Erratum

Erratum to: “Trace-level determination of polar flavour compounds in butter by solid-phase extraction and gas chromatography–mass spectrometry” [J. Chromatogr. A, 844 (1999) 295–305] [☆]

Mohamed Adahchour^{a,*}, René J.J. Vreuls^a, Arnold van der Heijden^b,
Udo A.Th. Brinkman^a

^a*Vrije Universiteit, Department of Analytical Chemistry and Applied Spectroscopy, De Boelelaan 1083, 1081 HV Amsterdam, The Netherlands*

^b*Unilever Research Laboratory Vlaardingen, Olivier van Noortlaan 120, Vlaardingen, The Netherlands*

Received 29 October 1999

Keywords: Food analysis; Butter; Aroma compounds

Page 299, Table 4 should read as follows:

Table 4
Calibration data for polar flavours (0.1–4 µg/g) after treatment of 25 g of butter at 40°C

Flavour	Calibration equation ^a	R ²
Diacetyl	NA*	NA
Furaneol	$y=(13.5\pm 0.2)x+(-2.9\pm 0.3)$	0.995
Sotolon	$y=(23.1\pm 0.1)x+(+2.8\pm 0.2)$	0.997
Maltol	$y=(34.9\pm 0.1)x+(-1.9\pm 0.2)$	0.999
Vanillin	$y=(28.8\pm 0.2)x+(+5.4\pm 0.1)$	0.998

*NA: not applicable to quantification.

^a Data obtained by ANOVA in Excel 7.0.
