

Letter to the Editor

Sir:

I have read with interest the paper by J. C. Standefer, "Death Associated with Fluorocarbon Inhalation: Report of a Case," *Journal of Forensic Sciences*, Vol. 20, No. 3, July 1975, pp. 548-551. However, the authorities I consult give CFCl_3 as Freon 11 and CF_2Cl_2 as Freon 12. Dr. Standefer has them reversed.
