

Notes and News

Announcements and other items of crystallographic interest will be published under this heading at the discretion of the Editorial Board. The notes (in duplicate) should be sent to the General Secretary of the International Union of Crystallography (G. Boom, Laboratorium voor Fysische Metaalkunde der Rijksuniversiteit, Universiteitscomplex Paddepoel, Groningen, The Netherlands). Publication of an item in a particular issue cannot be guaranteed unless the draft is received 8 weeks before the date of publication.

Structure Reports

The Executive Committee has pleasure in announcing that Volume 22 of *Structure Reports*, covering the literature for 1958, was published in August. Volume 23 (1959) had been published earlier. Volumes 24 (1960), 26 (1961), 27 (1962) and Volume 25 (the cumulative index for 1951–60) are now with the press and will be ready in 1968–69.

Volumes 22, 24 and 26 each consist of 800–900 pages. Their prices are (Netherlands Guilders) f140 (or at present rates of exchange \$39 or £16.8s.). The price of Volume 25 (Index) will be f90 (\$25.00 or £10.10s.).

Price reductions

A 15% discount will be given to all subscribers who place a standing order from Volume 22 onwards and who undertake to purchase at least 5 new volumes as they appear. This discount is being given to subscribers already on the standing order list, and it is also available for orders of five or more existing volumes.

Ten-year sets

Volumes 15–24 span the important 10-year period 1951–60 and may be referenced from the cumulative index Volume 25. The list price of these eleven volumes is f1265. *The complete set may be obtained at the specially reduced price of f1000 (\$280 or £117).* Volumes 15–23 will be delivered immediately, and Volumes 24 and 25 as soon as printed.

Volumes 8–13 span the years 1940–50 and are referenced by the Index Volume 14. The list price for these seven volumes is f510. *This set may be obtained at the special price of f400 (\$112 or £47).*

These extra concessions on the ten-year sets are available only for orders placed before 1st April 1969. Subscribers will also be granted the 15% discount for standing orders from Volume 26 onwards.

Reduced personal prices

Private subscribers may now purchase any volume of *Structure Reports* at 50% of the list prices. Thus Volumes 22, 24 and 26 are available to private subscribers at f70 (\$19.50 or £8.4s.) each, and Volume 25 (Index) will cost f45 (\$12.50 or £5.5s.). Such subscribers should ordinarily be members of recognized scientific societies and must give an undertaking accompanying their order that the volumes are for their personal use and will not be made available

to libraries, institutions, etc. No further reduction can be given for standing orders, but as a particular concession private subscribers may purchase the 1951–60 set, Volumes 15–25, at the special price of f560 (\$156 or £65.12s.), and the 1940–50 set, Volumes 8–14, at f240 (\$67 or £28).

Orders

Structure Reports is published for the International Union of Crystallography by A. Oosthoek's Uitgevers Maatschappij N.V., Domstraat 11–13, Utrecht, The Netherlands. Orders can be placed with Oosthoek's or with any bookseller. All prices are post free from Oosthoek's.

Payments to Oosthoek's in U.S. dollars or pounds sterling may be made by cheque, which will be paid in to Oosthoek's account at the Chase Manhattan Bank, New York 15, N.Y., or the British Linen Bank, London, E.C.2., respectively. No problems of U.S. or U.K. currency control arise with such transactions.

Orders from the North American area can also be placed with Polycrystal Book Service, P.O. Box 11567, Pittsburgh, Pa. 15238, U.S.A.

An informative prospectus for *Structure Reports*, showing specimen pages and giving price details for all volumes, can be obtained free of charge from Oosthoek's.

Eighth General Assembly and International Congress of Crystallography, Buffalo, N.Y.; Stony Brook, N.Y.; Washington, D.C.; U.S.A. August 7–27, 1969*

The attention of those persons interested in attending the Congress is directed to the announcement of the Congress in 'Notes and News', *Acta Cryst.* (1968), A24, 251 and B24, 159, and to a preliminary announcement already mailed to all known crystallographers. Those interested persons who have not responded to the preliminary announcement are requested to write immediately to

Mrs Emily Wolf
American Institute of Physics
335 East 45 Street
New York, N.Y. 10017, U.S.A.

in order to be placed on the mailing list for the Congress information booklet to be distributed this Fall.

* On page 1274 (Vol. B24, Part 9) the year was incorrectly given as 1967.
