

Journal of Forensic Sciences

Subject Index to Volume 42

1997

A

Abuse drugs

Black market in anabolic steroids—analysis of illegally distributed products (Musshoff, F, Daldrup, T, and Ritsch, M), Nov., 1117

Isotopic analysis of ¹³C as a tool for comparison and origin assignment of seized heroin samples (Besacier, F, Guilluy, R, Brazier, JL, Chaudron-Thozet, H, Girard, J, and Lamotte, A), May, 429

Accelerants

Gas residues of engine starting fluid in postmortem sample from an arsonist (Schuberth, J), Jan., 144

Incidence of ignitable liquid residues in fire debris as determined by a sensitive and comprehensive analytical scheme (Jackowski, JP), Sept., 828

Accident reconstruction

Unusual bloodstain case (Burnett, BR, Orantes, JM, and Pierson, ML), May, 519

Adolescents

Intrafamilial homicide committed by juveniles: examination of a sample with recommendations for prevention (Kashani, JH, Darby, PJ, Allan, WD, Harthe, KL, and Reid, JC), Sept., 873

Age-at-death estimation

Estimation of age from teeth by amino acid racemization: influence of fixative (Ohtani, S, Ohhira, H, Watanabe, A, Ogasawara, A, and Sugimoto, H), Jan., 137

Age estimation

Estimation of age of bloodstains by HPLC analysis (Andrasko, J), July, 601

Aging

Aging of bite marks: a literature review (Dailey, JC and Bowers, CM), Sept., 792

Aircraft accidents

Fatal air transport accidents involving athletic teams from the United States (Murphy, GK), Jan., 74

Alcohol

Concentration-time profiles of ethanol in arterial and venous blood and end-

expired breath during and after intravenous infusion (Jones, AW, Norbert, A, and Hahn, RG), Nov., 1086

Ethyl glucuronide concentration in serum of human volunteers, teetotalers, and suspected drinking drivers (Schmitt, G, Droenner, P, Skopp, G, and Aderjan, R), Nov., 1097

Response of the Intoxilyzer 5000® to five potential interfering substances (Caldwell, JP and Kim, ND), Nov., 1078

Validation study of the influence of alcohol on handwriting (Stinson, MD), May, 411

Algorithm

Computerized polygraph scoring system (Olsen DE, Harris, JC, Capps, MH, and Ansley, N), Jan., 61

Alpha-chloroacetophenone

Characterization of lachrymators by ambient temperature ion mobility spectrometry (Allinson, G and McLeod, CW), March, 312

Alprazolam

Detection of alprazolam in three cases of methadone/benzodiazepine overdose (Rogers, WO, Hall, MA, Brissie, RM, and Robinson, CA), Jan., 155

Alterations

Infrared luminescence of indented writing as evidence of document alteration (Sharf, S, Gabbay, R, and Brown, S), July, 729

Amelogenin

Austrian Caucasian population data for the Quadruplex Plus amelogenin: refined mutation rate for HumvWFA31/A (Ambach, E, Parson, W, Niederstätter, H, and Budowle, B), Nov., 1134

Co-amplification of the amelogenin and HLA DQα genes: optimization and validation (Taylor, MS, Challed-Spong, A, and Johnson, EA), Jan., 130

Extraction of single-copy nuclear DNA from forensic specimens with a variety of postmortem histories (Evison, MP, Smillie, DM, and Chamberlain, AT), Nov., 1030

American Academy of Forensic Sciences

Guest editorial (Peat, MA), Sept., 775

Report on the new AAFS Continuing Medical Education reporting procedures: the Pathology/Biology Section perspective (Hanzlick, R), July, 682

Amino acid racemization

Estimation of age from teeth by amino acid racemization: influence of fixative (Ohtani, S, Ohhira, H, Watanabe, A, Ogasawara, A, and Sugimoto, H), Jan., 137

Some considerations regarding the use of amino acid racemization in human dentine as an indicator of age at death (Carolan, VA, Gardner, MLG, Lucy, D, and Pollard, AM), Jan., 10

Amitriptyline

Possible markers for postmortem drug redistribution (Langford, AM and Pounder, DJ), Jan., 88

Ammunition

More on the uniqueness of gunshot residue (GSR) particles (Zeichner, A and Levin, N), Nov., 1025

AmpliType® PM

Summary of validation studies from twenty-six forensic laboratories in the United States and Canada on the use of the AmpliType® PM PCR amplification and typing kit (Word, CJ, Sawosik, TM, and Bing, DH), Jan., 39

Anabolic steroids

Black market in anabolic steroids—analysis of illegally distributed products (Musshoff, F, Daldrup, T, and Ritsch, M), Nov., 1117

Anthropometry

Anthropometry of contemporary commercial cremation (Warren, MW and Maples, WR), May, 417

Antichrist delusion

Violent behaviors associated with the antichrist delusion (Silva, JA, Leong, GB, and Weinstock, R), Nov., 1056

Antisocial personality

Antisocial personality disorder, sexual sadism, malignant narcissism, and serial murder (Geberth, VJ and Turco RN), Jan., 49

Arc beads

Surface analysis of copper arc beads—a critical review (Howitt, DG), July, 608

Arson

Gas residues of engine starting fluid in postmortem sample from an arsonist (Schuberth, J), Jan., 144

Incidence of ignitable liquid residues in fire debris as determined by a sensitive and comprehensive analytical scheme (Jackowski, JP), Sept., 828

Recidivism and concomitant criminality in pathological firesetters (Barnett, W, Richter, P, Sigmund, D, and Spitzer, M), Sept., 879

Aspartic acid racemization

Some considerations regarding the use of amino acid racemization in human dentine as an indicator of age at death (Carolan, VA, Gardner, MLG, Lucy, D, and Pollard, AM), Jan., 10

Auger electron spectroscopy—see Spectroscopy**Autopsy—see Postmortem examinations****Azoospermia**

DNA typing of azoospermic semen at the D1S80 locus (Skinker, DM, Warnecke, SC, Morrow, JK, and Hunsaker, JC, III), July, 718

B**Barbiturates**

GC/MS confirmation of barbiturates in blood and urine (Meatherall, R), Nov., 1158

Bears

Identification and differentiation of bear bile used in medicinal products in Taiwan (Lin, D-L, Chang, H-C, Chang, C-P, and Chen, C-Y), Sept., 817

Benzimidazolones

Infrared spectra of U.S. automobile original topcoats (1974–1989): III. In situ identification of some organic pigments used in yellow, orange, red, and brown nonmetallic and brown metallic finishes—benzimidazolones (Suzuki, EM and Marshall, WP), July, 619

Benzodiazepines

Detection of alprazolam in three cases of methadone/benzodiazepine overdose (Rogers, WO, Hall, MA, Brissie, RM, and Robinson, CA), Jan., 155

Benzyl alcohol

Gas chromatographic-mass spectrometric identification and quantitation of benzyl alcohol from human serum and postmortem blood after derivatization with 4-carbethoxy hexafluorobutylryl

chloride: a novel derivative (Dasgupta, A and Steinagel, G), July, 697

Bite marks

Aging of bitemarks: a literature review (Dailey, JC and Bowers, CM), Sept., 792
Improved method to recover saliva from human skin: the double swab technique (Sweet, D, Lorente, M, Lorente, JA, Valenzuela, A, and Villanueva, E), March, 320

Blood

Compilation of fatal and control concentrations of drugs in postmortem femoral blood (Druid, H and Holmgren, P), Jan., 79

Concentration-time profiles of ethanol in arterial and venous blood and end-expired breath during and after intravenous infusion (Jones, AW, Norbert, Å, and Hahn, RG), Nov., 1086

DNA extraction from liquid blood using QIAamp (Scherzinger, CA, Bourke, MT, Ladd, C, and Lee, HC), Sept., 893

Unusual bloodstain case (Burnett, BR, Orantes, JM, and Pierson, ML), May, 519

Bloodstains

Estimation of age of bloodstains by HPLC analysis (Andrasko, J), July, 601

Body fluids

Distribution of free and conjugated morphine in body fluids and tissues in a fatal heroin overdose: is conjugated morphine stable in postmortem specimens? (Moriya, F and Hashimoto, Y), July, 736

Bombings

Suicidal terrorist bombings in Israel—identification of human remains (Kahana, T, Freund, M, and Hiss, J), March, 260

Bones—see Historical skeletal remains or Musculoskeletal system**Book reviews**

And the Blood Cried Out. A Prosecutor's Spellbinding Account of the Power of DNA by Levy (Wenk RE), Sept., 960

Convicted by Juries, Exonerated by Science: Case Studies in the Use of DNA Evidence to Establish Innocence after Trial by Connors et al. (Wenk, RE), July, 750

Disposition of Toxic Drugs and Chemicals in Man (Fourth Edition) by Baselt and Cravey (Levine, B), Jan., 166

The Expert Witness Handbook, Tips and Techniques for the Litigation Consultant (Garner, DD), Nov., 1209

Genetic Data Analysis II. Method for Discrete Population Genetic Data (Second Edition) by Weir (Wenk, RE), Jan., 167
Goodbye My Little Ones by Hickley et al. (Erlich, LB), July, 754

How to Solve a Murder: The Forensic Handbook by Kurland (MacDonnel, HL), July, 752

Interpreting Evidence, Evaluating Forensic Science in the Courtroom (Hubler, JR), Sept., 959

Jekyll on Trial (Multiple Personality Disorder and Criminal Law) by Elyn and Behnke (Erlich, LB), Sept., 962

The Pathology of Drug Abuse (Second Edition) by Karch (Erlich, LB), July, 753
Scientific Evidence in Civil and Criminal Cases (Fourth Edition) by Moenssens et al. (Snyder, JW), Jan., 162

The Role of the Expert Witness in a Court Trial (A Guide for the Expert Witness) (Zimmerly, JG), Nov., 1210

Shortening of Life, Homicide, and Serial Killing—An Interdisciplinary Analysis of Euthanasia (Saternus, K-S), Nov., 1211
Studies in Crime: An Introduction to Forensic Anthropology by Hunter et al. (Froede, SM), Jan., 168

The Wound Healing Process: Forensic Pathological Aspects by Oechmichen and Kirchner (Pedal, I), Sept., 958

Breath

Concentration-time profiles of ethanol in arterial and venous blood and end-expired breath during and after intravenous infusion (Jones, AW, Norbert, Å, and Hahn, RG), Nov., 1086

Breath-alcohol testing devices

Response of the Intoxilyzer 5000® to five potential interfering substances (Caldwell, JP and Kim, ND), Nov., 1078

Bullets

Findings in gunshot wounds from tandem projectiles (Simmons, GT), July, 678

Buprenorphine

HPLC/MS determination of buprenorphine and norbuprenorphine in biological fluids and hair samples (Tracqui, A, Kintz, P, and Mangin, P), Jan., 111

C**Calliphora vicina**

Barbiturates and analgesics in *Calliphora vicina* larvae (Sadler, DW, Robertson, L, Brown, G, Fuke, C, and Pounder, DJ), May, 481

Canines

Sequence analysis of domestic dog mitochondrial DNA for forensic use (Savolainen, P, Rosén, B, Holmberg, A, Leitner, T, Uhlén, M, and Lundeberg, J), July, 593

Cannabinoids

Identification of butyl cannabinoids in marijuana (Smith, RM), July, 610

Cannabis—see Marijuana**Capillary zone electrophoresis—see Electrophoresis**

4-Carbethoxyhexafluorobutyryl derivative

Gas chromatographic-mass spectrometric identification and quantitation of benzyl alcohol from human serum and postmortem blood after derivatization with 4-carbethoxy hexafluorobutyryl chloride: a novel derivative (Dasgupta, A and Steinagel, G), July, 697

Carbon disulfide

Comparison of the eluting efficiency of carbon disulfide with diethyl ether: the case for laboratory safety (Lentini, JJ and Armstrong, AT), March, 307

Cardiopulmonary resuscitation

Postmortem diffusion of tracheal lidocaine into heart blood following intubation for cardiopulmonary resuscitation (Moriya, F and Hashimoto, Y), March, 296

Cardiovascular system

Coronary artery compression by Teflon pledget granuloma following aortic valve replacement (Cohle, SD and Delavan, JW), Sept., 945

Cartridge cases

Development of latent fingerprints on unfired cartridges by palladium deposition: a surface study (Migron, Y and Mandler, D), Nov., 984

Cave diving

Underwater cave diving fatalities in Florida: a review and analysis (Byrd, JH and Hamilton, WF), Sept., 807

Chemical erasures—see Erasures**Child abuse**

Differential diagnosis of ritual abuse allegations (Bernet, W and Chang, DK), Jan., 32

Skeletal evidence for child abuse: a physical anthropological perspective (Walker, PL, Cook DC, and Lambert, PM), March, 196

Skin scraping, cupping, and moxibustion that may mimic physical abuse (Look, KM and Look, RM), Jan., 103

2-Chlorobenzylidenemalononitrile

Characterization of lachrymators by ambient temperature ion mobility spectrometry (Allinson, G and McLeod, CW), March, 312

Chromatography

Estimation of age of bloodstains by HPLC analysis (Andrasko, J), July, 601

HPLC/MS determination of buprenorphine and norbuprenorphine in biological fluids and hair samples (Tracqui, A, Kintz, P, and Mangin, P), Jan., 111

Incidence of ignitable liquid residues in fire debris as determined by a sensitive and comprehensive analytical scheme (Jackowski, JP), Sept., 828

Two traffic fatalities related to the use of difluoroethane (Broussard, LA, Brustowicz, T, Pittman, T, Atkins, K, and Presley, L), Nov., 1184

Coca leaf

Lesser alkaloids of cocaine-bearing plants. Part I: Nicotinoyl-,2'-pyrrolyl, and 2'- and 3'-furanoylcocaine methyl ester—isolation and mass spectral characterization of four new alkaloids of South American *Erythroxylum coca* Var. *coca* (Moore, JM and Casale, JF), March, 246

Cocaine

Fatal excited delirium following cocaine use: epidemiologic findings provide new evidence for mechanisms of cocaine toxicity (Ruttenber, AJ, Lawler-Heavner, J, Yin, M, Wetli, CV, Hearn, WL, and Mash, DC), Jan., 25

HIV seroprevalence rates among homicide victims in New York City: 1991–1993 (Tardiff, K, Marzuk, PM, Leon, AC, Hirsch, CS, Stajic, M, Portera, L, and Hartwell, N), Nov., 1068

Identification of unique cocaine metabolites and smoking by-products in post-mortem blood and urine specimens (Jenkins, AJ and Goldberger, BA), Sept., 824

Lesser alkaloids of cocaine-bearing plants. Part I: Nicotinoyl-,2'-pyrrolyl, and 2'- and 3'-furanoylcocaine methyl ester—isolation and mass spectral characterization of four new alkaloids of South American *Erythroxylum coca* Var. *coca* (Moore, JM and Casale, JF), March, 246

Mass spectrum of cocaine (Smith, RM), May, 466

Codeine

Statistical approach to the prediction of verifiable heroin use from total codeine and total morphine concentrations in urine (Fuller, DC), July, 685

Combustible liquids—see Accelerants**Commingled remains**

Search for Father Bachelot: first Catholic missionary to the Hawaiian Islands (1827–1837) (Pietrusewsky, M and Wil-lacker, LM), March, 208

Competency

Sleepwalking disorder and *mens rea*: a review and case report (Thomas, TN), Jan., 17

Computed tomography—see Tomography**Computer imaging—see Imaging****Computers**

Fully three-dimensional method for facial reconstruction based on deformable models (Quatrehomme, G, Cotin, S, Subsol, G, Delingette, H, Garidel Y, Grévin, G,

Fidrich, M, Baille, P, and Ollier, A), July, 649

Three-dimensional imaging in forensic anthropology: a test study using the Macintosh (Ackermann, RR), Jan., 93

Congenital coronary anomaly

Sudden cardiac death during exercise due to an isolated multiple anomaly of the left coronary artery in a 12-year-old girl: clinicopathologic findings (Garfia, A, Rodriguez, M, Chavarria, H, and Garrido, M), March, 330

Coroners

Centers for Disease Control and Prevention's Medical Examiner/Coroner Information Sharing Program (MeCI SP) (Hanzlick, R), May, 531

Cost analysis

National survey of autopsy cost and workload (Jason, DR, Lantz, PE, and Pre-isser, JS), March, 270

Covert videotaping

Video voyeurs and the covert videotaping of unsuspecting victims: psychological and legal consequences (Simon, RI), Sept., 884

Crack

Fatal excited delirium following cocaine use: epidemiologic findings provide new evidence for mechanisms of cocaine toxicity (Ruttenber, AJ, Lawler-Heavner, J, Yin, M, Wetli, CV, Hearn, WL, and Mash, DC), Jan., 25

Craniometry

Three-dimensional imaging in forensic anthropology: a test study using the Macintosh (Ackermann, RR), Jan., 93

Cremation

Anthropometry of contemporary commercial cremation (Warren, MW and Maples, WR), May, 417

Criminal competence—see Competency**Criminal sex offenses**

DNA typing of azoospermic semen at the D1S80 locus (Skinker, DM, Warnecke, SC, Morrow, JK, and Hunsaker, JC, III), July, 718

Effects of toluidine blue and destaining reagents used in sexual assault examinations on the ability to obtain DNA profiles from postcoital vaginal swabs (Hochmeister, MN, Whelan, M, Borer, UV, Gehrig, C, Binda, S, Berzlanovich, A, Rauch, E, and Dirnhofner, R), March, 316

Sleepwalking disorder and *mens rea*: a review and case report (Thomas, TN), Jan., 17

Criminalistics

Analysis of gunshot residues on human tissues and clothing by X-ray microfluor-

escence (Brazeau, J and Wong, RK), May, 424

Antisocial personality disorder, sexual sadism, malignant narcissism, and serial murder (Geberth, VJ and Turco, RN), Jan., 49

Characterization of lachrymators by ambient temperature ion mobility spectrometry (Allinson, G and McLeod, CW), March, 312

Comparison of the eluting efficiency of carbon disulfide with diethyl ether: the case for laboratory safety (Lentini, JJ and Armstrong, AT), March, 307

Detection of firearms imprints on hands of suspects: study of the PDT-based field test (Almog, J and Glattstein, B), Nov., 991

DNA extraction from liquid blood using QIAamp (Scherzinger, CA, Bourke, MT, Ladd, C, and Lee, HC), Sept., 893

DNA typing of azoospermic semen at the D1S80 locus (Skinker, DM, Warnecke, SC, Morrow, JK, and Hunsaker, JC, III), July, 718

Effects of toluidine blue and destaining reagents used in sexual assault examinations on the ability to obtain DNA profiles from postcoital vaginal swabs (Hochmeister, MN, Whelan, M, Borer, UV, Gehrig, C, Binda, S, Berzlanovich, A, Rauch, E, and Dirnhofer, R), March, 316

Estimation of age of bloodstains by HPLC analysis (Andrasko, J), July, 601

Firearm and toolmark identification criteria: a review of the literature (Nichols, RG), May, 466

Forensic botany: an under-utilized resource (Bock, JH and Norris, DO), May, 364

Fundamental studies of gunshot residue deposition by glue-lift (Basu, S, Boone, CE, Jr., Denio, DJ, Jr., and Mizaga, RA), July, 571

Gas residues of engine starting fluid in postmortem sample from an arsonist (Schuberth, J), Jan., 144

Gunshot residue analysis—a review (Meng, H-H and Caddy, B), July, 553

HIV seroprevalence rates among homicide victims in New York City: 1991–1993 (Tardiff, K, Marzuk, PM, Leon, AC, Hirsch, CS, Stajic, M, Portera, L, and Hartwell, N), Nov., 1068

HLA-DQA1 and polymarker allele frequencies in two New York City Jewish populations (Medintz, I, Levine, L, McCurdy, L, Chiriboga, L, Kingston, C, Desnick, RJ, Eng, CM, and Kobilinsky, L), Sept., 919

Incidence of ignitable liquid residues in fire debris as determined by a sensitive and comprehensive analytical scheme (Jackowski, JP), Sept., 828

Infrared spectra of U.S. automobile original topcoats (1974–1989): III. In situ identification of some organic pigments used in yellow, orange, red, and brown

nonmetallic and brown metallic finishes—benzimidazolones (Suzuki, EM and Marshall, WP), July, 619

Injuries due to letter bombs (Missliwetz, J, Schneider, B, Oppenheim, H, and Wieser, I), Nov., 979

Killing of Baby Doe (Harris, LS), Nov., 1178

Lipid-specific latent fingerprint detection: fingerprints on currency (Allred, CE, Lin, T, and Menzel, ER), Nov., 995

More on the uniqueness of gunshot residue (GSR) particles (Zeichner, A and Levin, N), Nov., 1025

Nondestructive identification of ivory-like seal materials (Shimoyama, M, Hamanaga, BL, Ninomiya, T, and Ozaki, Y), May, 434

Products of partial digestion with *Hae* III. Part 1. Characterization, casework experience and confirmation of the theory of three-, four- and five-banded RFLP pattern origins using partial digestion (Benzinger, EA, Emerek, EA, Grigsby, NL, Duewer, DL, Lovekamp, ML, Deadman, H, Thompson, JL, Sallee, PJ, and Riech, AK), Sept., 850

Products of partial digestion with *Hae* III. Part 2. Quantification (Duewer, DL and Benzinger, EA), Sept., 864

Soil science contribution to an airplane crash investigation, Ruidoso, New Mexico (Daugherty, LA), May, 401

Study to investigate the feasibility of using X-ray fluorescence microanalysis to improve discrimination between colorless synthetic fibers (Cartier, J, Roux, C, and Grieve, M), Nov., 1017

Unusual bloodstain case (Burnett, BR, Orantes, JM, and Pierson, ML), May, 519

Use of insects to determine time of decapitation: a case-study from British Columbia (Anderson, GS), Sept., 947

Cupping

Skin scraping, cupping, and moxibustion that may mimic physical abuse (Look, KM and Look, RM), Jan., 103

Currency

Lipid-specific latent fingerprint detection: fingerprints on currency (Allred, CE, Lin, T, and Menzel, ER), Nov., 995

D

Dangerousness

Role of mania in the genesis of dangerous delusional misidentification (Silva, JA, Ferrari, MM, Leong, GB, and Weinstock, R), July, 670

Death

Electrocution death of an infant who had received an electric shock from an uncovered oval shaped lamp switch in his mouth while in a hospital (Yamazaki, M,

Bai, H, Tun, Z, Ogura, Y, and Wakasugi, C), Jan., 151

Evidence of pin implantation as a means of verifying death during the Great Plague of Marseilles (1722) (Leonetti, G, Signoli, M, Pelissier, AL, Champsaur, P, Hershkovitz, I, Brunet, C, and Dutour, O), July, 744

Fatal fentanyl intoxication following excessive transdermal application (Edinboro, LE, Poklis, A, Trautman, D, Lowry, S, Backer, R, and Harvey, CM), July, 741

Fatality due to moclobemide (Camaris, C and Little, D), Sept., 954

Fatality involving moclobemide, sertraline, and pimozide (McIntyre, IM, King, CV, Staikos, V, Gall, J, and Drummer, OH), Sept., 951

Forensic autopsies from 1984 to 1993 in Vienna, Austria (Klupp, N, Risser, D, Heinzl, H, and Bauer, G), July, 675

Sudden cardiac death during exercise due to an isolated multiple anomaly of the left coronary artery in a 12-year-old girl: clinicopathologic findings (Garfia, A, Rodriguez, M, Chavarria, H, and Garrido, M), March, 330

Sudden death due to tricuspid valve myxoma with massive pulmonary embolism in a 15-month old male (Parker, KM and Embry, JH), May, 524

Sudden unexpected death in young adult due to right ventricular dysplasia (Lane, CD), Jan., 148

Tissue distribution of ketamine in a mixed drug fatality (Moore, KA, Kilbane, EM, Jones, R, Kunsman, GW, Levine, B, and Smith, M), Nov., 1181

Underwater cave diving fatalities in Florida: a review and analysis (Byrd, JH and Hamilton, WF), Sept., 807

Unusual case of death by lightning (Blanco-Pampin, JM, Suárez Peñaranda, JM, Rico Boquete, R, and Concheiro Carro, L), Sept., 942

Death certificates

Death registration: history, methods, and legal issues (Hanzlick, R), March, 265

Death investigation

Centers for Disease Control and Prevention's Medical Examiner/Coroner Information Sharing Program (MeclSP) (Hanzlick, R), May, 531

Death registration

Death registration: history, methods, and legal issues (Hanzlick, R), March, 265

Decapitation

Use of insects to determine time of decapitation: a case-study from British Columbia (Anderson, GS), Sept., 947

Deception

Computerized polygraph scoring system (Olsen DE, Harris, JC, Capps, MH, and Ansley, N), Jan., 61

Definition

Pyromania? What does it mean? (Geller, JL, McDermeit, M, and Brown, J-M), Nov., 1050

Delusion misidentification—see Misidentification syndromes**Dentition**

Effect of shovel trait on Carabelli's Trait in Taiwan Chinese and Aboriginal populations (Hsu, JW, Tsai, PL, Hsiao, TH, Chang, HP, Lin, LM, Liu, KM, Yu, HS, and Ferguson, D), Sept., 802

Estimation of age from teeth by amino acid racemization: influence of fixative (Ohtani, S, Ohhira, H, Watanabe, A, Ogasawara, A, and Sugimoto, H), Jan., 137

Stable lead isotopes in teeth as indicators of past domicile—a potential new tool in forensic science? (Gulson, BL, Jameson, CW, and Gillings, BR), Sept., 787

Deoxyribonucleic acid—see DNA**Desipramine**

Death of two subjects due to imipramine and desipramine metabolite accumulation during chronic therapy: a review of the literature and possible mechanisms (Swanson, JR, Jones, GR, Krasselt, W, Denmark, LN, and Ratti, F), March, 335

Diatoms

Diagnostic value of the diatom test for drowning, I. Utility: a retrospective analysis of 771 cases of drowning in Ontario, Canada (Pollanen, MS, Cheung, C, and Chiasson, DA), March, 281

Diagnostic value of the diatom test for drowning, II. Validity: analysis of diatoms in bone marrow and drowning medium (Pollanen, MS), March, 286

Diethyl ether

Comparison of the eluting efficiency of carbon disulfide with diethyl ether: the case for laboratory safety (Lentini, JJ and Armstrong, AT), March, 307

Diethyl ether, a chemical asphyxiant used as a prelude to homicide: a report of three cases (Ward, ME and Meyerhein, RF), March, 344

Differential diagnosis

Differential diagnosis of ritual abuse allegations (Bernet, W and Chang, DK), Jan., 32

Difluoroethane

Two traffic fatalities related to the use of difluoroethane (Broussard, LA, Brustowicz, T, Pittman, T, Atkins, K, and Presley, L), Nov., 1184

Digital image processing

Digital video image capture in establishing positive identification (Marks, MK, Bennett, JL, and Wilson, OL), May, 492

Discriminant function

Identification of Euro-Americans, Afro-Americans, and Amerindians from palatal dimensions (Byers, SN, Churchill, SE, and Curran, B), Jan., 3

Sex determination by discriminant analysis of *calcanei* measurements (Introna, F, Jr., Di Vella, G, Campobasso, CP, and Dragone, M), July, 725

Sex estimation from the metatarsals (Robling, AG and Ubelaker, DH), Nov., 1060

Sexual determination of the femur using discriminant functions. Analysis of a Spanish population of known sex and age (Trancho, GJ, Robledo, B, López-Bueis, I, and Sánchez, JA), March, 181

DNA

Applicability of formalin-fixed and formalin fixed paraffin embedded tissues in forensic DNA analysis (Romero, RL, Juston, AC, Ballantyne, J, and Henry, BE), July, 708

Assessment of DNA contamination risks in New York City Medical Examiner facilities (Toledano, T, Quarino, L, Leung, S, Buffolino, P, Baum, H, and Shaler, RC), July, 721

Comparison of three DNA extraction methods on bone and blood stains up to 43 years old and amplification of three different gene sequences (Cattaneo, C, Craig, OE, James, NT, and Sokol, RJ), Nov., 1124

Defining microsatellite alleles by genotyping global indigenous human populations and non-human primates (Jin, L, Underhill, PA, Buoncristiani, M, and Robertson, JM), May, 496

Distribution of HLA-DQ α and polymarker (LDLR, GC, GYPA, HBG, and D7S8) alleles in Arab and Pakistani populations living in Abu Dhabi, United Arab Emirates (Tahir, MA, Caruso, J, Budowle, B, Aziz, N, and Novick, GE), Sept., 914

Distribution of the vWF alleles and genotypes in the Palestinian population (Khatib, H, Ezzughayyar, M, and Ayesh, S), May, 504

DNA extraction from liquid blood using QIAamp (Scherczinger, CA, Bourke, MT, Ladd, C, and Lee, HC), Sept., 893

DNA typing of azoospermic semen at the D1S80 locus (Skinker, DM, Warnecke, SC, Morrow, JK, and Hunsaker, JC, III), July, 718

Effect of ethnic and racial population substructuring on the estimation of multi-locus fixed-bin VNTR RFLP genotype probabilities (Hartmann, JM, Houlihan,

BT, Keister, RS, and Buse, EL), March, 232

Effect of sampling error and measurement error and its correlation on the estimation of multi-locus fixed-bin VNTR RFLP genotype probabilities (Hartmann, JM, Houlihan, BT, Thompson, LD, Chan, C, Baldwin, RA, and Buse, EL), March, 241

Effects of blood transfusions on PCR DNA typing at the CSF1P0, TP0X, TH01, D1S80, HLA-DQA1, LDLR, GYPA, HBG, D7S8 and GC loci (Brauner, P, Shpitzen, M, Freund, M, and Manny, N), Nov., 1152

Effects of fingerprint enhancement light sources on subsequent PCR-STR DNA analysis of fresh bloodstains (Andersen, J and Bramble, S), March, 303

Evaluation of independence assumptions for PCR-based and protein-based genetic markers in New Jersey Caucasians (Budowle, B, Jankowski, LB, Corey, HW, Swec, NT, Freck-Tootell, S, Pino, JA, Schwartz, R, Kelley, CA, and Tarver, ML), March, 223

Extent of heterogeneity in mitochondrial DNA of European populations (Melton, T, Wilson, M, Batzer, M, and Stoneking, M), May, 437

Extent of heterogeneity in mitochondrial DNA of Sub-Saharan African populations (Melton, T, Ginther, C, Sensabaugh, G, Soodyall, H, and Stoneking, M), July, 582

Extraction of single-copy nuclear DNA from forensic specimens with a variety of postmortem histories (Evison, MP, Smillie, DM, and Chamberlain, AT), Nov., 1030

Fixed bin population data for the VNTR loci D1S7, D2S44, D4S139, D5S110, D10S28, and D14S13 in a population sample from Rio De Janeiro, Brazil (Moura-Neto, RS and Budowle, B), Sept., 926

Genetic individualization of domestic cats using feline STR loci for forensic applications (Menotti-Raymond, M, David, VA, Stephens, JC, Lyons, LA, and O'Brien, SJ), Nov., 1037

Highly informative single-stranded conformation polymorphism (SSCP) of short tandem repeats in DNA identification (Lucas, M, Muñoz, C, Pintado, E, and Solano, F), Jan., 118

HLA-DQA1 and polymarker allele frequencies in two New York City Jewish populations (Medintz, I, Levine, L, McCurdy, L, Chiriboga, L, Kingston, C, Desnick, RJ, Eng, CM, and Kobilinsky, L), Sept., 919

HumCD4—validation of a STR system for forensic purposes in an Austrian Caucasian population sample (Klitschar, M and Crevenna, R), Sept., 907

Infrared fluorescent detection of PCR amplified gender identifying alleles (Roy, R and Steffens, DL), May, 452

Interlaboratory evaluation of short tandem repeat triplex CTT (Kline, MC, Duewer, DL, Newall, P, Redman, JW, Reeder, DJ, and Richard, M), Sept., 897

Interpreting DNA mixtures (Weir, BS, Triggs, CM, Starling, L, Stowell, LI, Walsh, KAJ, and Buckleton, J), March, 213

Italian population allele and genotype frequencies for the AmpliType® PM and the HLA-DQ-alpha loci (Spinella, A, Marsala, P, Biondo, R, and Montagna, P), May, 514

Japanese population DNA typing data for the loci LDLR, GYPA, HBGG, D7S8, and GC (Watanabe, Y, Yamada, S, Nagai, A, Takayama, T, Hirata, K, Bunai, Y, and Ohya, I), Sept., 911

PCR-based DNA typing of saliva stains recovered from human skin (Sweet, D, Lorente, JA, Valenzuela, A, Lorente, M, and Villanueva, E), May, 447

PCR-based forensic testing of DNA from stained cytological smears (Dimo-Simonin, N, Grange, F, and Brandt-Casadevall, C), May, 506

Pentaplex automated fluorescent typing system for forensic identification and French Caucasian population data (Rousselet, F, Pfitzinger, H, and Mangin, P), May, 500

Products of partial digestion with *Hae* III. Part 1. Characterization, casework experience and confirmation of the theory of three-, four- and five-banded RFLP pattern origins using partial digestion (Benzinger, EA, Emerek, EA, Grigsby, NL, Duewer, DL, Lovekamp, ML, Deadman, H, Thompson, JL, Sallee, PJ, and Riech, AK), Sept., 850

Products of partial digestion with *Hae* III. Part 2. Quantification (Duewer, DL and Benzing, EA), Sept., 864

Rapid screening of multiple forensic stains by SSCP analysis of HLA-DQ α amplification products (Kreike, J and Lehner, A), July, 715

Sequence analysis of domestic dog mitochondrial DNA for forensic use (Savolainen, P, Rosén, B, Holmberg, A, Leitner, T, Uhlén, M, and Lundeberg J), July, 593

Sequential multiplex amplification: utility in forensic casework with minimal amounts of DNA and partially degraded samples (Lorente, M, Lorente, JA, Alvarez, JC, Budowle, B, Wilson, MR, and Villanueva, E), Sept., 923

United States population data on the multiplex short tandem repeat loci—HUMTH01, TP0X, and CSF1PO—and the variable number tandem repeat locus D1S80 (Budowle, B, Smerick, JB, Keys, KM, and Moretti, TR), Sept., 846

Validation of HLA-DR locus typing in forensic specimens by combining PCR-

SSP with PCR-RFLP (Ota, M, Katsuyama, Y, Liu, CY, Arakura, A, and Fukushima, H), Sept., 929

Validation studies for the genetic typing of the D1S80 locus for implementation into forensic casework (Gross, AM, Carmody, G, and Guerrieri, RA), Nov., 1138

Validation studies of the CTT STR multiplex system (Budowle, B, Moretti, TR, Keys, KM, Koons, BW, and Smerick, JB), July, 701

Domestic cats

Genetic individualization of domestic cats using feline STR loci for forensic applications (Menotti-Raymond, M, David, VA, Stephens, JC, Lyons, LA, and O'Brien, SJ), Nov., 1037

Driving under the influence

Inhibition of ethanol production by *Saccharomyces cerevisiae* in human blood by sodium fluoride (Amick, GD and Habben, KH), July, 690

Drowning

Diagnostic value of the diatom test for drowning, I. Utility: a retrospective analysis of 771 cases of drowning in Ontario, Canada (Pollanen, MS, Cheung, C, and Chiasson, DA), March, 281

Diagnostic value of the diatom test for drowning, II. Validity: analysis of diatoms in bone marrow and drowning medium (Pollanen, MS), March, 286

Drug concentrations

Compilation of fatal and control concentrations of drugs in postmortem femoral blood (Druid, H and Holmgren, P), Jan., 79

Drug-melanin binding

Influence of pigmentation on the codeine content of hair fibers in guinea pigs (Pötsch, L, Skopp, G, and Moeller, MR), Nov., 1093

E

Editorials

Guest editorial (Peat, MA), Sept., 775

Education

Education in forensic anthropology: appraisal and outlook (Galloway, A and Simmons, TL), Sept., 796

Report on the new AAFS Continuing Medical Education reporting procedures: the Pathology/Biology Section perspective (Hanzlick, R), July, 682

Electrical fires—see Fires

Electricity

Surface analysis of copper arc beads—a critical review (Howitt, DG), July, 608

Electrocution

Electrocution death of an infant who had received an electric shock from an uncovered oval shaped lamp switch in his mouth while in a hospital (Yamazaki, M, Bai, H, Tun, Z, Ogura, Y, and Wakasugi, C), Jan., 151

Electrophoresis

Interlaboratory evaluation of short tandem repeat triplex CTT (Kline, MC, Duewer, DL, Newall, P, Redman, JW, Reeder, DJ, and Richard, M), Sept., 897

Separation and comparison of fountain pen inks by capillary zone electrophoresis (Rohde, E, McManus, AC, Vogt, C, and Heineman, WR), Nov., 1002

Embalmed tissue

Molecular detection of JC virus in embalmed, formalin-fixed, paraffin-embedded brain tissue (Amaker, BH, Chandler, FW, Jr., Huey, SLO, and Colwell, RM), Nov., 1155

Energy dispersive X-ray analysis

False report of product tampering involving a rodent and soft drink can: light microscopy, image analysis and scanning electron microscopy/energy dispersive X-ray analysis (Platek, SF, Ranieri, N, and Wolnik, KA), Nov., 1169

Engineering

Surface analysis of copper arc beads—a critical review (Howitt, DG), July, 608

Entomology

Barbiturates and analgesics in *Calliphora vicina* larvae (Sadler, DW, Robertson, L, Brown, G, Fuke, C, and Pounder, DJ), May, 481

Effects of 3,4-methylenedioxyamphetamine in decomposing tissues on the development of *Parasarcophaga ruficornis* (Diptera: Sarcophagidae) and detection of the drug in postmortem blood, liver tissue, larvae, and puparia (Goff, ML, Miller, ML, Paulson, JD, Lord, WD, Richards, E, and Omori, AI), March, 276

Entomological evidence (Rozen, JF, Jr. and Eickwort, GC), May, 394

Estimation of postmortem interval based on colony development time for *Anoplolepis longipes* (Hymenoptera: formicidae) (Goff, ML and Win, BH), Nov., 1174

Foraging by food deprived larvae of *Neobellieria bullata* (Diptera: Sarcophagidae) (Christopherson, C and Gibo, DL), Jan., 71

Midge larvae (*Diptera: Chironomidae*) as indicators of postmortem submersion interval of carcasses in a woodland stream: a preliminary report (Keiper, JB, Chapman, EG, and Foot, BA), Nov., 1072

Use of insects to determine time of decapitation: a case-study from British Columbia (Anderson, GS), Sept., 947

Entomotoxicology

Barbiturates and analgesics in *Calliphora vicina* larvae (Sadler, DW, Robertson, L, Brown, G, Fuke, C, and Pounder, DJ), May, 481

Ephedrine

Distinguishing amphetamine, methamphetamine and 3,4-methylenedioxy-methamphetamine from other sympathomimetic amines after rapid derivatization with propyl chloroformate and analysis by GC-chemical ionization mass spectrometry (Dasgupta, A and Hart, AP), Jan., 106
 Fatal ephedrine intoxication (Backer, R, Tautman, D, Lowry, S, Harvey, CM, and Poklis, A), Jan., 157

Erasures

Fraudulent case involving novel ink eradicating methods (Abulafia, A, Brown, S, and Abramovich-Bar, S), March, 300

Ethanol—see also Alcohol

Inhibition of ethanol production by *Saccharomyces cerevisiae* in human blood by sodium fluoride (Amick, GD and Habben, KH), July, 690

Ethics

Comments from the perspective of the AAFS Ethics Committee Chairman (Mills, DH), Nov., 1205
 Ethical practice in the forensic sciences—an introduction (Weinstock, R), Nov., 1187
 Ethics and value bias in the forensic sciences (Macklin, R), Nov., 1201
 Foundations of ethical practice in the forensic sciences (Rosner, R), Nov., 1189
 Member of the Roy Rogers Riders Club is expected to follow the rules faithfully (Norby, JJ), Nov., 1193
 Physician-assisted suicide and the doctrine of double effect (Kamm, FM), Nov., 1196

Ethnic groups

Effect of shovel trait on Carabelli's Trait in Taiwan Chinese and Aboriginal populations (Hsu, JW, Tsai, PL, Hsiao, TH, Chang, HP, Lin, LM, Liu, KM, Yu, HS, and Ferguson, D), Sept., 802
 Identification of Euro-Americans, Afro-Americans, and Amerindians from palatal dimensions (Byers, SN, Churchill, SE, and Curran, B), Jan., 3

Ethyl glucuronide

Ethyl glucuronide concentration in serum of human volunteers, teetotalers, and suspected drinking drivers (Schmitt, G, Droenner, P, Skopp, G, and Aderjan, R), Nov., 1097

Euthanasia

Physician-assisted suicide and the doctrine of double effect (Kamm, FM), Nov., 1196

Excited delirium

Fatal excited delirium following cocaine use: epidemiologic findings provide new evidence for mechanisms of cocaine toxicity (Ruttenber, AJ, Lawler-Heavner, J, Yin, M, Wetli, CV, Hearn, WL, and Mash, DC), Jan., 25

Expert systems

Using a graphical method to assist the evaluation of complicated patterns of evidence (Dawid, AP and Evett, IW), March, 226

Extraction

Comparison of three DNA extraction methods on bone and blood stains up to 43 years old and amplification of three different gene sequences (Cattaneo, C, Craig, OE, James, NT, and Sokol, RJ), Nov., 1124
 DNA extraction from liquid blood using QIAamp (Scherczinger, CA, Bourke, MT, Ladd, C, and Lee, HC), Sept., 893
 Extraction of single-copy nuclear DNA from forensic specimens with a variety of postmortem histories (Evison, MP, Smillie, DM, and Chamberlain, AT), Nov., 1030

F**Facial reconstruction**

Forensic three-dimensional facial reconstruction: historical review and contemporary developments (Tyrrell, AJ, Evison, MP, Chamberlain, AT, and Green, MA), July, 653
 Fully three-dimensional method for facial reconstruction based on deformable models (Quatrehomme, G, Cotin, S, Subsol, G, Delingette, H, Garidel Y, Grévin, G, Fidrich, M, Baillet, P, and Ollier, A), July, 649

Family Court

Who does the Family Court refer for psychiatric services? (Gunter-Justice, TD and Ott, DA), Nov., 1102

Fatalities—see Death**Father Bachelot**

Search for Father Bachelot: first Catholic missionary to the Hawaiian Islands (1827–1837) (Pietrusewsky, M and Wil-lacker, LM), March, 208

Femoral blood—see Blood**Fentanyl**

Fatal fentanyl intoxication following excessive transdermal application (Edinboro, LE, Poklis, A, Trautman, D, Lowry, S, Backer, R, and Harvey, CM), July, 741

Fermentation

Inhibition of ethanol production by *Saccharomyces cerevisiae* in human blood by sodium fluoride (Amick, GD and Habben, KH), July, 690

Fibers

Study to investigate the feasibility of using X-ray fluorescence microanalysis to improve discrimination between colorless synthetic fibers (Cartier, J, Roux, C, and Grieve, M), Nov., 1017

Field sampling—see Sampling**Field trials**

Detection of firearms imprints on hands of suspects: study of the PDT-based field test (Almog, J and Glattstein, B), Nov., 991

Fingermarks

Effects of fingermark enhancement light sources on subsequent PCR-STR DNA analysis of fresh bloodstains (Andersen, J and Bramble, S), March, 303

Fingerprints

Development of latent fingerprints on unfired cartridges by palladium deposition: a surface study (Migron, Y and Mandler, D), Nov., 984
 Lipid-specific latent fingerprint detection: fingerprints on currency (Allred, CE, Lin, T, and Menzel, ER), Nov., 995

Fire debris analysis

Comparison of the eluting efficiency of carbon disulfide with diethyl ether: the case for laboratory safety (Lentini, JJ and Armstrong, AT), March, 307

Fire tests

Upholstered furniture transition from smoldering to flaming (Babrauskas, V and Krasny, JF), Nov., 1027

Firearms

Detection of firearms imprints on hands of suspects: study of the PDT-based field test (Almog, J and Glattstein, B), Nov., 991
 Firearm and toolmark identification criteria: a review of the literature (Nichols, RG), May, 466
 Firearms reference collections—their size, composition, and use (Hamby, JE and Thorpe, JW), May, 461

Fires

Surface analysis of copper arc beads—a critical review (Howitt, DG), July, 608

Fish v. Beech Aircraft

Ruidoso plane crash—the background and the trial verdict (Brunk, SK), May, 378

Flameless atomic absorption spectroscopy—see **Spectroscopy**

Flammable liquids—see **Accelerants**

Fluoxetine

Postmortem serum and tissue redistribution of fluoxetine and norfluoxetine in dogs following oral administration of fluoxetine hydrochloride (Prozac®) (Pohland, RC and Bernhard, NR), Sept., 812

Forensic anthropology

Anthropometry of contemporary commercial cremation (Warren, MW and Maples, WR), May, 417

Attribution of foot bones to sex and population groups (Smith, SL), March, 186

Contribution of microscopic plant anatomy to postmortem bone dating (Quatrehomme, G, Lacoste, A, Bailet, P, Grévin, G, and Ollier, A), Jan., 140

Education in forensic anthropology: appraisal and outlook (Galloway, A and Simmons, TL), Sept., 796

Effect of shovel trait on Carabelli's Trait in Taiwan Chinese and Aboriginal populations (Hsu, JW, Tsai, PL, Hsiao, TH, Chang, HP, Lin, LM, Liu, KM, Yu, HS, and Ferguson, D), Sept., 802

Evidence of pin implantation as a means of verifying death during the Great Plague of Marseilles (1722) (Leonetti, G, Signoli, M, Pelissier, AL, Champsaur, P, Hershkovitz, I, Brunet, C, and Dutour, O), July, 744

Forensic three-dimensional facial reconstruction: historical review and contemporary developments (Tyrrell, AJ, Evison, MP, Chamberlain, AT, and Green, MA), July, 653

Identification of Euro-Americans, Afro-Americans, and Amerindians from palatal dimensions (Byers, SN, Churchill, SE, and Curran, B), Jan., 3

Search for Father Bachelot: first Catholic missionary to the Hawaiian Islands (1827–1837) (Pietruszewsky, M and Wil-lacker, LM), March, 208

Sex determination by discriminant analysis of *calcanei* measurements (Introna, F, Jr., Di Vella, G, Campobasso, CP, and Dragone, M), July, 725

Sexual determination of the femur using discriminant functions. Analysis of a Spanish population of known sex and age (Trancho, GJ, Robledo, B, López-Bueis, I, and Sánchez, JA), March, 181

Skeletal evidence for child abuse: a physical anthropological perspective (Walker, PL, Cook, DC, and Lambert, PM), March, 196

Some considerations regarding the use of amino acid racemization in human dentine as an indicator of age at death (Carolan, VA, Gardner, MLG, Lucy, D, and Pollard, AM), Jan., 10

Three-dimensional imaging in forensic anthropology: a test study using the Macintosh (Ackermann, RR), Jan., 93

Forensic botany

Forensic botany: an under-utilized resource (Bock, JH and Norris, DO), May, 364

Forensic botany: trichome evidence (Bates, DM, Anderson, GJ, and Lee, RD), May, 380

Forensic palynology and the Ruidoso, New Mexico plane crash—the pollen evidence II (Graham, A), May, 391

Pollen composition in a crashed plane's engine (Lewis, WH), May, 387

Forensic ecology

Forensic botany: an under-utilized resource (Bock, JH and Norris, DO), May, 364

Forensic medicine

National survey of autopsy cost and workload (Jason, DR, Lantz, PE, and Pre-isser, JS), March, 270

Forensic science

Anatomy of the Lindbergh kidnapping (Graham, SA), May, 368

Applicability of formalin-fixed and formalin fixed paraffin embedded tissues in forensic DNA analysis (Romero, RL, Juston, AC, Ballantyne, J, and Henry, BE), July, 708

Austrian Caucasian population data for the Quadruplex Plus amelogenin: refined mutation rate for HumvWFA31/A (Ambach, E, Parson, W, Niederstätter, H, and Budowle, B), Nov., 1134

Computerized polygraph scoring system (Olsen DE, Harris, JC, Capps, MH, and Ansley, N), Jan., 61

Cyril H. Wecht, M.D., J.D., honoree of the 1996 Career Achievements Award, New York Society of Forensic Sciences at Lehman College (Taff, ML and Boglioli, LR), Jan., 160

Development of latent fingerprints on unfired cartridges by palladium deposition: a surface study (Migron, Y and Mandler, D), Nov., 984

Effects of fingerprint enhancement light sources on subsequent PCR-STR DNA analysis of fresh bloodstains (Andersen, J and Bramble, S), March, 303

Entomological evidence (Rozen, JF, Jr. and Eickwort, GC), May, 394

False report of product tampering involving a rodent and soft drink can: light microscopy, image analysis and scanning electron microscopy/energy dispersive X-ray analysis (Platek, SF, Ranieri, N, and Wolnik, KA), Nov., 1169

Field sampling and chemical analysis (Liddell, CM), May, 398

Filtering effects of various household fabrics on the pollen content of hash oil (Cannabis extract) (Horrocks, M, Bedford, KR, and Morgan-Smith, RK), March, 256

Firearms reference collections—their size, composition, and use (Hamby, JE and Thorpe, JW), May, 461

Fixed bin population data for the VNTR loci D1S7, D2S44, D4S139, D5S110, D10S28, and D14S13 in a population sample from Rio De Janeiro, Brazil (Moura-Neto, RS and Budowle, B), Sept., 926

Forensic botany: trichome evidence (Bates, DM, Anderson, GJ, and Lee, RD), May, 380

Forensic palynology and the Ruidoso, New Mexico plane crash—the pollen evidence II (Graham, A), May, 391

Foundations of ethical practice in the forensic sciences (Rosner, R), Nov., 1189

Guest editorial (Peat, MA), Sept., 775

Identification and differentiation of bear bile used in medicinal products in Taiwan (Lin, D-L, Chang, H-C, Chang, C-P, and Chen, C-Y), Sept., 817

Member of the Roy Rogers Riders Club is expected to follow the rules faithfully (Norby, JJ), Nov., 1193

Physician-assisted suicide and the doctrine of double effect (Kamm, FM), Nov., 1196

Pollen composition in a crashed plane's engine (Lewis, WH), May, 387

Sequential multiplex amplification: utility in forensic casework with minimal amounts of DNA and partially degraded samples (Lorente, M, Lorente, JA, Alvarez, JC, Budowle, B, Wilson, MR, and Villanueva, E), Sept., 923

Skin scraping, cupping, and moxibustion that may mimic physical abuse (Look, KM and Look, RM), Jan., 103

Survey of the evidential value of paint transfer evidence (McDermott, SD and Willis, SM), Nov., 1010

Three cases of fatal firearm use following external hinge removal from locked gun cabinets (Huston, BM, Germaniuk, HD, and Sidler, AK), Sept., 956

Upholstered furniture transition from smoldering to flaming (Babrauskas, V and Krasny, JF), Nov., 1027

Using a graphical method to assist the evaluation of complicated patterns of evidence (Dawid, AP and Evett, IW), March, 226

Validation of HLA-DR locus typing in forensic specimens by combining PCR-SSP with PCR-RFLP (Ota, M, Katsuyama, Y, Liu, CY, Arakura, A, and Fukushima, H), Sept., 929

Forensic toxicology

Fatality due to moclobemide (Camaris, C and Little, D), Sept., 954

Formalin

Applicability of formalin-fixed and formalin fixed paraffin embedded tissues in forensic DNA analysis (Romero, RL, Juston, AC, Ballantyne, J, and Henry, BE), July, 708

Fourier transform infrared spectrometry—see **Spectrometry**

FTIR—see Spectrometry**Fulguration**

Unusual case of death by lightning (Blanco-Pampín, JM, Suárez Peñaranda, JM, Rico Boquete, R, and Concheiro Carro, L), Sept., 942

G**Gas chromatography/mass spectrometry**

Black market in anabolic steroids—analysis of illegally distributed products (Muschhoff, F, Daldrup, T, and Ritsch, M), Nov., 1117

Determination of phenmetrazine in urine by gas chromatography-mass spectrometry after liquid-liquid extraction and derivatization with perfluorooctanoyl chloride (Dasgupta, A and Mahle, CE), Sept., 937

Ethyl glucuronide concentration in serum of human volunteers, teetotalers, and suspected drinking drivers (Schmitt, G, Droenner, P, Skopp, G, and Aderjan, R), Nov., 1097

Gas chromatographic-mass spectrometric identification and quantitation of benzyl alcohol from human serum and postmortem blood after derivatization with 4-carbetoxy hexafluorobutyryl chloride: a novel derivative (Dasgupta, A and Steinagel, G), July, 697

GC/MS confirmation of barbiturates in blood and urine (Meatherall, R), Nov., 1158

Novel derivatization of phenol after extraction from human serum using perfluorooctanoyl chloride for gas chromatography-mass spectrometric confirmation and quantification (Hart, AP and Dasgupta, A), July, 693

Gas chromatography/mass spectroscopy

Zopiclone fatality in a hospitalized patient (Meatherall, RC), March, 340

Gel electrophoresis—see Electrophoresis**Genetic typing**

Applicability of formalin-fixed and formalin fixed paraffin embedded tissues in forensic DNA analysis (Romero, RL, Juston, AC, Ballantyne, J, and Henry, BE), July, 708

Assessment of DNA contamination risks in New York City Medical Examiner facilities (Toledano, T, Quarino, L, Leung, S, Buffolino, P, Baum, H, and Shaler, RC), July, 721

Co-amplification of the amelogenin and HLA DQ α genes: optimization and validation (Taylor, MS, Challed-Spong, A, and Johnson, EA), Jan., 130

Defining microsatellite alleles by genotyping global indigenous human populations and non-human primates (Jin, L, Underhill, PA, Buonocristiani, M, and Robertson, JM), May, 496

Distribution of the vWF alleles and genotypes in the Palestinian population (Khatib, H, Ezzughayyar, M, and Ayeshe, S), May, 504

Distribution of types for six PCR-based loci; LDLR, GYPA, HBG, D7S8, GC and HLA-DQA1 in Central Pyrenees and Teruel (Spain) (Bell, B, Budowle, B, Martinez-Jarreta, B, Casalod, Y, Abecia, E, and Castellano, M), May, 510

Effect of ethnic and racial population substructuring on the estimation of multi-locus fixed-bin VNTR RFLP genotype probabilities (Hartmann, JM, Houlihan, BT, Keister, RS, and Buse, EL), March, 232

Effect of sampling error and measurement error and its correlation on the estimation of multi-locus fixed-bin VNTR RFLP genotype probabilities (Hartmann, JM, Houlihan, BT, Thompson, LD, Chan, C, Baldwin, RA, and Buse, EL), March, 241

Effects of blood transfusions on PCR DNA typing at the CSF1PO, TPOX, TH01, D1S80, HLA-DQA1, LDLR, GYPA, HBG, D7S8 and GC loci (Brauner, P, Shpitz, M, Freund, M, and Manny, N), Nov., 1152

Evaluation of independence assumptions for PCR-based and protein-based genetic markers in New Jersey Caucasians (Budowle, B, Jankowski, LB, Corey, HW, Swec, NT, Freck-Tootell, S, Pino, JA, Schwartz, R, Kelley, CA, and Tarver, ML), March, 223

Extent of heterogeneity in mitochondrial DNA of European populations (Melton, T, Wilson, M, Batzer, M, and Stoneking, M), May, 437

Extent of heterogeneity in mitochondrial DNA of Sub-Saharan African populations (Melton, T, Ginther, C, Sensabaugh, G, Soodyall, H, and Stoneking, M), July, 582

Fixed bin population data for the VNTR loci D1S7, D2S44, D4S139, D5S110, D10S28, and D14S13 in a population sample from Rio De Janeiro, Brazil (Moura-Neto, RS and Budowle, B), Sept., 926

Genetic variations at four tetrameric tandem repeat loci in Korean population (Park, SJ, Lee, WG, Lee, SW, Kim, SH, Koo, BS, Budowle, B, and Rho, HM), Jan., 125

Highly informative single-stranded conformation polymorphism (SSCP) of short tandem repeats in DNA identification (Lucas, M, Muñoz, C, Pintado, E, and Solano, F), Jan., 118

Improved high resolution single method for orosomucoid ORM1 and ORM2 phe-

notyping (Sebetan, IM, Oshida, S, and Tie, J), Jan., 115

Infrared fluorescent detection of PCR amplified gender identifying alleles (Roy, R and Steffens, DL), May, 452

Italian population allele and genotype frequencies for the AmpliType® PM and the HLA-DQ-alpha loci (Spinella, A, Marsala, P, Biondo, R, and Montagna, P), May, 514

PCR-based forensic testing of DNA from stained cytological smears (Dimo-Simonin, N, Grange, F, and Brandt-Casadevall, C), May, 506

Population study of the HUMTH01, HUMVWA31A, HUMF13A1, and HUMFES/EPS STR polymorphisms in the North of Portugal (Pinheiro, F, Pontes, L, Gené, M, Huguet, E, Pinto da Costa, J, and Moreno, P), Jan., 121

Products of partial digestion with *Hae* III. Part 1. Characterization, casework experience and confirmation of the theory of three-, four- and five-banded RFLP pattern origins using partial digestion (Benzinger, EA, Emerek, EA, Grigsby, NL, Diewer, DL, Lovekamp, ML, Deadman, H, Thompson, JL, Sallee, PJ, and Riech, AK), Sept., 850

Products of partial digestion with *Hae* III. Part 2. Quantification (Diewer, DL and Benzinger, EA), Sept., 864

Rapid screening of multiple forensic stains by SSCP analysis of HLA-DQ α amplification products (Kreike, J and Lehner, A), July, 715

Sequence analysis of domestic dog mitochondrial DNA for forensic use (Savolainen, P, Rosén, B, Holmberg, A, Leitner, T, Uhlén, M, and Lundeberg J), July, 593

Summary of validation studies from twenty-six forensic laboratories in the United States and Canada on the use of the AmpliType® PM PCR amplification and typing kit (Word, CJ, Sawosik, TM, and Bing, DH), Jan., 39

United States population data on the multiplex short tandem repeat loci—HUMTH01, TPOX, and CSF1PO—and the variable number tandem repeat locus D1S80 (Budowle, B, Smerick, JB, Keys, KM, and Moretti, TR), Sept., 846

Validation studies for the genetic typing of the D1S80 locus for implementation into forensic casework (Gross, AM, Carmody, G, and Guerrieri, RA), Nov., 1138

Validation studies of the CTT STR multiplex system (Budowle, B, Moretti, TR, Keys, KM, Koons, BW, and Smerick, JB), July, 701

Glue-lift

Fundamental studies of gunshot residue deposition by glue-lift (Basu, S, Boone, CE, Jr., Denio, DJ, Jr., and Miazga, RA), July, 571

Gun cabinets

Three cases of fatal firearm use following external hinge removal from locked gun cabinets (Huston, BM, Germaniuk, HD, and Sidler, AK), Sept., 956

Gunshot residues

Analysis of gunshot residues on human tissues and clothing by X-ray microfluorescence (Brazeau, J and Wong, RK), May, 424

Fundamental studies of gunshot residue deposition by glue-lift (Basu, S, Boone, CE, Jr., Denio, DJ, Jr., and Miazga, RA), July, 571

Gunshot residue analysis—a review (Meng, H-H and Caddy, B), July, 553

More on the uniqueness of gunshot residue (GSR) particles (Zeichner, A and Levin, N), Nov., 1025

H**Hair**

Enantioselective separation of methadone and its main metabolite in human hair by liquid chromatography/ion spray-mass spectrometry (Kintz, P, Eser, HP, Tracqui, A, Moeller, M, Cirimele, V, and Mangin, P), March, 291

Influence of pigmentation on the codeine content of hair fibers in guinea pigs (Pötsch, L, Skopp, G, and Moeller, MR), Nov., 1093

Handwriting

Infrared luminescence of indented writing as evidence of document alteration (Sharf, S, Gabbay, R, and Brown, S), July, 729

Validation study of the influence of alcohol on handwriting (Stinson, MD), May, 411

Writer identification by professional document examiners (Kam, M, Fielding, G, and Conn, R), Sept., 778

Headspace gas chromatography—see Gas chromatography**Hemorrhage**

Transillumination enhances photographs of retinal hemorrhages (Nolte, KB), Sept., 935

Heroin

Isotopic analysis of ¹³C as a tool for comparison and origin assignment of seized heroin samples (Besacier, F, Guilluy, R, Brazier, JL, Chaudron-Thozet, H, Girard, J, and Lamotte, A), May, 429

Statistical approach to the prediction of verifiable heroin use from total codeine and total morphine concentrations in urine (Fuller, DC), July, 685

High performance liquid chromatography—see Chromatography**Historical skeletal remains**

Attribution of foot bones to sex and population groups (Smith, SL), March, 186

Contribution of microscopic plant anatomy to postmortem bone dating (Quatrehomme, G, Lacoste, A, Bailet, P, Grévin, G, and Ollier, A), Jan., 140

Pilot study using the first cervical vertebra as an indicator of race (Marino, EA), Nov., 1112

Sex estimation from the metatarsals (Robling, AG and Ubelaker, DH), Nov., 1060

Sexual determination of the femur using discriminant functions. Analysis of a Spanish population of known sex and age (Trancho, GJ, Robledo, B, López-Bueis, I, and Sánchez, JA), March, 181

Homicide

Antisocial personality disorder, sexual sadism, malignant narcissism, and serial murder (Geberth, VJ and Turco, RN), Jan., 49

Diethyl ether, a chemical asphyxiant used as a prelude to homicide: a report of three cases (Ward, ME and Meyerhein, RF), March, 344

HIV seroprevalence rates among homicide victims in New York City: 1991–1993 (Tardiff, K, Marzuk, PM, Leon, AC, Hirsch, CS, Stajic, M, Portera, L, and Hartwell, N), Nov., 1068

Impact of homicide trials on the forensic pathologist's time—the Fulton County experience (Hanzlick, R), May, 533

Intrafamilial homicide committed by juveniles: examination of a sample with recommendations for prevention (Kashani, JH, Darby, PJ, Allan, WD, Hartke, KL, and Reid, JC), Sept., 873

Predatory violence during mass murder (Meloy, JR), March, 326

Three cases of fatal firearm use following external hinge removal from locked gun cabinets (Huston, BM, Germaniuk, HD, and Sidler, AK), Sept., 956

Violence in America: a survey of suicide linked to homicides (Aderibigbe, YA), July, 662

Human behavior

Stalking on campus: the prevalence and strategies for coping with stalking (Fremouw, WJ, Westrup, D, and Pennypacker, J), July, 666

Human identification

Anthropometry of contemporary commercial cremation (Warren, MW and Maples, WR), May, 417

Attribution of foot bones to sex and population groups (Smith, SL), March, 186

Digital video image capture in establishing positive identification (Marks, MK, Bennett, JL, and Wilson, OL), May, 492

Fatal air transport accidents involving athletic teams from the United States (Murphy, GK), Jan., 74

Fully three-dimensional method for facial reconstruction based on deformable models (Quatrehomme, G, Cotin, S, Subsol, G, Delingette, H, Garidel Y, Grévin, G, Fidrich, M, Bailet, P, and Ollier, A), July, 649

Improved high resolution single method for orosomuroid ORM1 and ORM2 phenotyping (Sebetan, IM, Oshida, S, and Tie, J), Jan., 115

Pilot study using the first cervical vertebra as an indicator of race (Marino, EA), Nov., 1112

Search for Father Bachelot: first Catholic missionary to the Hawaiian Islands (1827–1837) (Pietruszewsky, M and Willacker, LM), March, 208

Sex determination by discriminant analysis of *calcanei* measurements (Introna, F, Jr., Di Vella, G, Campobasso, CP, and Dragone, M), July, 725

Sex estimation from the metatarsals (Robling, AG and Ubelaker, DH), Nov., 1060

Sexual determination of the femur using discriminant functions. Analysis of a Spanish population of known sex and age (Trancho, GJ, Robledo, B, López-Bueis, I, and Sánchez, JA), March, 181

Stable lead isotopes in teeth as indicators of past domicile—a potential new tool in forensic science? (Gulson, BL, Jameson, CW, and Gillings, BR), Sept., 787

Suicidal terrorist bombings in Israel—identification of human remains (Kahana, T, Freund, M, and Hiss, J), March, 260

Human immunodeficiency virus (HIV)

HIV seroprevalence rates among homicide victims in New York City: 1991–1993 (Tardiff, K, Marzuk, PM, Leon, AC, Hirsch, CS, Stajic, M, Portera, L, and Hartwell, N), Nov., 1068

Human leukocyte antigen

Validation of HLA-DR locus typing in forensic specimens by combining PCR-SSP with PCR-RFLP (Ota, M, Katsuyama, Y, Liu, CY, Arakura, A, and Fukushima, H), Sept., 929

Hyoid bone

Forensic significance of the polymorphism of hyoid bone shape (Pollanen, MS and Ubelaker, DH), Sept., 890

I**Identification**

Firearm and toolmark identification criteria: a review of the literature (Nichols, RG), May, 466

Separation and comparison of fountain pen inks by capillary zone electrophoresis (Rohde, E, McManus, AC, Vogt, C, and Heineman, WR), Nov., 1002

Imaging

Fully three-dimensional method for facial reconstruction based on deformable models (Quatrehomme, G, Cotin, S, Subsol, G, Delingette, H, Garidel Y, Grévin, G, Fidrich, M, Bailet, P, and Ollier, A), July, 649

Three-dimensional imaging in forensic anthropology: a test study using the Macintosh (Ackermann, RR), Jan., 93

Unusual penetrating neck wound by a golf club: precise forensic imaging (Keller, T, Watson, J, Goldstein, L, and Chappell, T), July, 733

Imipramine

Death of two subjects due to imipramine and desipramine metabolite accumulation during chronic therapy: a review of the literature and possible mechanisms (Swanson, JR, Jones, GR, Krasselt, W, Denmark, LN, and Ratti, F), March, 335

Imprints

Detection of firearms imprints on hands of suspects: study of the PDT-based field test (Almog, J and Glattstein, B), Nov., 991

Indecent exposure—see Criminal sex offenses

Indented writing—see Handwriting

Inductively coupled plasma-atomic emission spectrometry—see Spectrometry

Infanticide

Killing of Baby Doe (Harris, LS), Nov., 1178

Infrared luminescence—see Luminescence

Infrared spectroscopy—see Spectroscopy

Inhalation

Indoor air quality-pharmacokinetic simulation of passive inhalation of marijuana smoke and the resultant buildup of 11-nor-delta-9-tetrahydrocannabinol-9-carboxylic acid in urine (Giardino, NJ), March, 323

Injuries

Injuries due to letter bombs (Misliwetz, J, Schneider, B, Oppenheim, H, and Wieser, I), Nov., 979

Inks

Fraudulent case involving novel ink eradicating methods (Abulafia, A, Brown, S, and Abramovich-Bar, S), March, 300

Separation and comparison of fountain pen inks by capillary zone electrophoresis (Rohde, E, McManus, AC, Vogt, C, and Heineman, WR), Nov., 1002

Insects

Estimation of postmortem interval based on colony development time for *Anoplo-*

lepis longipes (Hymenoptera: formicidae) (Goff, ML and Win, BH), Nov., 1174

Midge larvae (*Diptera: Chironomidae*) as indicators of postmortem submersion interval of carcasses in a woodland stream: a preliminary report (Keiper, JB, Chapman, EG, and Foot, BA), Nov., 1072

Use of insects to determine time of decapitation: a case-study from British Columbia (Anderson, GS), Sept., 947

Intoxilyzer 5000®

Response of the Intoxilyzer 5000® to five potential interfering substances (Caldwell, JP and Kim, ND), Nov., 1078

Intubation

Postmortem diffusion of tracheal lidocaine into heart blood following intubation for cardiopulmonary resuscitation (Moriya, F and Hashimoto, Y), March, 296

Isoelectric focusing

Improved high resolution single method for orosomucoid ORM1 and ORM2 phenotyping (Sebetan, IM, Oshida, S, and Tie, J), Jan., 115

Isotopic analysis

Isotopic analysis of ¹³C as a tool for comparison and origin assignment of seized heroin samples (Besacier, F, Guilluy, R, Brazier, JL, Chaudron-Thozet, H, Girard, J, and Lamotte, A), May, 429

Ivory

Nondestructive identification of ivory-like seal materials (Shimoyama, M, Hamanaga, BL, Ninomiya, T, and Ozaki, Y), May, 434

J-K**JC virus**

Molecular detection of JC virus in embalmed, formalin-fixed, paraffin-embedded brain tissue (Amaker, BH, Chandler, FW, Jr., Huey, SLO, and Colwell, RM), Nov., 1155

Jurisprudence

Comments from the perspective of the AAFS Ethics Committee Chairman (Mills, DH), Nov., 1205

Ethical practice in the forensic sciences—an introduction (Weinstock, R), Nov., 1187

Ethics and value bias in the forensic sciences (Macklin, R), Nov., 1201

Impact of homicide trials on the forensic pathologist's time—the Fulton County experience (Hanzlick, R), May, 533

Physician-assisted suicide and the doctrine of double effect (Kamm, FM), Nov., 1196

Ruidoso plane crash—the background and the trial verdict (Brunk, SK), May, 378

Juveniles

Who does the Family Court refer for psychiatric services? (Gunter-Justice, TD and Ott, DA), Nov., 1102

Ketamine

Tissue distribution of ketamine in a mixed drug fatality (Moore, KA, Kilbane, EM, Jones, R, Kunsman, GW, Levine, B, and Smith, M), Nov., 1181

L**Lanthanides**

Lipid-specific latent fingerprint detection: fingerprints on currency (Allred, CE, Lin, T, and Menzel, ER), Nov., 995

Lasers

Effects of fingermark enhancement light sources on subsequent PCR-STR DNA analysis of fresh bloodstains (Andersen, J and Bramble, S), March, 303

Last Word Society

Evidence of pin implantation as a means of verifying death during the Great Plague of Marseilles (1722) (Leonetti, G, Signoli, M, Pelissier, AL, Champsaur, P, Hershkovitz, I, Brunet, C, and Dutour, O), July, 744

Latent fingerprints—see Fingerprints

Lead isotope ratios

Stable lead isotopes in teeth as indicators of past domicile—a potential new tool in forensic science? (Gulson, BL, Jameson, CW, and Gillings, BR), Sept., 787

Letters to the Editor

Authors' response (Englander, F, Hodson, TJ, and Terregrossa, R), July, 755

Authors' response (Miller, ML, Lord, WD, and Goff, ML), Nov., 1213

Authors' response (Moriya, F and Hashimoto, Y), Sept., 966

Author's response (Simmons, GT), Nov., 1214

Authors' response (Turco, R and Geberth, VJ), July, 757

Author's response (Yamazaki, M), Sept., 964

Clinical forensic medicine: do it well for the patient (Hanzlick, R), March, 349

Commentary on Englander F, Hodson TJ, Terregrossa RA. Economic dimensions of slip and fall injuries. *J Forensic Sci* 1996;41(5):733-46 (Asche, CV), July, 755

Commentary on Geberth VJ, Turco RN. Antisocial personality disorder, sexual sadism, malignant narcissism, and serial murder. *J Forensic Sci* 1997;42(1):49-60 (Melo, JR), July, 757

Commentary on Gernandt MN, Urlaub, JJ. An introduction to the gel pen. *J Forensic Sci* 1996 May;41(3):503-4 (Giles, A), July, 759

Commentary on Goff et al. Effects of 3,4-methylenedioxyamphetamine in decomposing tissues on the development of *Parasarcophaga ruficornis* (Diptera: Sarcophagidae) and detection of the drug in postmortem blood, liver tissues, larvae and pupae. *J Forensic Sci* 1997;42(2):276-80 (Sadler, DW, Seneviratne, C, and Pounder, DJ), Nov., 1212

Commentary on Moriya F, Hashimoto Y. Postmortem diffusion of tracheal lidocaine into heart blood following intubation for cardiopulmonary resuscitation. *J Forensic Sci* 1997 Mar;42(2):296-9 (Pounder, DJ), Sept., 965

Commentary on Sadler et al. Barbiturates and analgesics in *Calliphora vicina* larvae. *J Forensic Sci* 1997;42(3):481-5 (Sadler, DW, Chuter, G, Seneviratne, C, and Pounder, DJ), Nov., 1214

Commentary on Simmons GT. Findings in gunshot wounds from tandem projectiles. *J Forensic Sci* 1997 July;42(4):678-81 (Fackler, ML), Nov., 1214

Commentary on Yamazaki M, Hongcheng B, Tun Z, Ogura Y, Wakasugi C. An electrocution death of an infant who had received an electric shock from an uncovered oval shaped lamp switch in his mouth while in the hospital. *J Forensic Sci* 1997 Jan;42(1):151-4 (Wright, RK), Sept., 963

Coroner and medical examiner systems (Wecht, C), Nov., 1213

DNA statistical paradigm vs. everything else (Thornton, JJ), July, 758

Drug Enforcement Administration (DEA) chemists erred in calculating quantity of methadone that could be synthesized from precursor chemicals (Zedeck, MS), March, 349

Endodontics as a dental identification (Weisman, MI), May, 535

High levels of α -amylase in seminal fluid may represent a simple artifact in the collection process (Hochmeister, MN, Schlatter, P, Rudin, O, and Dirnhofer, R), May, 535

Is the power of inquest a valuable asset? (Mills, DH), July, 759

Proficiency testing—a suggestion (Gorski, A), May, 536

Reflections on the 1997 AAFS Meeting Plenary Session (Tanay, E), July, 758

Response to claim of error by Drug Enforcement Administration (DEA) chemist in calculating quantity of methadone synthesized from precursor chemicals (Hatcher, AP and Ryan, CR), Sept., 963

Sudden cardiac death in a healthy 28-year-old male truck driver abusing ephed-

rine (Blaszzyk, HJ and Edwards, WD), Jan., 169

Letter bombs

Injuries due to letter bombs (Missliwetz, J, Schneider, B, Oppenheim, H, and Wieser, I), Nov., 979

Lidocaine

Postmortem diffusion of tracheal lidocaine into heart blood following intubation for cardiopulmonary resuscitation (Moriya, F and Hashimoto, Y), March, 296

Light microscopy—see Microscopy

Lightning

Unusual case of death by lightning (Blanco-Pampín, JM, Suárez Peñaranda, JM, Rico Boquete, R, and Concheiro Carro, L), Sept., 942

Likelihood ratios

Interpreting DNA mixtures (Weir, BS, Triggs, CM, Starling, L, Stowell, LI, Walsh, KAJ, and Buckleton, J), March, 213

Lindbergh kidnapping case

Anatomy of the Lindbergh kidnapping (Graham, SA), May, 368

Lipids

Lipid-specific latent fingerprint detection: fingerprints on currency (Allred, CE, Lin, T, and Menzel, ER), Nov., 995

Luminescence

Infrared luminescence of indented writing as evidence of document alteration (Sharf, S, Gabbay, R, and Brown, S), July, 729

M

Marijuana

Filtering effects of various household fabrics on the pollen content of hash oil (Cannabis extract) (Horrocks, M, Bedford, KR, and Morgan-Smith, RK), March, 256

Identification of butyl cannabinoids in marijuana (Smith, RM), July, 610

Marseilles

Evidence of pin implantation as a means of verifying death during the Great Plague of Marseilles (1722) (Leonetti, G, Signoli, M, Pelissier, AL, Champsaur, P, Hershkovitz, I, Brunet, C, and Dutour, O), July, 744

Mass disasters—see Human identification

Mass murder—see Homicide

Mass spectrometry

HPLC/MS determination of buprenorphine and norbuprenorphine in biological

fluids and hair samples (Tracqui, A, Kintz, P, and Mangin, P), Jan., 111

Mass spectrum of cocaine (Smith, RM), May, 466

Matricide

Forensic analysis and psycholegal implications of parricide and attempted parricide (Weisman, AM and Sharma, KK), Nov., 1105

Mattresses

Upholstered furniture transition from smoldering to flaming (Babrauskas, V and Krasny, JF), Nov., 1027

Medical examiners

Centers for Disease Control and Prevention's Medical Examiner/Coroner Information Sharing Program (MeclSP) (Hanzlick, R), May, 531

National survey of autopsy cost and workload (Jason, DR, Lantz, PE, and Preisser, JS), March, 270

Medical personnel

Impact of homicide trials on the forensic pathologist's time—the Fulton County experience (Hanzlick, R), May, 533

Mental illness

New variant of "subjective" delusional misidentification associated with aggression (Silva, JA, Leong, GB, Rhodes, LJ, and Weinstock, R), May, 406

Methadone

Detection of alprazolam in three cases of methadone/benzodiazepine overdose (Rogers, WO, Hall, MA, Brissie, RM, and Robinson, CA), Jan., 155

Enantioselective separation of methadone and its main metabolite in human hair by liquid chromatography/ion spray-mass spectrometry (Kintz, P, Eser, HP, Tracqui, A, Moeller, M, Cirimele, V, and Mangin, P), March, 291

Methamphetamine

Distinguishing amphetamine, methamphetamine and 3,4-methylenedioxy-methamphetamine from other sympathomimetic amines after rapid derivatization with propyl chloroformate and analysis by GC-chemical ionization mass spectrometry (Dasgupta, A and Hart, AP), Jan., 106

3,4-Methylenedioxyamphetamine

Distinguishing amphetamine, methamphetamine and 3,4-methylenedioxy-methamphetamine from other sympathomimetic amines after rapid derivatization with propyl chloroformate and analysis by GC-chemical ionization mass spectrometry (Dasgupta, A and Hart, AP), Jan., 106

Effects of 3,4-methylenedioxy-methamphetamine in decomposing tissues on the development of *Parasarcophaga ruficornis* (Diptera: Sarcophagidae) and

detection of the drug in postmortem blood, liver tissue, larvae, and puparia (Goff, ML, Miller, ML, Paulson, JD, Lord, WD, Richards, E, and Omori, AI), March, 276

Microscopy

False report of product tampering involving a rodent and soft drink can: light microscopy, image analysis and scanning electron microscopy/energy dispersive X-ray analysis (Platek, SF, Ranieri, N, and Wolnik, KA), Nov., 1169

Study to investigate the feasibility of using X-ray fluorescence microanalysis to improve discrimination between colorless synthetic fibers (Cartier, J, Roux, C, and Grieve, M), Nov., 1017

Misidentification syndromes

New variant of "subjective" delusional misidentification associated with aggression (Silva, JA, Leong, GB, Rhodes, LJ, and Weinstock, R), May, 406

Role of mania in the genesis of dangerous delusional misidentification (Silva, JA, Ferrari, MM, Leong, GB, and Weinstock, R), July, 670

Violent behaviors associated with the antichrist delusion (Silva, JA, Leong, GB, and Weinstock, R), Nov., 1056

Mixed DNA stains

Interpreting DNA mixtures (Weir, BS, Triggs, CM, Starling, L, Stowell, LI, Walsh, KAJ, and Buckleton, J), March, 213

Moclobemide

Fatality due to moclobemide (Camaris, C and Little, D), Sept., 954

Fatality involving moclobemide, sertraline, and pimozone (McIntyre, IM, King, CV, Staikos, V, Gall, J, and Drummer, OH), Sept., 951

Modeling

Forensic three-dimensional facial reconstruction: historical review and contemporary developments (Tyrrell, AJ, Evison, MP, Chamberlain, AT, and Green, MA), July, 653

Indoor air quality-pharmacokinetic simulation of passive inhalation of marijuana smoke and the resultant buildup of 11-nor-delta-9-tetrahydrocannabinol-9-carboxylic acid in urine (Giardino, NJ), March, 323

Morphine

Distribution of free and conjugated morphine in body fluids and tissues in a fatal heroin overdose: is conjugated morphine stable in postmortem specimens? (Moriya, F and Hashimoto, Y), July, 736

In vitro experiment for postmortem vascular permeation. The passage of morphine and morphine glucuronides across a vascular wall (Skopp, G, Lutz, R, Pötsch, L, Ganßmann, B, Klinder, K,

Schmidt, A, Aderjan, R, and Mattern, R), May, 486

Statistical approach to the prediction of verifiable heroin use from total codeine and total morphine concentrations in urine (Fuller, DC), July, 685

Motor vehicle accidents

Survey of the evidential value of paint transfer evidence (McDermott, SD and Willis, SM), Nov., 1010

Moxibustion

Skin scraping, cupping, and moxibustion that may mimic physical abuse (Look, KM and Look, RM), Jan., 103

Murder—see Homicide

Musculoskeletal system

Skeletal evidence for child abuse: a physical anthropological perspective (Walker, PL, Cook, DC, and Lambert, PM), March, 196

Myxoma

Sudden death due to tricuspid valve myxoma with massive pulmonary embolism in a 15-month old male (Parker, KM and Embry, JH), May, 524

N

Nalbuphine

Tissue distribution of ketamine in a mixed drug fatality (Moore, KA, Kilbane, EM, Jones, R, Kunsman, GW, Levine, B, and Smith, M), Nov., 1181

Neonaticide

Killing of Baby Doe (Harris, LS), Nov., 1178

Nondestructive analysis

Nondestructive identification of ivory-like seal materials (Shimoyama, M, Hamanaga, BL, Ninomiya, T, and Ozaki, Y), May, 434

11-Nor-delta-9-tetrahydrocannabinol-9-carboxylic acid—see THCA

Norbuprenorphine

HPLC/MS determination of buprenorphine and norbuprenorphine in biological fluids and hair samples (Tracqui, A, Kintz, P, and Mangin, P), Jan., 111

Norfluoxetine

Postmortem serum and tissue redistribution of fluoxetine and norfluoxetine in dogs following oral administration of fluoxetine hydrochloride (Prozac®) (Pohland, RC and Bernhard, NR), Sept., 812

Nortriptyline

Possible markers for postmortem drug redistribution (Langford, AM and Pounder, DJ), Jan., 88

O

Odontology

Aging of bitemarks: a literature review (Dailey, JC and Bowers, CM), Sept., 792

Digital video image capture in establishing positive identification (Marks, MK, Bennett, JL, and Wilson, OL), May, 492

Effect of shovel trait on Carabelli's Trait in Taiwan Chinese and Aboriginal populations (Hsu, JW, Tsai, PL, Hsiao, TH, Chang, HP, Lin, LM, Liu, KM, Yu, HS, and Ferguson, D), Sept., 802

Estimation of age from teeth by amino acid racemization: influence of fixative (Ohtani, S, Ohhira, H, Watanabe, A, Ogasawara, A, and Sugimoto, H), Jan., 137

Improved method to recover saliva from human skin: the double swab technique (Sweet, D, Lorente, M, Lorente, JA, Valenzuela, A, and Villanueva, E), March, 320

PCR-based DNA typing of saliva stains recovered from human skin (Sweet, D, Lorente, JA, Valenzuela, A, Lorente, M, and Villanueva, E), May, 447

Some considerations regarding the use of amino acid racemization in human dentine as an indicator of age at death (Carolan, VA, Gardner, MLG, Lucy, D, and Pollard, AM), Jan., 10

Stable lead isotopes in teeth as indicators of past domicile—a potential new tool in forensic science? (Gulson, BL, Jameson, CW, and Gillings, BR), Sept., 787

P

Paints

Infrared spectra of U.S. automobile original topcoats (1974–1989): III. In situ identification of some organic pigments used in yellow, orange, red, and brown nonmetallic and brown metallic finishes—benzimidazolones (Suzuki, EM and Marshall, WP), July, 619

Survey of the evidential value of paint transfer evidence (McDermott, SD and Willis, SM), Nov., 1010

Survey of the evidential value of paint transfer evidence (McDermott, SD and Willis, SM), Nov., 1010

Palatal dimensions

Identification of Euro-Americans, Afro-Americans, and Amerindians from palatal dimensions (Byers, SN, Churchill, SE, and Curran, B), Jan., 3

Palladium deposition

Development of latent fingerprints on unfired cartridges by palladium deposition: a surface study (Migron, Y and Mandler, D), Nov., 984

Palynology

Filtering effects of various household fabrics on the pollen content of hash oil (Cannabis extract) (Horrocks, M, Bed-

ford, KR, and Morgan-Smith, RK), March, 256

Forensic palynology and the Ruidoso, New Mexico plane crash—the pollen evidence II (Graham, A), May, 391

Parricide

Forensic analysis and psycholegal implications of parricide and attempted parricide (Weisman, AM and Sharma, KK), Nov., 1105

Passive inhalation—see Inhalation

Pathology and biology

Analysis of allele distribution for six short tandem repeat loci in the French Canadian population of Québec (Busque, L, Desmarais, D, Provost, S, Schumm, JW, Zhong, Y, and Chakraborty, R), Nov., 1145

Assessment of DNA contamination risks in New York City Medical Examiner facilities (Toledano, T, Quarino, L, Leung, S, Buffolino, P, Baum, H, and Shaler, RC), July, 721

Centers for Disease Control and Prevention's Medical Examiner/Coroner Information Sharing Program (MeclSP) (Hanzlick, R), May, 531

Co-amplification of the amelogenin and HLA DQ α genes: optimization and validation (Taylor, MS, Challed-Spong, A, and Johnson, EA), Jan., 130

Comparison of three DNA extraction methods on bone and blood stains up to 43 years old and amplification of three different gene sequences (Cattaneo, C, Craig, OE, James, NT, and Sokol, RJ), Nov., 1124

Coronary artery compression by Teflon pledget granuloma following aortic valve replacement (Cohle, SD and Delavan, JW), Sept., 945

Death registration: history, methods, and legal issues (Hanzlick, R), March, 265

Defining microsatellite alleles by genotyping global indigenous human populations and non-human primates (Jin, L, Underhill, PA, Buoncristiani, M, and Robertson, JM), May, 496

Diagnostic value of the diatom test for drowning, I. Utility: a retrospective analysis of 771 cases of drowning in Ontario, Canada (Pollanen, MS, Cheung, C, and Chiasson, DA), March, 281

Diagnostic value of the diatom test for drowning, II. Validity: analysis of diatoms in bone marrow and drowning medium (Pollanen, MS), March, 286

Diethyl ether, a chemical asphyxiant used as a prelude to homicide: a report of three cases (Ward, ME and Meyerhein, RF), March, 344

Distribution of HLA-DQ α and polymarker (LDLR, GC, GYPA, HBG, and D7S8) alleles in Arab and Pakistani populations living in Abu Dhabi, United Arab Emirates (Tahir, MA, Caruso, J,

Budowle, B, Aziz, N, and Novick, GE), Sept., 914

Distribution of the vWF alleles and genotypes in the Palestinian population (Khatib, H, Ezzughayyar, M, and Ayesh, S), May, 504

Distribution of types for six PCR-based loci; LDLR, GYPA, HBG, D7S8, GC and HLA-DQA1 in Central Pyrenees and Teruel (Spain) (Bell, B, Budowle, B, Martinez-Jarreta, B, Casalod, Y, Abecia, E, and Castellano, M), May, 510

Effect of ethnic and racial population substructuring on the estimation of multi-locus fixed-bin VNTR RFLP genotype probabilities (Hartmann, JM, Houlihan, BT, Keister, RS, and Buse, EL), March, 232

Effect of sampling error and measurement error and its correlation on the estimation of multi-locus fixed-bin VNTR RFLP genotype probabilities (Hartmann, JM, Houlihan, BT, Thompson, LD, Chan, C, Baldwin, RA, and Buse, EL), March, 241

Effects of blood transfusions on PCR DNA typing at the CSF1P0, TP0X, TH01, D1S80, HLA-DQA1, LDLR, GYPA, HBG, D7S8 and GC loci (Brauner, P, Shpitzen, M, Freund, M, and Manny, N), Nov., 1152

Electrocution death of an infant who had received an electric shock from an uncovered oval shaped lamp switch in his mouth while in a hospital (Yamazaki, M, Bai, H, Tun, Z, Ogura, Y, and Wakasugi, C), Jan., 151

Estimation of postmortem interval based on colony development time for *Anoplolepis longipes* (Hymenoptera: formicidae) (Goff, ML and Win, BH), Nov., 1174

Evaluation of independence assumptions for PCR-based and protein-based genetic markers in New Jersey Caucasians (Budowle, B, Jankowski, LB, Corey, HW, Swec, NT, Freck-Tootell, S, Pino, JA, Schwartz, R, Kelley, CA, and Tarver, ML), March, 223

Extent of heterogeneity in mitochondrial DNA of European populations (Melton, T, Wilson, M, Batzer, M, and Stoneking, M), May, 437

Extent of heterogeneity in mitochondrial DNA of Sub-Saharan African populations (Melton, T, Ginther, C, Sensabaugh, G, Soodyall, H, and Stoneking, M), July, 582

Extraction of single-copy nuclear DNA from forensic specimens with a variety of postmortem histories (Evison, MP, Smillie, DM, and Chamberlain, AT), Nov., 1030

Fatal air transport accidents involving athletic teams from the United States (Murphy, GK), Jan., 74

Fatal excited delirium following cocaine use: epidemiologic findings provide new evidence for mechanisms of cocaine tox-

icity (Ruttenber, AJ, Lawler-Heavner, J, Yin, M, Wetli, CV, Hearn WL, and Mash, DC), Jan., 25

Fatality due to moclobemide (Camaris, C and Little, D), Sept., 954

Findings in gunshot wounds from tandem projectiles (Simmons, GT), July, 678

Foraging by food deprived larvae of *Neobellieria bullata* (Diptera: Sarcophagidae) (Christopherson, C and Gibo, DL), Jan., 71

Forensic autopsies from 1984 to 1993 in Vienna, Austria (Klupp, N, Risser, D, Heinzl, H, and Bauer, G), July, 675

Genetic individualization of domestic cats using feline STR loci for forensic applications (Menotti-Raymond, M, David, VA, Stephens, JC, Lyons, LA, and O'Brien, SJ), Nov., 1037

Genetic variations at four tetrameric tandem repeat loci in Korean population (Park, SJ, Lee, WG, Lee, SW, Kim, SH, Koo, BS, Budowle, B, and Rho, HM), Jan., 125

Highly informative single-stranded conformation polymorphism (SSCP) of short tandem repeats in DNA identification (Lucas, M, Muñoz, C, Pintado, E, and Solano, F), Jan., 118

HPLC/MS determination of buprenorphine and norbuprenorphine in biological fluids and hair samples (Tracqui, A, Kintz, P, and Mangin, P), Jan., 111

HumCD4—validation of a STR system for forensic purposes in an Austrian Caucasian population sample (Kluntschar, M and Crevenna, R), Sept., 907

Improved high resolution single method for orosomucoid ORM1 and ORM2 phenotyping (Sebetan, IM, Oshida, S, and Tie, J), Jan., 115

Infrared fluorescent detection of PCR amplified gender identifying alleles (Roy, R and Steffens, DL), May, 452

Interlaboratory evaluation of short tandem repeat triplex CTT (Kline, MC, Duewer, DL, Newall, P, Redman, JW, Reeder, DJ, and Richard, M), Sept., 897

Interpreting DNA mixtures (Weir, BS, Triggs, CM, Starling, L, Stowell, LI, Walsh, KAJ, and Buckleton, J), March, 213

Introduction to the Symposium on forensic chemistry, soil analysis, entomology, botany, palynology, and other aspects of non-genetic-marker biology (Graham, A), May, 363

Italian population allele and genotype frequencies for the AmpliType® PM and the HLA-DQ-alpha loci (Spinella, A, Marsala, P, Biondo, R, and Montagna, P), May, 514

Japanese population DNA typing data for the loci LDLR, GYPA, HBG, D7S8, and GC (Watanabe, Y, Yamada, S, Nagai, A, Takayama, T, Hirata, K, Bunai, Y, and Ohya, I), Sept., 911

Midge larvae (*Diptera: Chironomidae*) as indicators of postmortem submersion interval of carcasses in a woodland stream: a preliminary report (Keiper, JB, Chapman, EG, and Foot, BA), Nov., 1072

Molecular detection of JC virus in embalmed, formalin-fixed, paraffin-embedded brain tissue (Amaker, BH, Chandler, FW, Jr., Huey, SLO, and Colwell, RM), Nov., 1155

National survey of autopsy cost and workload (Jason, DR, Lantz, PE, and Preisser, JS), March, 270

PCR-based forensic testing of DNA from stained cytological smears (Dimo-Simonin, N, Grange, F, and Brandt-Casadevall, C), May, 506

Pentaplex automated fluorescent typing system for forensic identification and French Caucasian population data (Rousset, F, Pfitzinger, H, and Mangin, P), May, 500

Population study of the HUMTH01, HUMVWA31A, HUMF13A1, and HUMFES/FPS STR polymorphisms in the North of Portugal (Pinheiro, F, Pontes, L, Gené, M, Hugué, E, Pinto da Costa, J, and Moreno, P), Jan., 121

Rapid screening of multiple forensic stains by SSCP analysis of HLA-DQ α amplification products (Kreike, J and Lehner, A), July, 715

Recommended technique for brain removal to retain anatomic integrity of the pineal gland in order to determine its size in Sudden Infant Death Syndrome (Sparks, DL, Coyne, CM, Sparks, LM, and Hunsaker, JC, III), Jan., 100

Report on the new AAFS Continuing Medical Education reporting procedures: the Pathology/Biology Section perspective (Hanzlick, R), July, 682

Sequence analysis of domestic dog mitochondrial DNA for forensic use (Savolainen, P, Rosén, B, Holmberg, A, Leitner, T, Uhlén, M, and Lundeberg J), July, 593

Sudden cardiac death during exercise due to an isolated multiple anomaly of the left coronary artery in a 12-year-old girl: clinicopathologic findings (Garfia, A, Rodriguez, M, Chavarria, H, and Garrido, M), March, 330

