industrial printers.

Our Most Popular Model... the Datamax E4203 Printer

Datamax E4203 Printer Thermal Transfer Printer

Now includes as standard interfaces: serial, parallel and USB ports. The E4203 has become **"the printer of choice"** in the retail and small manufacturing environments. The E4203 is one of the lowest priced and most reliable printers in its class. The E4203 can print labels up to 4" wide for shipping compliance labeling. Easy to use multi-button control panel and small size make the E4203 the best choice for most retailers.

Datamax E4203 Printer
Suggested Retail Price $585.

Molded Plastic Tags for That Special Presentation!

The look, the feel... everything about these durable plastic molded relief tags says 'exceptional quality' about the jewelry on which they are attached.

Custom molded tags come in a variety of shapes and styles. Molded tags can be foil printed on both sides or a bar code label and pricing information can be applied to the back side of tag. Available in a textured or smooth finish, *please specify finish.*

Sunken, knotted or our new 'secure-lock' braided cord, *please specify cord style.* 'Secure-lock' cord can be easily attached to most jewelry. Once closed, the tag cannot be re-opened unless the cord is cut (helping to minimize unauthorized returns).

FREE Custom PMS Color Match Now Available... A $150 Value!
Molded Tags - Style MT One time mold charge $210.

Minimum 3000	5000 and up	10,000	over 10,000
