

CIM®

»**Viruses**
are
purified
extremely fast
and maintain
Infectivity and
Immunogenicity.«

*Professor Alois Jungbauer,
University of Natural Resources,
Austria*

Plasmid DNA
purification is one order
of magnitude more efficient
than using traditional resins.

*Dr. Roman Necina, Head of Biopharmaceutical
Production, Boehringer Ingelheim**

»The specific activity of **Factor IX** was
increased by one order of magnitude.«

Professor Djuro Josić, Brown University, RI, USA

**Genet Eng News, 2003, 19 (23), 50-51.*
