

**TECHNICAL SECTION**

APRIL 1956      Volume 4, Number 4

**PLANT NUTRIENTS**

Fertilizer Technology, Granulation of High-Analysis Fertilizers  
*L. B. Hein, G. C. Hicks, Julius Silverberg, and L. F. Seatz* . . . . . 318

Fertilizer Manufacture, Dicalcium Phosphate Fertilizer by Treatment of Phosphate Rock with Mineral Acids  
*G. L. Bridger, T. I. Horzella, and K. H. Lin* . . . . . 331

**PESTICIDES**

Structure-Toxicity Relationships, Insecticidal Properties of Some Topographical Analog of 1,1-bis(p-chlorophenyl)-ethanol (DMC)  
*F. A. Gunther, R. C. Blinn, and R. L. Metcalf* . . . . . 338

Pesticide Formulation, Hydroquinone and Its Derivatives as Stabilizers for Pyrethrum and Allethrin  
*Alan Bell and G. S. Kide* . . . . . 340

Pesticide Residues, Determination of Cycloheximide (Acti-dione) Residues in Cherries  
*G. C. Prescott, Harold Emerson, and J. H. Ford* . . . . . 343

**FOOD PROCESSING**

Taste Perception, Reliability of the Phenylthiocarbamide-Sodium Benzoate Method of Determining Taste Classifications  
*E. F. Hoover* . . . . . 345

Enzyme Assay, Modified Milk-Clotting Procedure for Determination of Papain Activity  
*Oscar Gawron and Frank Draus* . . . . . 349

Meat Pigments, Factors Affecting the Oxidation of Nitric Oxide Myoglobin  
*K. A. Walsh and Dyson Rose* . . . . . 352

**FERMENTATION**

Wine Constituents, Comparative Analysis of Fusel Oils from Thompson Seedless, Emperor, and Muscat of Alexandria Wines  
*R. M. Ikeda, A. D. Webb, and R. E. Kepner* . . . . . 355

**NUTRITION**

Vitamin Assay, Microbiological and Chick Assay of Vitamin B<sub>12</sub> Activity in Feed Supplements and Other Natural Products  
*W. L. Williams, A. V. Stiffey, and T. H. Jukes* . . . . . 364

GET A FREE SAMPLE OF THIS  
**NEW Granular Carrier**

★ **Amazingly Absorbent**  
 That's why Terra-Lite® prevents chemical caking—remains free flowing even when mixed with high percentage of chemicals.

★ **Over 27,500,000 particles per lb. (28/65 mesh).**

The physical structure of this lightweight mineral is such that chemicals are not easily leached away—are readily available for longer, more effective use.

★ **Over 40 plants to serve you**

Immediate shipment from a plant located nearby.

★ **Dust free.**

*This New Vehicle Turns Liquid Chemicals into Free Flowing Solids*

**Terra-Lite®**
