

## CONTENTS OF NEXT ISSUE

*PMM Vol. 23, No. 6, 1959*

- M.D. LADYZHENSII: Hypersonic flow around bodies in magnetohydrodynamics
- V.V. LUNEV: Hypersonic flow of a heat conducting gas past a cone
- V.N. ZHIGULEV and Iu.I. ZHILIN: On bodies of minimum wave resistance
- V.A. KOVALEVA: On non-steady motion of a wing of rectangular plan form
- V.N. NIKOLAEVSKII: Convective diffusion in porous media
- A.I. SAFRONCHIK: Rotation of a cylinder with variable angular velocity in a visco-plastic medium
- V.V. RUMIANTSEV: On the stability of rotational motions of a rigid body with a liquid inclusion
- L.M. MARKHASHOV: On characteristic indices of the solutions of a linear differential equation of second order with periodic coefficients
- G.N. PYKHTEEV: On the evaluation of certain singular integrals with a Cauchy-type kernel
- S.A. TUMARKIN: Asymptotic solution of a linear non-homogeneous differential equation of second order with a transition point, and its application to the analysis of toroidal shells and blades
- G.Ia. POPOV: Bending of an infinite plate on elastic half-space with the modulus of elasticity varying with depth
- S.A. SHESTERIKOV: On the criterion of stability in creep
- D.D. IVLEV: On the theory of ideal plastic anisotropy
- L.Ia. KOSACHEVSKII: On the propagation of elastic waves in two-component media
- N.I. KRISTESKU: On the propagation of elasto-plastic waves under combined loading
- I.Sh. RABINOVICH: On a problem of equilibrium of the elastic half-space
- A.I. KALANDIIA: On stresses in an elastic half-plane

V.M. DEEV: On the forms of the general solution of the three-dimensional problem of the theory of elasticity, expressed with the aid of harmonic functions

I.Z. PIROGOV: On the stability of a gyroscopic system

L.S. GNOENSKII: On the accumulation of disturbances in non-stationary linear impulsive systems

I.M. ASTRAKHAN and S.S. GRIGORIAN: On the complete system of equations of a compressible visco-plastic fluid

G.L. GRODZOVSKII: Self-similar motions with hydraulic waves in the case of "shallow water"

A.G. KULIKOVSKII and G.A. LIUBIMOV: Remarks regarding the structure of the perpendicular magnetohydrodynamic shock wave
