SHORT COMMUNICATION

Contributions intended for publication under this heading should be expressly so marked; they should not exceed about 1000 words; they should be forwarded in the usual way to the appropriate Co-editor; they will be published as speedily as possible.

Acta Cryst. (1990). **B46**, 288

Structural studies on the biosides of *Digitalis lanata*: bisdigitoxosides of digitoxigenin, gitoxigenin and digoxigenin. Erratum. By KUANTEE GO, *Biophysics Department, Roswell Park Memorial Institute, 666 Elm Street, Buffalo, New York 14263, USA* and KRISHNA K. BHANDARY, *Oral Biology Department, State University of New York at Buffalo, New York 14214, USA*

(Received 25 January 1990)

Abstract

A printer's error in the article by Go & Bhandary [*Acta Cryst.* (1989), **B45**, 306–312] is corrected. The space group

of compound (III), given in the fourth line of page 307, should read $P2_12_12_1$ and not $P2_12_12_1$.

All relevant information is given in the *Abstract*.