Sudden death due to tricuspid valve myxoma with massive pulmonary embolism in a 15-month old male (Parker, KM and Embry, JH), May, 524

Sudden unexpected death in young adult due to right ventricular dysplasia (Lane, CD), Jan., 148

Suicidal terrorist bombings in Israel—identification of human remains (Kahana, T, Freund, M, and Hiss, J), March, 260

Summary of validation studies from twenty-six forensic laboratories in the United States and Canada on the use of the AmpliType® PM PCR amplification and typing kit (Word, CJ, Sawosik, TM, and Bing, DH), Jan., 39

Transillumination enhances photographs of retinal hemorrhages (Nolte, KB), Sept., 935

Underwater cave diving fatalities in Florida: a review and analysis (Byrd, JH and Hamilton, WF), Sept., 807

United States population data on the multiplex short tandem repeat loci—HUMTH01, TPOX, and CSF1PO—and the variable number tandem repeat locus D1S80 (Budowle, B, Smerick, JB, Keys, KM, and Moretti, TR), Sept., 846

Unusual case of death by lightning (Blanco-Pampín, JM, Suárez Peñaranda, JM, Rico Boquete, R, and Concheiro Carro, L), Sept., 942

Unusual penetrating neck wound by a golf club: precise forensic imaging (Keller, T, Watson, J, Goldstein, L, and Chappell, T), July, 733

Validation studies for the genetic typing of the D1S80 locus for implementation into forensic casework (Gross, AM, Carmody, G, and Guerrieri, RA), Nov., 1138

Validation studies of the CTT STR multiplex system (Budowle, B, Moretti, TR, Keys, KM, Koons, BW, and Smerick, JB), July, 701

Patricide

Forensic analysis and psycholegal implications of parricide and attempted parricide (Weisman, AM and Sharma, KK), Nov., 1105

Patterns

Unusual bloodstain case (Burnett, BR, Orantes, JM, and Pierson, ML), May, 519

PCR—see Polymerase chain reaction

Perfluorooctanoyl derivative

Determination of phenmetrazine in urine by gas chromatography-mass spectrometry after liquid-liquid extraction and derivatization with perfluorooctanoyl chloride (Dasgupta, A and Mahle, CE), Sept., 937

Novel derivatization of phenol after extraction from human serum using perfluorooctanoyl chloride for gas chromatography-mass spectrometric confirmation and quantification (Hart, AP and Dasgupta, A), July, 693

Phenmetrazine

Determination of phenmetrazine in urine by gas chromatography-mass spectrometry after liquid-liquid extraction and derivatization with perfluorooctanoyl chloride (Dasgupta, A and Mahle, CE), Sept., 937

Phenol

Novel derivatization of phenol after extraction from human serum using perfluorooctanoyl chloride for gas chromatography-mass spectrometric confirmation and quantification (Hart, AP and Dasgupta, A), July, 693

Photography

Transillumination enhances photographs of retinal hemorrhages (Nolte, KB), Sept., 935

Physical anthropology

Anthropometry of contemporary commercial cremation (Warren, MW and Maples, WR), May, 417

Attribution of foot bones to sex and population groups (Smith, SL), March, 186

Contribution of microscopic plant anatomy to postmortem bone dating (Quatrehomme, G, Lacoste, A, Bailet, P, Grévin, G, and Ollier, A), Jan., 140

Education in forensic anthropology: appraisal and outlook (Galloway, A and Simmons, TL), Sept., 796

Forensic significance of the polymorphism of hyoid bone shape (Pollanen, MS and Ubelaker, DH), Sept., 890

Forensic three-dimensional facial reconstruction: historical review and contemporary developments (Tyrrell, AJ, Evison, MP, Chamberlain, AT, and Green, MA), July, 653

Fully three-dimensional method for facial reconstruction based on deformable models (Quatrehomme, G, Cotin, S, Subsol, G, Delingette, H, Garidel Y, Grévin, G, Fidrich, M, Bailet, P, and Ollier, A), July, 649

Identification of Euro-Americans, Afro-Americans, and Amerindians from palatal dimensions (Byers, SN, Churchill, SE, and Curran, B), Jan., 3

Pilot study using the first cervical vertebra as an indicator of race (Marino, EA), Nov., 1112

Search for Father Bachelot: first Catholic missionary to the Hawaiian Islands (1827–1837) (Pietruszewski, M and Wil-lacker, LM), March, 208

Sex determination by discriminant analysis of *calcanei* measurements (Introna, F, Jr., Di Vella, G, Campobasso, CP, and Dragone, M), July, 725

Sex estimation from the metatarsals (Robling, AG and Ubelaker, DH), Nov., 1060

Sexual determination of the femur using discriminant functions. Analysis of a Spanish population of known sex and age (Trancho, GJ, Robledo, B, López-Bueis, I, and Sánchez, JA), March, 181

Skeletal evidence for child abuse: a physical anthropological perspective (Walker, PL, Cook DC, and Lambert, PM), March, 196

Three-dimensional imaging in forensic anthropology: a test study using the Macintosh (Ackermann, RR), Jan., 93

Physician-assisted suicide

Physician-assisted suicide and the doctrine of double effect (Kamm, FM), Nov., 1196

Pigmentation

Influence of pigmentation on the codeine content of hair fibers in guinea pigs (Pötsch, L, Skopp, G, and Moeller, MR), Nov., 1093

Pigments

Infrared spectra of U.S. automobile original topcoats (1974–1989): III. In situ identification of some organic pigments used in yellow, orange, red, and brown nonmetallic and brown metallic finishes—benzimidazolones (Suzuki, EM and Marshall, WP), July, 619

Pimozide

Fatality involving moclobemide, sertraline, and pimozide (McIntyre, IM, King, CV, Staikos, V, Gall, J, and Drummer, OH), Sept., 951

Pineal gland

Recommended technique for brain removal to retain anatomic integrity of the pineal gland in order to determine its size in Sudden Infant Death Syndrome (Sparks, DL, Coyne, CM, Sparks, LM, and Hunsaker, JC, III), Jan., 100

Plague

Evidence of pin implantation as a means of verifying death during the Great Plague of Marseilles (1722) (Leonetti, G, Signoli, M, Pelissier, AL, Champsaur, P, Hershkovitz, I, Brunet, C, and Dutour, O), July, 744

Plants

Contribution of microscopic plant anatomy to postmortem bone dating (Quatrehomme, G, Lacoste, A, Bailet, P, Grévin, G, and Ollier, A), Jan., 140
Forensic botany: an under-utilized resource (Bock, JH and Norris, DO), May, 364

Pollen

Entomological evidence (Rozen, JF, Jr and Eickwort, GC), May, 394
Filtering effects of various household fabrics on the pollen content of hash oil (Cannabis extract) (Horrocks, M, Bedford, KR, and Morgan-Smith, RK), March, 256
Pollen composition in a crashed plane's engine (Lewis, WH), May, 387

Polygraphs

Computerized polygraph scoring system (Olsen DE, Harris, JC, Capps, MH, and Ansley, N), Jan., 61

Polymerase chain reaction (PCR)

Analysis of allele distribution for six short tandem repeat loci in the French Canadian population of Québec (Busque, L, Desmarais, D, Provost, S, Schumm, JW, Zhong, Y, and Chakraborty, R), Nov., 1145
Applicability of formalin-fixed and formalin fixed paraffin embedded tissues in

forensic DNA analysis (Romero, RL, Juston, AC, Ballantyne, J, and Henry, BE), July, 708

Assessment of DNA contamination risks in New York City Medical Examiner facilities (Toledano, T, Quarino, L, Leung, S, Buffolino, P, Baum, H, and Shaler, RC), July, 721

Austrian Caucasian population data for the Quadruplex Plus amelogenin: refined mutation rate for HumvWFA31/A (Ambach, E, Parson, W, Niederstätter, H, and Budowle, B), Nov., 1134

Co-amplification of the amelogenin and HLA DQ α genes: optimization and validation (Taylor, MS, Challed-Spong, A, and Johnson, EA), Jan., 130

Comparison of three DNA extraction methods on bone and blood stains up to 43 years old and amplification of three different gene sequences (Cattaneo, C, Craig, OE, James, NT, and Sokol, RJ), Nov., 1124

Distribution of HLA-DQ α and polymarker (LDLR, GC, GYPA, HBGG, and D7S8) alleles in Arab and Pakistani populations living in Abu Dhabi, United Arab Emirates (Tahir, MA, Caruso, J, Budowle, B, Aziz, N, and Novick, GE), Sept., 914

Effects of blood transfusions on PCR DNA typing at the CSF1PO, TP0X, TH01, D1S80, HLA-DQA1, LDLR, GYPA, HBGG, D7S8 and GC loci (Brauner, P, Shpitzen, M, Freund, M, and Manny, N), Nov., 1152

HLA-DQA1 and polymarker allele frequencies in two New York City Jewish populations (Medintz, I, Levine, L, McCurdy, L, Chiriboga, L, Kingston, C, Desnick, RJ, Eng, CM, and Kobilinsky, L), Sept., 919

Infrared fluorescent detection of PCR amplified gender identifying alleles (Roy, R and Steffens, DL), May, 452

Japanese population DNA typing data for the loci LDLR, GYPA, HBGG, D7S8, and GC (Watanabe, Y, Yamada, S, Nagai, A, Takayama, T, Hirata, K, Bunai, Y, and Ohya, I), Sept., 911

PCR-based DNA typing of saliva stains recovered from human skin (Sweet, D, Lorente, JA, Valenzuela, A, Lorente, M, and Villanueva, E), May, 447

PCR-based forensic testing of DNA from stained cytological smears (Dimo-Simonin, N, Grange, F, and Brandt-Casadevall, C), May, 506

Population study of the HUMTH01, HUMVWA31A, HUMF13A1, and HUMFES/FPS STR polymorphisms in the North of Portugal (Pinheiro, F, Pontes, L, Gené, M, Hugué, E, Pinto da Costa, J, and Moreno, P), Jan., 121

Sequential multiplex amplification: utility in forensic casework with minimal amounts of DNA and partially degraded samples (Lorente, M, Lorente, JA, Alv-

arez, JC, Budowle, B, Wilson, MR, and Villanueva, E), Sept., 923

Summary of validation studies from twenty-six forensic laboratories in the United States and Canada on the use of the AmpliType[®] PM PCR amplification and typing kit (Word, CJ, Sawosik, TM, and Bing, DH), Jan., 39

United States population data on the multiplex short tandem repeat loci—HUMTH01, TPOX, and CSF1PO—and the variable number tandem repeat locus D1S80 (Budowle, B, Smerick, JB, Keys, KM, and Moretti, TR), Sept., 846

Validation of HLA-DR locus typing in forensic specimens by combining PCR-SSP with PCR-RFLP (Ota, M, Katsuyama, Y, Liu, CY, Arakura, A, and Fukushima, H), Sept., 929

Validation studies for the genetic typing of the D1S80 locus for implementation into forensic casework (Gross, AM, Carmody, G, and Guerrieri, RA), Nov., 1138

Population databases

Analysis of allele distribution for six short tandem repeat loci in the French Canadian population of Québec (Busque, L, Desmarais, D, Provost, S, Schumm, JW, Zhong, Y, and Chakraborty, R), Nov., 1145

Japanese population DNA typing data for the loci LDLR, GYPA, HBGG, D7S8, and GC (Watanabe, Y, Yamada, S, Nagai, A, Takayama, T, Hirata, K, Bunai, Y, and Ohya, I), Sept., 911

Populations

Austrian Caucasian population data for the Quadruplex Plus amelogenin: refined mutation rate for HumvWFA31/A (Ambach, E, Parson, W, Niederstätter, H, and Budowle, B), Nov., 1134

Distribution of HLA-DQ α and polymarker (LDLR, GC, GYPA, HBGG, and D7S8) alleles in Arab and Pakistani populations living in Abu Dhabi, United Arab Emirates (Tahir, MA, Caruso, J, Budowle, B, Aziz, N, and Novick, GE), Sept., 914

Distribution of the vWF alleles and genotypes in the Palestinian population (Khatib, H, Ezzughayyar, M, and Ayeshe, S), May, 504

Distribution of types for six PCR-based loci: LDLR, GYPA, HBGG, D7S8, GC and HLA-DQA1 in Central Pyrenees and Teruel (Spain) (Bell, B, Budowle, B, Martinez-Jarreta, B, Casalod, Y, Abecia, E, and Castellano, M), May, 510

Evaluation of independence assumptions for PCR-based and protein-based genetic markers in New Jersey Caucasians (Budowle, B, Jankowski, LB, Corey, HW, Swec, NT, Freck-Tooteil, S, Pino, JA, Schwartz, R, Kelley, CA, and Tarver, ML), March, 223

Extent of heterogeneity in mitochondrial DNA of European populations (Melton, T, Wilson, M, Batzer, M, and Stoneking, M), May, 437

Extent of heterogeneity in mitochondrial DNA of Sub-Saharan African populations (Melton, T, Ginther, C, Sensabaugh, G, Soodyall, H, and Stoneking, M), July, 582

Fixed bin population data for the VNTR loci D1S7, D2S44, D4S139, D5S110, D10S28, and D14S13 in a population sample from Rio De Janeiro, Brazil (Moura-Neto, RS and Budowle, B), Sept., 926

HLA-DQA1 and polymarker allele frequencies in two New York City Jewish populations (Medintz, I, Levine, L, McCurdy, L, Chiriboga, L, Kingston, C, Desnick, RJ, Eng, CM, and Kobilinsky, L), Sept., 919

HumCD4—validation of a STR system for forensic purposes in an Austrian Caucasian population sample (Klitschar, M and Crevenna, R), Sept., 907

Italian population allele and genotype frequencies for the AmpliType® PM and the HLA-DQ-alpha loci (Spinella, A, Marsala, P, Biondo, R, and Montagna, P), May, 514

Pentaplex automated fluorescent typing system for forensic identification and French Caucasian population data (Rousselet, F, Pfitzinger, H, and Mangin, P), May, 500

United States population data on the multiplex short tandem repeat loci—HUMTH01, TPOX, and CSF1PO—and the variable number tandem repeat locus D1S80 (Budowle, B, Smerick, JB, Keys, KM, and Moretti, TR), Sept., 846

Positive identification—see Human identification

Postmortem drug redistributions

In vitro experiment for postmortem vascular permeation. The passage of morphine and morphine glucuronides across a vascular wall (Skopp, G, Lutz, R, Pötsch, L, Ganßmann, B, Klinder, K, Schmidt, A, Aderjan, R, and Mattern, R), May, 486

Possible markers for postmortem drug redistribution (Langford, AM and Pounder, DJ), Jan., 88

Postmortem serum and tissue redistribution of fluoxetine and norfluoxetine in dogs following oral administration of fluoxetine hydrochloride (Prozac®) (Pohland, RC and Bernhard, NR), Sept., 812

Postmortem examinations

Forensic autopsies from 1984 to 1993 in Vienna, Austria (Klupp, N, Risser, D, Heinzl, H, and Bauer, G), July, 675

Molecular detection of JC virus in embalmed, formalin-fixed, paraffin-embedded brain tissue (Amaker, BH,

Chandler, FW, Jr., Huey, SLO, and Colwell, RM), Nov., 1155

National survey of autopsy cost and workload (Jason, DR, Lantz, PE, and Preisser, JS), March, 270

Postmortem interval

Contribution of microscopic plant anatomy to postmortem bone dating (Quatrehomme, G, Lacoste, A, Bailet, P, Grévin, G, and Ollier, A), Jan., 140

Estimation of postmortem interval based on colony development time for *Anoplolepis longipes* (Hymenoptera: formicidae) (Goff, ML and Win, BH), Nov., 1174

Foraging by food deprived larvae of *Neobellieria bullata* (Diptera: Sarcophagidae) (Christopherson, C and Gibo, DL), Jan., 71

