

The background of the cover is a scanning electron micrograph (SEM) showing a highly porous, interconnected network of polymer fibers. The structure is illuminated from the side, creating strong highlights and deep shadows that emphasize its three-dimensional, sponge-like morphology. The overall color palette is a range of yellows and oranges against a dark background.

Volume 132 | Issues 41-42 | 2015  
Included In This Print Edition:  
Issue 41 (November 5, 2015)  
Issue 42 (November 10, 2015)
