

Request for Manuscripts

Dr. Andrew Alpert will edit a special thematic issue of the *Journal of Chromatography* entitled “**Hydrophilic Interaction Chromatography**”. Both review and research articles will be included.

Potential authors of reviews should contact Editor Roger Giese (r.giese@neu.edu) prior to any submission.

Manuscripts submitted for this issue should be submitted electronically before June 1, 2010, via the journal's website: <http://ees.elsevier.com/chroma>.

To submit:

- Go to: <http://ees.elsevier.com/chroma>
- Click on the "Submit Paper" option from the top menu
- Enter your username and password (first time users will have to register)
- After entering the title of your manuscript, please select **HILIC** as the 'Article Type'
- Follow the remaining step-by-step instructions to submitting your paper

Manuscripts submitted after this date can still be published in the *Journal*, but then there is no guarantee that an accepted article will appear in this special, thematic issue. All manuscripts will be reviewed according to the usual stringent procedure of the *Journal of Chromatography*.
