## Journal of Catalysis

journal homepage: [www.elsevier.com/locate/jcat](http://www.elsevier.com/locate/jcat)

### Publisher's note

The Publisher would like to announce the appointment of Professor Fabio H. Ribeiro to the *Journal of Catalysis* Editorial team.

Fabio is currently Professor of Chemical Engineering at Purdue University. He received a B.S. degree in Chemical Engineering (1982) and an M.S. degree in Chemistry (1984) from Instituto Militar de Engenharia, Rio de Janeiro, Brazil. He continued his education in the US, where he obtained an M.S. in Chemical Engineering (1986) and a Ph.D. in Chemical Engineering with a minor in Chemistry (1989) from Stanford University under the guidance of Professor M. Boudart. From 1992 to 1996, Fabio held a Post-doctoral Fellowship at Lawrence Berkeley Laboratory, Materials Sciences Division, Surface Science and Catalysis, and

Department of Chemistry, U.C. Berkeley under the guidance of Professor G.A. Somorjai.

Fabio's research focuses on the kinetics of heterogeneous catalytic reactions. His research methods include model catalysts, surface science, modeling, and studying catalysts under dynamic reaction conditions.

Fabio has co-authored more than 70 peer-reviewed papers and has presented over 90 invited lectures and organized 12 meetings at conferences, universities, research institutes, and corporations.

We welcome Fabio to the *Journal of Catalysis* team of Editors and wish him much success in his new role with the Journal.
