

## Schedule of International Conferences on Fluid Mechanics

| Date                        | Sponsor               | Title  | Location          | Abstract<br>deadline | Information<br>from  |
|-----------------------------|-----------------------|--|-------------------|----------------------|--|
| 12–14 Apr.<br>2000          | EUROMECH              | 3C Stereo and Holographic PIV. Application to Turbulence Measurements            | Rouen, France     |                      | M. Trinite, Coria – UMR 6614, Université et INSA de Rouen, 76821 Mont Saint Aignan Cedex, France<br>trinite@coria.fr   |
| 8–12 May<br>2000            |                       | 32nd Intl Liège Colloq. on Ocean Hydrodynamics                                   | Liège, Belgium    | 30 Sep. 1999         | M. Frankignouelle, Modelenvironment, GHER, University of Liège, B5 Sart Tilman, B-4000, Liège, Belgium<br><a href="http://modb.occ.ucl.ac.be/Colloquium">http://modb.occ.ucl.ac.be/Colloquium</a>  |
| 4–6 June<br>2000            | DFG                   | Electromagnetic Control of Free Surface Flows in Materials Processing (EFMP2000) | Ilmenau, Germany  | 1 Mar. 2000          | Andri Thess/Christian Karcher, Dept. of Mechanical Engineering, Ilmenau University of Technology, PO Box 100565, D-98684 Ilmenau, Germany<br>efmp2000@tfd.mw.tu-dresden.de<br><a href="http://www.tu-dresden.de/mwilr/ik/efmp.html">www.tu-dresden.de/mwilr/ik/efmp.html</a> |
| 11–15 June<br>2000          | ASME Fluids Eng. Div. | 2000 Fluids Eng. Div. Summer Meeting   | Boston, MA, USA   |                      | D. E. Stock, Washington State Univ., Dept. of Mechanical & Materials Eng., Pullman, WA 99164-2920, USA<br>stock@mme.wsu.edu  |
| 13–16 June<br>2000          | IUTAM                 | Bluff Body Wakes and Vortex-Induced Vibrations                                   | Marseille, France | 1 Feb. 2000          | T. Leweke, IRPHE, CNRS/Universités Aix-Marseille, 12 avenue Général Leclerc, F-13003 Marseille, France<br>iutam-bbviv2@marius.univ-mrs.fr<br><a href="http://ugolin.univ-mrs.fr/~bbviv2/">http://ugolin.univ-mrs.fr/~bbviv2/</a>   |
| 27–30 June<br>2000          | EUROMECH              | 8th European Turbulence Conference   | Barcelona, Spain  |                      | C. Dopazo, Centro Politecnico Superior, Univ. de Zaragoza and LITEC-CSIC, M. Luna 3, 50015 Zaragoza, Spain<br>cesar@ideafix.cps.unizar.es<br><a href="http://etc8.litec.csic.es">http://etc8.litec.csic.es</a>   |
| 2–7 July<br>2000            | IUTAM                 | Advances in Mathematical Modelling of Atmosphere and Ocean Dynamics              | Limerick, Ireland |                      | P. F. Hodnett, Dept. of Mathematics & Statistics, University of Limerick, Limerick, Ireland<br>IUTAMLIM@UL.IE<br><a href="http://www.ul.ie/~iutamlim/">www.ul.ie/~iutamlim/</a>  |
| 10–13 July<br>2000          | IAHR                  | Fifth Intl Symp. on Stratified Flows   | Vancouver, Canada | 30 Nov. 1999         | G. Lawrence, Dept. of Civil Engineering, UBC, 2324 Main Mall, Vancouver, B.C., Canada V6T 2E9<br>lawrence@civil.ubc.ca<br><a href="http://www.civil.ubc.ca/ISSF2000.html">www.civil.ubc.ca/ISSF2000.html</a>   |
| 16–20 July<br>2000          | IUTAM                 | Diffraction and Scattering in Fluid Mechanics and Elasticity                     | Manchester, UK    | 28 Feb. 2000         | I. D. Abrahams, Dept. of Mathematics, University of Manchester, Oxford Rd., Manchester M13 9PL, UK<br><a href="http://www.ma.man.ac.uk/iutam">www.ma.man.ac.uk/iutam</a>   |
| 24–26 July<br>2000          | EUROMECH              | Shear-flow Control   | Berlin, Germany   |                      | H. H. Fernholz, Hermann-Föttinger-Inst., Technische Univ. Berlin, Str. des 17 Juni, D-10623 Berlin, Germany<br>fernholz@pi.tu-berlin.de  |
| 27 Aug.–<br>2 Sept.<br>2000 | IUTAM                 | 20th ICTAM   | Chicago, IL USA   |                      | J. W. Phillips, Dept. of Theoretical and Applied Mechanics, University of Illinois at Urbana-Champaign, 104 South Wright St, IL 61801-2983, USA<br><a href="http://www.tam.uiuc.edu/ICTAM2000">www.tam.uiuc.edu/ICTAM2000</a>  |

