

Who's Who in Fluorescence

The *Who's Who in Fluorescence* directory is to publish the names, contact details, specialty keywords, and a brief description of scientists employing fluorescence methodology and instrumentation in their working lives. In addition the directory will provide company contact details with a brief list of fluorescence-related products.

The directory is to be edited by Chris D. Geddes and Joseph R. Lakowicz, editor and founding editor of the *Journal of Fluorescence*. Publication of the volume is expected around December 2002 and *yearly thereafter*.

Entry in Fluorescence's first Who's Who directory is *free* of charge for fluorescence workers providing that:

- They provide full details as required on the template; incomplete forms will be returned.
- Template fonts, margins, and colors (text and photograph) are adhered to.

- Templates are submitted to the *Journal of Fluorescence* editorial office, no later than mid-September annually.

Fluorescence-based companies also have the opportunity to publish a one-journal page company profile and/or products for a small fee of \$500.00, checks made payable to "The Center for Fluorescence Spectroscopy—University of Maryland, Baltimore." All the conditions above apply.

Completed templates are to be e-mailed to: JoF@cfs.umbi.umd.edu no later than mid-September annually. Both individual and company templates can be found at: <http://cfs.umbi.umd.edu/jf/>. Some sample submissions are also posted on this website.

Chris D. Geddes
