

Literature Available . . .

Anhydrides. Twenty-page booklet gives suggested uses, physical properties, specifications, test methods, shipping data, and constant boiling mixtures for acetic, propionic, and butyric anhydrides currently offered. UNION CARBIDE & CARBON CORP. **L1**

Antibiotic Feed Supplements. Booklet (24 pages) tells about Baciferm antibiotic supplements for swine and poultry feeds. Also discusses labeling. COMMERCIAL SOLVENTS CORP. **L2**

Chromatography Apparatus. Catalog on apparatus and accessories for chromatography and electrophoresis is 36 pages long. SCIENTIFIC GLASS APPARATUS CO., INC. **L3**

Chromatography Equipment. Sixteen pages on equipment and accessories for quantitative and qualitative analysis of organic and inorganic compounds by partition, adsorption, or ionic migration. RESEARCH EQUIPMENT CORP. **L4**

Company Story. Brochure explains and illustrates origin and formation of the company, uses of its products, and its laboratories, mines, and production facilities. MINERALS & CHEMICAL CORP. OF AMERICA **L5**

Eagle-Picher. Illustrated bulletin, 48-pages, tells about company's history, products, facilities, and divisions. Com-

pany products diatomaceous earth and other products for fertilizer industry. EAGLE-PICHER CO. **L6**

Emulsifier. Data sheet on refined grade of polyglycol oleate used as non-ionic emulsifier for fats, oils, some waxes. Used to disperse fats in milk replacer supplement for calves. WITCO CHEMICAL CO. **L7**

Fans. Bulletin features line of industrial fans for handling corrosive and explosive fumes, high temperatures and humidity, abrasive dusts, and dirt-laden air. ROBBINS & MYERS, INC. **L8**

Feed Analysis. Price list for various analyses company can perform on feeds and drugs: vitamin and amino acid assays, mineral determinations, and antibiotic analyses. CRIPPEN & ERLICH LABORATORIES, INC. **L9**

Glass Pipe. Glass pipe and fittings for lab and pilot plant use described in four-page folder. FISCHER & PORTER CO. **L10**

Industrial Spectrograph. Two-color catalog, eight pages, illustrates and describes the Spec-Lab, an industrial spectrograph. JARRELL-ASH CO. **L11**

Laboratory Instruments. Catalog describes line of laboratory instruments, including angle centrifuges, superspeed and refrigerated centrifuges, ultramicrotones,

high-speed homogenizers, automatic pipettes, high-precision conductivity bridge, electrophoresis and chromatography equipment, and gas and moisture testers. IVAN SORVALL, INC. **L12**

Liquid-Solid Blender. Data sheet gives details about liquid-feed twin shell blender for adding liquid to dry materials. Device consists of hollow cylindrical bar rotating within blender shell. Liquid flows from feeder tube inside bar onto a distributing disk, which feeds liquid continuously by centrifugal force into the finely divided solid. PATTERSON-KELLEY CO. **L13**

Metallic Chemicals. Eight-page brochure describes various molybdenum, uranium, vanadium, and tungsten chemicals offered. MILLMASTER CHEMICAL CORP. **L14**

Organic Apparatus. Line of glass apparatus for small scale laboratory work in fractionation, extraction, drying, and atmospheric, steam, and vacuum distillation of organic chemicals is described in 18-page catalog. Called Bantam-ware, the kit comes equipped with clamps, heating mantles, thermometers, and other accessories. KONTES GLASS CO. **L15**

Plastic Pipe. Twelve-page catalog illustrates and describes company's line of corrosion-resistant polyethylene and polyvinyl chloride pipe, tubing, ducting, valves, and fittings for industrial applications. AMERICAN AGILE CORP. **L16**

Polyethylene Packaging. Market report predicts polyethylene will account for about 225 million pounds of flexible packaging market by 1960. Includes list of polyethylene stock size bags, bibliography, table comparing cost of polyethylene with other transparent plastic films and cellophane. MONSANTO CHEMICAL CO. **L17**

Portable Lifts. Factors to be considered for proper application of portable lifts are detailed in reprinted report. OSTER MFG. CO. **L18**

Recording Titrimeter. Eight pages on Precision-Dow Dual Recordomatic Titrimeter discusses its features such as automatic plotting of titration curve and control of titrant feed rate. PRECISION SCIENTIFIC CO. **L19**

Scientist Shortage. Recent issue of *Apparatus Digest* includes article on career opportunities and the shortage of scientific personnel in industry. A. DAIGER & Co. **L20**

Soil Conditioners in the West. Market research report on soil conditioners estimates potential market for them in California. SAN FRANCISCO CHAMBER OF COMMERCE. **L21**

Soil Fumigant. Illustrated information bulletin on Bromofume soil fumigant describes use in controlling nematodes in growing of truck and field crops. Includes instructions on soil preparation, methods of application, and recommended dosages. AMERICAN POTASH & CHEMICAL. **L22**
