### **Journal of Fluorine Chemistry Volume 19**

The contents list and indices published in issue Vol. 19, No. 3–6 contain an error in the page numbering whereby articles from page 553 onwards are listed with a page number exactly 10 lower than reality. In order to correct this error for your records we herewith provide, on a loose insert, a corrected version of the indices for substitution into issue 19/3–6.

We apologize for this mistake.
