

## Our new journal: *JA Clinical Reports*

© Japanese Society of Anesthesiologists 2015

As announced in this issue's editorial titled "Launch of *JA Clinical Reports: Anesthesia crisis in Japan*" by Dr. Kazuyoshi Hirota, we have decided to establish a new journal, *JA Clinical Reports*. We hope that it will lead to an increase in the number of publications of high-quality clinical research and will encourage junior anesthesiologists. *JA Clinical Reports* is an open access, peer-reviewed online journal and will consider any original case reports in anesthesiology.

On behalf of the Japanese Society of Anesthesiologists, we eagerly look forward to your submissions.
