

## Prospects on Strategies for Therapeutically Targeting Oncogenic Regulatory Factors by Small-Molecule Agents

611

*Chih-Chien Chou, Santosh B. Salunke, Samuel K. Kulp, and Ching-Shih Chen*

ACCEPTED MANUSCRIPT ONLINE 25 OCTOBER 2013

“Prospects on Strategies for Therapeutically Targeting Oncogenic Regulatory Factors by Small-Molecule Agents” by Chou et al. provides a well-documented, readily accessible overview of strategies for exploiting clinically relevant mechanisms and pathways in cancer as therapeutic targets.
