

ANNOUNCEMENT

**Second International Conference on Stochastic
Structural Dynamics**

Center for Applied Stochastics Research at Florida Atlantic University is organizing the Second International Conference on Stochastic Structural Dynamics to be held from May 9 through May 11, 1990 in Boca Raton, Florida. This conference is a forum for discussing recent development since the first such conference in 1988 at the University of Illinois at Urbana-Champaign. Papers related to theoretical techniques as well as applications to aerospace, civil, marine, mechanical and other engineering problems are solicited. Send abstract of no more than two pages prior to February 1, 1990 to Dr. Y.K. Lin or Dr. I. Elishakoff, co-chairman of the conference at the following address:

Center for Applied Stochastics Research
Florida Atlantic University
Boca Raton, FL 33431-0991

Telephone: (407) 367-3449

FAX: (407) 367-3885

E-Mail: LINYK@SERVAX.BITNET

Acceptance will be announced by March 1, 1990. Authors are expected to submit camera-ready full-length papers at the time of the conference, and arrangements will be made for publication in a book form. A small registration fee will be charged to partially defray meeting expenses.
