

*Journal of Engineering Mathematics* **28**: 343, 1994.

## **Erratum**

*Journal of Engineering Mathematics* **28** (1), February 1994.

The title of the special issue which appeared as issue no. 1 of volume 28 of the *Journal of Engineering Mathematics* should be:

*Special Issue on*  
**Transitional/Turbulent Spots**  
*Guest Editor: F.T. Smith*

and not as indicated in that issue, viz: Transitional/Turbulent Flows.

At the very end of this issue, there appears a corrected Table of Contents which can be used as a replacement. The publisher apologizes for this error.
