

Publisher's Note

We are pleased to announce that the Bibliography Section of the *Journal of Chromatography A* is now available online. The online edition of the Bibliography Section covers the years 1990 to 2002 and deals with all categories of chromatographic and electromigration types of separations. The basic categories of classification are techniques and applications. For each of the >120,000 articles the author names, full title, year of publication and page number are given. Each journal article is linked to the abstract and full text of the article in question. The complete bibliography can be fully searched on e.g. authors, title, journal, year of publication, technique and subject. The online Bibliography Section is freely available via the Journal homepage at www.elsevier.com/locate/chroma and via the Journal page on ScienceDirect at www.sciencedirect.com.
