Wedding Bands Catalog

For over 30 years, we have supplied our costumers with a high quality product and the best service. What started as a small earring factory now counts with over 1000 styles and customers all over the United States, the Caribbean and Latin America.

Wedding Bands are the most recent addition to our family of products.

It is with great pride that we introduce our first Wedding Bands Catalog. With over 200 styles to choose from, we are sure that you will find the items that your customers need. Although our fancy bands are made to order, our prompt and reliable service will give you the certainty that your order will arrive on time.

If you need any more information, contact us and our staff will gladly assist you.
