

## Erratum

Volume **17**, Number 4 (1976), in the article "Asymptotics and Representation of Cubic Splines" by Murray Rosenblatt, pp. 332–343:

The first term on the right of formula (11) should have  $h$  replaced by  $h^2$ .

In formulas (17), (18), and (19), the terms  $h^3$ ,  $h^5$ , and  $h^7$  should be replaced by  $h^4$ ,  $h^6$ , and  $h^8$ , respectively. In formula (19),  $1/10$  should be replaced by  $1/30$ .

The third formula on page 338 should read

$$\int_0^1 \left[ B_4(x) + \frac{1}{30} \right]^2 dx = \frac{1}{30} \left\{ \frac{(4!)^2}{8!} + \frac{1}{30} \right\}.$$

In formula (25),  $A^{(k)}(x)$  should be replaced by  $A_j^{(k)}(x)$ . In the formulas of (26),

$$\sigma \frac{(x - x_j)^3}{6h} \quad \text{and} \quad \sigma^{-1} \frac{(x - x_j)^3}{6h}$$

should have a minus sign before them.
