

Correction

Use of Mixing Rules in Predicting Refractive Indices and Specific Refractivities for Some Binary Liquid Mixtures. Aleksandar Ž. Tasić, Bojan D. Djordjević, Dušan K. Grozdanić, and Nenad Radojković, *J. Chem. Eng. Data* 1992, 37, 310–313.

In the second term of eq 9 the molecular masses M_1 and M_2 were, by mistake, omitted. This equation should be corrected as follows:

$$V^E = \frac{x_1 M_1 + x_2 M_2}{\rho_{12}} - \left(\frac{x_1 M_1}{\rho_1} - \frac{x_2 M_2}{\rho_2} \right) \quad (9)$$

In our calculations we used this correct form, so that the numerical V^E values, appearing in Table II, are correctly presented.
