

TECHNICAL SECTION

JULY 1955

Volume 3, Number 7

FOOD PROCESSING

- Natural Food Poisons, Amanita Toxins in Mushrooms
S. S. Block, R. L. Stephens, and W. A. Murrill..... 584
- Meat Analysis, Rapid Determination of Fat in Meat Products
Harold Salwin, I. K. Bloch, and J. H. Mitchell, Jr...... 588
- Rice Milling, Effects of Milling Conditions on Breakage of Rice Grains
H. S. Autrey, W. W. Grigorieff, A. M. Altschul, and J. T. Hogan..... 593

FOOD PROCESSING—NUTRITION

- Rice Processing, Influence of Processing on Nutritive Value of Milled Rice
M. C. Kik..... 600
- Vitamins in Meat, Influence of Chilling Rate and Frozen Storage on B-Complex Vitamin Content of Pork
B. D. Westerman, Bess Oliver, and D. L. Mackintosh..... 603

FERMENTATION

- Continuous Culture of Microorganisms, Continuous Shake-Flask Propagator for Yeast and Bacteria
S. P. Owen and M. J. Johnson..... 606

PLANT NUTRIENTS AND REGULATORS—FERMENTATION

- Plant Nutrition Effects, Effects of Nitrogen and Phosphorus Fertilizer on Yield and Malting Quality of Barley
R. E. Atkins, George Stanford, and Lloyd Dumenil..... 609

PLANT NUTRIENTS AND REGULATORS

- Agricultural Products Analysis, Colorimetric Determination of Biuret
G. C. Ellis and R. L. Formaini..... 615

PLANT NUTRIENTS AND REGULATORS—PESTICIDES

- Pesticide-Fertilizer Combinations, Preparation and Stability of Aldrin-Fertilizer Mixtures
F. B. Folckemer, M. R. Johnson, and E. S. Loeffler..... 619

PESTICIDES

- Antibiotics in Plant Disease, Comparative Studies on Control of Fireblight in Apple and Pear
H. F. Winter and H. C. Young..... 623

Use of Sugar and other Carbohydrates in the Food Industry

17 papers—142 pages devoted to a better understanding of the ways in which our largest single dietary constituent—the carbohydrates—contributes to the physical and chemical nature, as well as the nutritional quality and acceptability, of our foods.

- The Role of Sugar in the Food Industry
Starches in the Food Industry
Liquid Sugar in the Food Industry
Starch Hydrolyzates in the Food Industry
Pectic Substances in the Food Industries
Carbohydrates in Confections
Sugar in Confectionery
Sugar and Other Carbohydrates in Carbonated Beverages
Sugars in the Canning of Fruits and Vegetables
Sugars in the Baking Industry
Sugar and Other Carbohydrates in Meat Processing
Sugar in Frozen Foods
Effects of Carbohydrates and Other Factors on Color Loss in Strawberry Products
Role of Carbohydrates in Infant Feeding
Role of Sweeteners in Food Flavor
Sugars in Human Nutrition
Sugars in Standardized Foods

Paper bound...\$3.00 per copy
