

## CORRIGENDUM

Motion of a rigid particle in Stokes flow: a new second-kind boundary-integral equation formulation

By NADAV LIRON AND EFRATH BARTA

*Journal of Fluid Mechanics*, vol. 238 (1992), pp. 579–598

Equation (5.11) on page 595 is erroneous. The error arises from copying an earlier unchecked version. The correct equation is obtained by changing the signs of all integrals in the original (5.11), and redefining  $\mathbf{r}$  and  $\mathbf{R}$  as

$$\mathbf{r} = \mathbf{y} - \mathbf{x} = (y_1 - x_1, y_2 - x_2, y_3 - x_3),$$

$$\mathbf{R} = (y_1 - x_1, y_2 - x_2, y_3 + x_3).$$

The results presented in table 1 are correct.

The authors are grateful to Dr S. Savithri and Dr T. R. Ramamohan of the Modelling Studies Unit, Regional Research Laboratory, Thiruvananthapuram, India, for pointing out this error.
