Page 63: as data similar to those shown in the panels C and D of Figure 1 were previously published, it would be necessary to add the reference (number 27 in the reference list of the paper) to the figure caption.

Page 68: Figure 5 was previously published and therefore the corresponding reference (E.L. Saenko, D. Scandella, A. Yakhyaev, N. Greco, J. Biol. Chem. 273 (1998) 27918–27926) should have been added to the reference list of the paper and to the figure caption.
