Note Article by Yasuhiro Igarashi, Satoshi Miyanaga, Hiroyasu Onaka, Michinori Takeshita, Tamotsu Furumai: Revision of the Structure Assigned to the Antibiotic BU-4664L from *Micromonospora*. J Antibiot 58: 350–352 (2005)

After the publication of this article, the authors received notification from the Managing Editor of the Journal of Antibiotics that this same structure (describing the revised structure of BU-4664L) had been previously published. Accordingly, the authors wish to add a sentence and a reference to the article as seen below.

On page 352 following to the last line of the text, add the sentence of;

“The revised structure of BU-4664L appears to be same as diazepinomycin [4] and ECO-04601 [5].”

and add the reference of;

“4. Charan RD, Schlingmann G, Janso J, Bernan V, Feng X, Carter GT. Diazepinomicin, a New Antimicrobial Alkaloid from a Marine *Micromonospora* sp. J Nat Prod 67: 1431–1433 (2004)

5. Bachmann BO, McAlpine JB, Zazopoulos E, Farnet CM, Piraee M. Farnesyl dibenzodiazepinones, processes for their production and their use as pharmaceuticals. WO 2004/065591 (2004)”
