Congress on Plastics, Vienna 1963, on a Broad Basis

The economic, scientific, and technical organizations of the plastics industries of the Federal Republic of Germany, of Switzerland, and of Austria will hold their first joint Congress on Plastics in Vienna from April 17-19, 1963. The "Wirtschaftsförderungsinstitut" of the Austrian Federal Economic Chamber, Vienna, will be entrusted with the planning, organization, and carrying out of this Congress.

The program of the Congress will feature for the morning sessions papers dealing with fundamental subjects of interest to a wide range of experts. In the afternoon sessions three working parties meeting simultaneously will hear reports and discussions on special subjects of current interest. The organizations of the Federal Republic of Germany will hold their "10. Deutsche Kunststofftagung" (10th German Plastics Meeting) during this Congress next year.
