Eighth Symposium on Turbulent Shear Flows

Technical University of Munich, Munich, West Germany (FRG), September 9–11, 1991

The general areas to be covered at this symposium include Fundamentals, Turbulence Models, Experimental Techniques, Computation Techniques, Heat and Mass Transfer, Combustion, and Applications. Paper selection will be based on a review of extended abstracts of approximately 1000 words which should be double-spaced and state clearly the purpose, results, and conclusions of the work with supporting figures as appropriate. Deadlines: Final date for receipt of abstracts, November 15, 1990; authors informed concerning acceptance, March 15, 1991; final date for receipt of camera-ready manuscript, May 31, 1991. Five copies of the abstract should be submitted to:
