J. Appl. Polymer Sci., **13**, No. 7, 1545 (1969)

I wish to apologize for overlooking the earlier work on the preparation and polymerization of 10,11-epoxyundecyl acrylate and methacrylate by E. M. Beavers and J. L. O'Brien, reported in U.S. Patent 3,001,975, September 26, 1969. I missed that reference.
