

## JOURNAL OF APPLIED MATHEMATICS AND MECHANICS

### CONTENTS OF NEXT ISSUE

#### Volume 63, No. 1, 1999

- A. S. ANDREYEV and S. V. PAVLIKOV: On partial stability of non-autonomous functional differential equations
- L. D. AKULENKO and S. V. NESTEROV and A. M. SCHMATKOV: Vibrations of a rotating heavy inhomogeneous thread and its stability
- A. V. STEPANOV: Damping of free oscillations of elastic systems by means of gyroscopes
- C. VALEE, A. HAMDOUNI, F. ISNARD and D. FORTUNE: Rigid body equations of motion without parametrization of rotations
- I. I. LIPATOV: Problems with discontinuous boundary conditions describing the laminar flows at high Reynolds numbers
- D. B. ROKHLIN: Asymptotics of spectra of Kelvin's trapped tidal waves for large values of Lamb's parameter
- I. B. BAKHOLDIN: Structures of evolutionary discontinuities in reversible systems
- A. N. KRAIKO and K. S. REYENT: Inviscid nature of asymmetric separated flow past symmetric bodies in a uniform flow
- G. Ya. POPOV: A new spectral relation for Chebyshev-Laguerre polynomials and its application to the dynamical problem of fracture mechanics
- R. V. GOL'DSHTEIN and A. V. MARCHENKO: On the selection of rheology equations for the ice cover
- I. I. VOROVICH and L. P. LEBEDEV: On the problem of equilibrium of a plate with reinforcing ribs
- V. V. ELISEYEV and S. G. ORLOV: Asymptotic decomposition in three-dimensional linear elasticity problems for elongated bodies with inner structure
- D. D. ZAKHAROV: Averaged dynamic equations for thin laminates with arbitrary structure and different anisotropy directions in elastic layers
- I. A. SOLDATENKOV: Indentation with adhesion of an elastic half-plane by a punch in the presence of a tangential load
- Ye. V. KOVALENKO: On the contact of a solid with elastic half-space through a thin coating
- I. G. GORYACHEVA and Yu. Yu. MAKHOVSKAYA: Contact of elastic bodies in the presence of capillary adhesion
- V. B. GLAGOVSKY and B. M. NULLER: Contact problem of the theory of consolidation for a strip
- S. V. SIZOV: Moving of a screw dislocation in a wedge
- V. M. ALEKSANDROV and D. A. POZHARSKII: On the problem of a wedge-shaped punch on an elastic wedge face
- Third International Symposium on Classical and Celestial Mechanics
