

JOURNAL OF APPLIED MATHEMATICS AND MECHANICS **CONTENTS OF NEXT ISSUE** Volume 59, No. 3, 1995

- V. N. TKHAI: Symmetric periodic orbits in the N -body problem. Resonances and parade of planets
- Yu. I. NEIMARK and N. A. FUFAYEV: Painlevé's paradoxes and dynamics of brake shoes.
- I. Sh. AKHATOV, V. A. BAIKOV and K. R. KHUSNUTDINOVA: Non-linear dynamics of connected particle chains
- A. DAVYSKIB and V. A. SAMSONOV: On the possibility of the gyroscopic stabilization for rotation of a system of rigid bodies
- A. I. KALININ and F. M. KIRILLOVA: Asymptotic optimization of linear dynamical systems with controls of different power
- A. M. KOVALEV: Controllability criterion and sufficient stabilizability conditions of dynamical systems
- L. D. AKULENKO, I. M. ANAN'YEVSKI, N. N. BOLOTNIK and S. B. KORNEYEV: On a modification of the parallel convergence method
- A. N. KRAIKO and D. E. PUDOVNIKOV: Construction of a two-dimensional fore-body of minimum wave drag in supersonic gas flow
- V. U. NABIYEV, S. V. UTUZHNIKOV and N. K. YAMALEYEV: The motion of a solid through a large-scale inhomogeneity in the stratified atmosphere
- V. A. VLADIMIROV and Yu. G. GUBAREV: The conditions of non-linear stability of magneto-hydrodynamic flows
- I. V. ANDRONOV: Application of zero-range potentials to the problems of diffraction at small inhomogeneities in elastic plates
- D. V. BALANDIN: On optimal damping of oscillations of flexible objects
- E. I. GRIGOLYUK, Ye. A. KOGAN and V. I. MAMAI: A model for deformation of non-uniformly heated sandwich beams with delaminations
- A. A. YEVTUSHENKO and Ye. V. KOVALENKO: An interaction of frictional heat production and wear at the time-dependent sliding contact
- A. N. GALYBIN: Crack propagation from the boundary of a narrow cavity in a body under biaxial compression
- V. V. SIL'VESTROV: On the stress state near a point of accumulation of microdamage
- V. G. VIL'KE: On the rolling of a rigid wheel along a deformable rail
- N. K. AKHMEDOV and M. F. MEKHTIYEV: Axisymmetric problem of the theory of elasticity for a non-homogeneous plate of variable thickness
- N. A. IVAN'SHIN and Ye. A. SHIROKOVA: The solution of problems of the theory of elasticity for a plane with a double symmetric two-cusp cut
