

## Erratum

### **The Influence of Thermal History on Internal Stress Distributions in Sheets of PMMA and Polycarbonate**

J. R. SAFFELL and A. H. WINDLE, *Department of Metallurgy and Materials Science, University of Cambridge, Cambridge, United Kingdom*

[article in *J. Appl. Polym. Sci.*, **25**, 1117–1129 (1980)]

The apparent stress scales added to the birefringence/distance plots in Figures 6 and 9 are in error and should be ignored; the stress/distance plots themselves are correct. The stress/birefringence coefficients have been properly applied, but they are quoted as reciprocals and the units should be  $\text{m}^2\text{N}^{-1}$ . Further, a factor of 100 has been omitted in the measured values of surface conductance. The authors wish to apologize for any confusion resulting from these aberrations.
