

ERRATUM

In a recent a paper by Drs. Ehrenberg and Loew ("Absolute Spectroscopic Determination of Cross-Membrane Potential," *Journal of Fluorescence*, Vol. 3, No.

4, pp. 265–269, 1993), Eq. (1) was printed incorrectly. The correct form of Eq. (1) is

$$\Delta\psi = \frac{RT}{F} \cdot \ln \frac{\sum P_i^+ \cdot C_{i,out}^+ + \sum P_i^- \cdot C_{i,in}^-}{\sum P_i^+ \cdot C_{i,in}^+ + \sum P_i^- \cdot C_{i,out}^-} \quad (1)$$