| Date                      | Sponsor  | Title   | Location                  | Abstract<br>deadline | Information<br>from  |
|---------------------------|----------|---|---------------------------|----------------------|--|
| 17–20 Sept.<br>2000       | EUROMECH | Interaction of<br>Strong Turbulence<br>with Free Surfaces                             | Genova,<br>Italy          |                      | M. Brocchini, Dept. of Environmental<br>Eng., Univ. of Genova, Via Montallegro<br>1, 16145 Genova, Italy<br>brocchin@diam.unige.it                                 |
| 18–21 Sept.<br>2000       | EUROMECH | Symbolic and<br>Geometric Methods<br>in Multibody<br>Kinematics and<br>Dynamics       | Graz,<br>Austria          |                      | A. Kecskeméthy, Tech. Univ. of Graz,<br>Inst. for Mechanics, Kopernikusgasse 24,<br>A-8000 Graz, Austria<br>eckskemethy@mech.tu-graz.ac.at                         |
| 5–6 Oct.<br>2000          | EUROMECH | LES of Complex<br>Transitional and<br>Turbulent Flows                                 | Munich,<br>Germany        |                      | R. Friedrich, Lehrstuhl für<br>Fluidmechanik, TU München,<br>Boltzmannstr. 15, D-85748 Garching,<br>Germany<br>r.friedrich@lrz.tu-muenchen.de                      |
| 5–10 Nov.<br>2000         | ASME     | 2000 Intl Mech.<br>Eng. Congress and<br>Exposition                                    | Orlando,<br>FL, USA       |                      | T. O'Hern, Sandia National Labs.,<br>MS 0834 (Eng. Sciences), PO Box 5800,<br>Albuquerque, NM 87185, USA<br>tjohern@sandia.gov                                     |
| 19–23 Nov.<br>2000        | EUROMECH | 4th Fluid Mechanics<br>Conference   | Eindhoven,<br>Netherlands |                      | G. J. F. van Heijst, Eindhoven<br>University of Technology, Eindhoven,<br>The Netherlands<br>info@efmc2000.tue.nl<br>www.efmc2000.tue.nl                           |
| 27 May–<br>1 June<br>2001 |          | 4th Intl Conf. on<br>Multiphase Flow<br>ICMF-2001                                     | New Orleans,<br>LA, USA   | 1 July<br>2000       | E. E. Michaelides, School of<br>Engineering, Tulane University, New<br>Orleans, LA 70118, USA<br>icmf@mailhost.tcs.tulane.edu<br>http://mail.eng.lsu.edu/icmf2001/ |
| 24–28 Sept.<br>2001       |          | 5th World Conf.<br>on Expl Heat<br>Transfer, Fluid<br>Mechanics and<br>Thermodynamics | Thessalonika,<br>Greece   | 23 June<br>2000      | G. P. Celata, ENEA Casaccia, Via<br>Anguillarese 301, I-00060 S.M.Galeria,<br>Rome, Italy<br>celata@casaccia.enea.it<br>www.ing.uniipi.it/exhft5                   |
