

**“When I’ve got something to write,
Scopus is the ^{first} place I go to get
relevant information fast.”**

- Identify citations...
- Know who to cite...
- Confirm the idea is original...

- all necessities when authoring a cutting-edge paper. With Scopus, I can pinpoint what I’m looking for without having to waste time on the search. It’s all there.

If you could put your finger on what you need, fast, you would, wouldn’t you?

I did!
