ADDITIONAL AGENDA OF THE SYMPOSIUM

Side by side with the rich scientific programme of the 6th International Symposium on Bioaffinity Chromatography, many informal discussions and personal meetings of the participants occurred in the corridors and outside the lecture halls, as well as during the numerous social occasions.

The general feeling of the participants was that it was a very successful meeting. Prague is of course a remarkably beautiful city, and the Congress Hall where the Symposium was held is quite new and impressive, if a little labyrinthine and impersonal. It was disarmingly easy either to get lost or to lose oneself. The building at least provided ample shelter during the mercifully infrequent, but extremely violent, thunderstorms. Any participants caught outside became really quite damp.

To recall the atmosphere of this meeting a few pictures are presented here in which some of our readers may find themselves.

Fig. 1. Opening of the Symposium by the director of the Institute of Organic Chemistry and Biochemistry, Czechoslovak Academy of Sciences, Dr. K. Šebesta.

Fig. 2. The lecture hall was crowded during all the lectures, even when the sun was shining outside.

Fig. 3. The first row occupied by some of the organizers of the previous meetings (from the right Dr. T.C.J. Gribnau and Dr. J. Visser).

Fig. 4. Symposium participants involved in various capacities in the editing of the *Biomedical Applications* section of the *Journal of Chromatography* (from the left Dr. M.T.W. Hearn, Dr. M. Atkins, Dr. Z. Deyl, Dr. K. Macek and Dr. A.M. Krstulović). Mr. K. Bij was unfortunately detained in Frankfurt and missed the reception.

Fig. 5. Meeting of the chairpersons of the 5th, 6th and 3rd Affinity Chromatography meetings during the Welcome Party at the Palace of Culture (from the left Dr. I.M. Chaiken, Dr. J. Turková and Dr. J.M. Egly).

Fig. 6. Professor V.M. Stepanov (left) and Professor J. Porath (right) having a coffee and toast.

Fig. 7. Dr. K. Macek and Dr. J. Turková welcoming the guests present at the meeting during the Farewell Party at the Wallenstein Palace.

Fig. 8. The Pierce Award in Affinity Chromatography being presented to the first recipient — Professor K. Mosbach (on the very left) — by the president of Pierce Chemical Company, Mr. R.K. Anderson (next to him). Organizers are enthusiastically applauding.
