

NOTICE

Southampton Short Courses in Electrochemical Science

The following short courses will be organized in the University of Southampton during 1981:

Water Treatment

28–30 April 1981, cost £120

Electronics of Electrochemical Instrumentation

4–6 May 1981, cost £120

Advanced Instrumental Methods in Electrode Kinetics

6–11 July 1981, cost £180

Organic Electrosynthesis

14–15 September 1981, cost £120

For each of the courses, accommodation at local hotels is available and may be booked through Dr G. A. Gunawardena, Department of Chemistry, The University, Southampton SO9 5NH, from whom further details about the courses may also be obtained.