Postmortem toxicology

Compilation of fatal and control concentrations of drugs in postmortem femoral blood (Druid, H and Holmgren, P), Jan., 79

Identification of unique cocaine metabolites and smoking by-products in postmortem blood and urine specimens (Jenkins, AJ and Goldberger, BA), Sept., 824

Probability

Using a graphical method to assist the evaluation of complicated patterns of evidence (Dawid, AP and Evett, IW), March, 226

Product tampering

False report of product tampering involving a rodent and soft drink can: light microscopy, image analysis and scanning electron microscopy/energy dispersive X-ray analysis (Platek, SF, Ranieri, N, and Wolnik, KA), Nov., 1169

Proficiency testing

Writer identification by professional document examiners (Kam, M, Fielding, G, and Conn, R), Sept., 778

Projectiles

Findings in gunshot wounds from tandem projectiles (Simmons, GT), July, 678

Prosthetic devices

Coronary artery compression by Teflon pledget granuloma following aortic valve replacement (Cohle, SD and Delavan, JW), Sept., 945

Prozac

Postmortem serum and tissue redistribution of fluoxetine and norfluoxetine in dogs following oral administration of fluoxetine hydrochloride (Prozac®) (Pohland, RC and Bernhard, NR), Sept., 812

Pseudoephedrine

Distinguishing amphetamine, methamphetamine and 3,4-methylenedioxy-methamphetamine from other sympatho-

mimetic amines after rapid derivatization with propyl chloroformate and analysis by GC-chemical ionization mass spectrometry (Dasgupta, A and Hart, AP), Jan., 106

Psychiatric services

Who does the Family Court refer for psychiatric services? (Gunter-Justice, TD and Ott, DA), Nov., 1102

Psychiatry

Differential diagnosis of ritual abuse allegations (Bernet, W and Chang, DK), Jan., 32

Forensic analysis and psycholegal implications of parricide and attempted parricide (Weisman, AM and Sharma, KK), Nov., 1105

Intrafamilial homicide committed by juveniles: examination of a sample with recommendations for prevention (Kashani, JH, Darby, PJ, Allan, WD, Harkte, KL, and Reid, JC), Sept., 873

Introduction to the 1996 honorable mention papers by fellows in the AAFS Psychiatry and Behavioral Science section (Rosner, R), Nov., 1101

New variant of "subjective" delusional misidentification associated with aggression (Silva, JA, Leong, GB, Rhodes, LJ, and Weinstock, R), May, 406

Predatory violence during mass murder (Meloy, JR), March, 326

Pyromania? What does it mean? (Geller, JL, McDermeit, M, and Brown, J-M), Nov., 1050

Recidivism and concomitant criminality in pathological firesetters (Barnett, W, Richter, P, Sigmund, D, and Spitzer, M), Sept., 879

Role of mania in the genesis of dangerous delusional misidentification (Silva, JA, Ferrari, MM, Leong, GB, and Weinstock, R), July, 670

Sleepwalking disorder and *mens rea*: a review and case report (Thomas, TN), Jan., 17

Stalking on campus: the prevalence and strategies for coping with stalking (Fremouw, WJ, Westrup, D, and Pennypacker, J), July, 666

Video voyeurs and the covert videotaping of unsuspecting victims: psychological and legal consequences (Simon, RI), Sept., 884

Violence in America: a survey of suicide linked to homicides (Aderibigbe, YA), July, 662

Violent behaviors associated with the antichrist delusion (Silva, JA, Leong, GB, and Weinstock, R), Nov., 1056

Who does the Family Court refer for psychiatric services? (Gunter-Justice, TD and Ott, DA), Nov., 1102

Psychopathy

Antisocial personality disorder, sexual sadism, malignant narcissism, and serial

murder (Geberth, VJ and Turco, RN), Jan., 49

Pyromania

Pyromania? What does it mean? (Geller, JL, McDermeit, M, and Brown, J-M), Nov., 1050

Recidivism and concomitant criminality in pathological firesetters (Barnett, W, Richter, P, Sigmund, D, and Spitzer, M), Sept., 879

Q

Questioned documents

Fraudulent case involving novel ink eradicating methods (Abulafia, A, Brown, S, and Abramovich-Bar, S), March, 300

Infrared luminescence of indented writing as evidence of document alteration (Sharf, S, Gabbay, R, and Brown, S), July, 729

Separation and comparison of fountain pen inks by capillary zone electrophoresis (Rohde, E, McManus, AC, Vogt, C, and Heineman, WR), Nov., 1002

Validation study of the influence of alcohol on handwriting (Stinson, MD), May, 411

Writer identification by professional document examiners (Kam, M, Fielding, G, and Conn, R), Sept., 778

R

Race determination—see Human identification

Rape—see Criminal sex offenses

Recidivism

Recidivism and concomitant criminality in pathological firesetters (Barnett, W, Richter, P, Sigmund, D, and Spitzer, M), Sept., 879

Reference collections

Firearms reference collections—their size, composition, and use (Hamby, JE and Thorpe, JW), May, 461

Restriction fragment length polymorphism

Effect of ethnic and racial population substructuring on the estimation of multi-locus fixed-bin VNTR RFLP genotype probabilities (Hartmann, JM, Houlihan, BT, Keister, RS, and Buse, EL), March, 232

Products of partial digestion with *Hae* III. Part 1. Characterization, casework experience and confirmation of the theory of three-, four- and five-banded RFLP pattern origins using partial digestion (Benzinger, EA, Emerek, EA, Grigsby, NL, Duewer, DL, Lovekamp, ML, Deadman,

H, Thompson, JL, Sallee, PJ, and Riech, AK), Sept., 850

Products of partial digestion with *Hae* III. Part 2. Quantification (Duewer, DL and Benzinger, EA), Sept., 864

Retinal hemorrhage—see Hemorrhage

RFLP—see Restriction fragment length polymorphism

Right ventricular dysplasia

Sudden unexpected death in young adult due to right ventricular dysplasia (Lane, CD), Jan., 148

Ritual abuse

Differential diagnosis of ritual abuse allegations (Bernet, W and Chang, DK), Jan., 32

Ruidoso, New Mexico plane crash

Entomological evidence (Rozen, JF, Jr. and Eickwort, GC), May, 394

Field sampling and chemical analysis (Liddell, CM), May, 398

Forensic botany: trichome evidence (Bates, DM, Anderson, GJ, and Lee, RD), May, 380

Forensic palynology and the Ruidoso, New Mexico plane crash—the pollen evidence II (Graham, A), May, 391

Pollen composition in a crashed plane's engine (Lewis, WH), May, 387

Ruidoso plane crash—the background and the trial verdict (Brunk, SK), May, 378

Soil science contribution to an airplane crash investigation, Ruidoso, New Mexico (Daugherty, LA), May, 401

S

Sadism

Antisocial personality disorder, sexual sadism, malignant narcissism, and serial murder (Geberth, VJ and Turco, RN), Jan., 49

Saliva

Improved method to recover saliva from human skin: the double swab technique (Sweet, D, Lorente, M, Lorente, JA, Valenzuela, A, and Villanueva, E), March, 320

PCR-based DNA typing of saliva stains recovered from human skin (Sweet, D, Lorente, JA, Valenzuela, A, Lorente, M, and Villanueva, E), May, 447

Sampling

Effect of sampling error and measurement error and its correlation on the estimation of multi-locus fixed-bin VNTR RFLP genotype probabilities (Hartmann, JM, Houlihan, BT, Thompson, LD, Chan, C, Baldwin, RA, and Buse, EL), March, 241

Field sampling and chemical analysis (Liddell, CM), May, 398

Scanning electron microscopy

False report of product tampering involving a rodent and soft drink can: light microscopy, image analysis and scanning electron microscopy/energy dispersive X-ray analysis (Platek, SF, Ranieri, N, and Wolnik, KA), Nov., 1169

Seals (personal identification)

Nondestructive identification of ivory-like seal materials (Shimoyama, M, Hamanaga, BL, Ninomiya, T, and Ozaki, Y), May, 434

SEM/EDX

Fundamental studies of gunshot residue deposition by glue-lift (Basu, S, Boone, CE, Jr., Denio, DJ, Jr., and Miazga, RA), July, 571

Gunshot residue analysis—a review (Meng, H-H and Caddy, B), July, 553

Separation

Separation and comparison of fountain pen inks by capillary zone electrophoresis (Rohde, E, McManus, AC, Vogt, C, and Heineman, WR), Nov., 1002

Sequential multiplex amplification

Sequential multiplex amplification: utility in forensic casework with minimal amounts of DNA and partially degraded samples (Lorente, M, Lorente, JA, Alvarez, JC, Budowle, B, Wilson, MR, and Villanueva, E), Sept., 923

Serial killing—see Homicide

Sertraline

Fatality involving moclobemide, sertraline, and pimozide (McIntyre, IM, King, CV, Staikos, V, Gall, J, and Drummer, OH), Sept., 951

Sex determination—see Human identification

Sexual abuse

Differential diagnosis of ritual abuse allegations (Bernet, W and Chang, DK), Jan., 32

Sexual sadism—see Sadism

Short tandem repeats

Analysis of allele distribution for six short tandem repeat loci in the French Canadian population of Québec (Busque, L, Desmarais, D, Provost, S, Schumm, JW, Zhong, Y, and Chakraborty, R), Nov., 1145

Defining microsatellite alleles by genotyping global indigenous human populations and non-human primates (Jin, L, Underhill, PA, Buoncristiani, M, and Robertson, JM), May, 496

Genetic individualization of domestic cats using feline STR loci for forensic applications (Menotti-Raymond, M,

David, VA, Stephens, JC, Lyons, LA, and O'Brien, SJ), Nov., 1037

Genetic variations at four tetrameric tandem repeat loci in Korean population (Park, SJ, Lee, WG, Lee, SW, Kim, SH, Koo, BS, Budowle, B, and Rho, HM), Jan., 125

Highly informative single-stranded conformation polymorphism (SSCP) of short tandem repeats in DNA identification (Lucas, M, Muñoz, C, Pintado, E, and Solano, F), Jan., 118

HumCD4—validation of a STR system for forensic purposes in an Austrian Caucasian population sample (Klitschar, M and Crevenna, R), Sept., 907

Interlaboratory evaluation of short tandem repeat triplex CTT (Kline, MC, Duewer, DL, Newall, P, Redman, JW, Reeder, DJ, and Richard, M), Sept., 897

PCR-based forensic testing of DNA from stained cytological smears (Dimo-Simonin, N, Grange, F, and Brandt-Casadevall, C), May, 506

Pentaplex automated fluorescent typing system for forensic identification and French Caucasian population data (Rousselet, F, Pfitzinger, H, and Mangin, P), May, 500

Population study of the HUMTH01, HUMVWA31A, HUMF13A1, and HUMFES/FPS STR polymorphisms in the North of Portugal (Pinheiro, F, Pontes, L, Gené, M, Hugué, E, Pinto da Costa, J, and Moreno, P), Jan., 121

Single strand conformation polymorphism

Rapid screening of multiple forensic stains by SSCP analysis of HLA-DQ α amplification products (Kreike, J and Lehner, A), July, 715

Skin scraping

Skin scraping, cupping, and moxibustion that may mimic physical abuse (Look, KM and Look, RM), Jan., 103

Sleepwalking disorder

Sleepwalking disorder and *mens rea*: a review and case report (Thomas, TN), Jan., 17

Smoldering

Upholstered furniture transition from smoldering to flaming (Babrauskas, V and Krasny, JF), Nov., 1027

Soils

Soil science contribution to an airplane crash investigation, Ruidoso, New Mexico (Daugherty, LA), May, 401

Solvents

Fraudulent case involving novel ink eradicating methods (Abulafia, A, Brown, S, and Abramovich-Bar, S), March, 300

Species identification

Identification and differentiation of bear bile used in medicinal products in Taiwan

(Lin, D-L, Chang, H-C, Chang, C-P, and Chen, C-Y), Sept., 817

Spectrometry

Field sampling and chemical analysis (Liddell, CM), May, 398

Tungsten determination in biological fluids, hair and nails by plasma emission spectrometry in a case of severe acute intoxication in man (Marquet, P, François, B, Lotfi, H, Turcant, A, Debord, J, Nedelec, G, and Lachâtre, G), May, 527

Spectroscopy

Gunshot residue analysis—a review (Meng, H-H and Caddy, B), July, 553

Development of latent fingerprints on unfired cartridges by palladium deposition: a surface study (Migron, Y and Mandler, D), Nov., 984

Infrared spectra of U.S. automobile original topcoats (1974–1989): III. In situ identification of some organic pigments used in yellow, orange, red, and brown nonmetallic and brown metallic finishes—benzimidazolones (Suzuki, EM and Marshall, WP), July, 619

Sports

Fatal air transport accidents involving athletic teams from the United States (Murphy, GK), Jan., 74

Stalking

Stalking on campus: the prevalence and strategies for coping with stalking (Fremouw, WJ, Westrup, D, and Pennypacker, J), July, 666

Strangulation

Forensic significance of the polymorphism of hyoid bone shape (Pollanen, MS and Ubelaker, DH), Sept., 890

Submersion interval

Midge larvae (*Diptera: Chironomidae*) as indicators of postmortem submersion interval of carcasses in a woodland stream: a preliminary report (Keiper, JB, Chapman, EG, and Foot, BA), Nov., 1072

Sudden death—see Death

Sudden Infant Death Syndrome (SIDS)

Recommended technique for brain removal to retain anatomic integrity of the pineal gland in order to determine its size in Sudden Infant Death Syndrome (Sparks, DL, Coyne, CM, Sparks, LM, and Hunsaker, JC, III), Jan., 100

Suicide

Fatal ephedrine intoxication (Backer, R, Tautman, D, Lowry, S, Harvey, CM, and Poklis, A), Jan., 157

Three cases of fatal firearm use following external hinge removal from locked gun cabinets (Huston, BM, Germaniuk, HD, and Sidler, AK), Sept., 956

Violence in America: a survey of suicide linked to homicides (Aderibigbe, YA), July, 662

Surgery

Coronary artery compression by Teflon pledget granuloma following aortic valve replacement (Cohle, SD and Delavan, JW), Sept., 945

Surveys

Survey of the evidential value of paint transfer evidence (McDermott, SD and Willis, SM), Nov., 1010

Violence in America: a survey of suicide linked to homicides (Aderibigbe, YA), July, 662

Symposia

Anatomy of the Lindbergh kidnapping (Graham, SA), May, 368

Entomological evidence (Rozen, JF, Jr. and Eickwort, GC), May, 394

Field sampling and chemical analysis (Liddell, CM), May, 398

Forensic botany: an under-utilized resource (Bock, JH and Norris, DO), May, 364

Forensic botany: trichome evidence (Bates, DM, Anderson, GJ, and Lee, RD), May, 380

Forensic palynology and the Ruidoso, New Mexico plane crash—the pollen evidence II (Graham, A), May, 391

Introduction to the Symposium on forensic chemistry, soil analysis, entomology, botany, palynology, and other aspects of non-genetic-marker biology (Graham, A), May, 363

Pollen composition in a crashed plane's engine (Lewis, WH), May, 387

Ruidoso plane crash—the background and the trial verdict (Brunk, SK), May, 378

Soil science contribution to an airplane crash investigation, Ruidoso, New Mexico (Daugherty, LA), May, 401

Synthetic fibers

Study to investigate the feasibility of using X-ray fluorescence microanalysis to improve discrimination between colorless synthetic fibers (Cartier, J, Roux, C, and Grieve, M), Nov., 1017

T

Tear gases

Characterization of lachrymators by ambient temperature ion mobility spectrometry (Allinson, G and McLeod, CW), March, 312

Teeth—see Dentition

Testimony

Impact of homicide trials on the forensic pathologist's time—the Fulton County experience (Hanzlick, R), May, 533

Tetrahydrocannabinol

Identification of butyl cannabinoids in marijuana (Smith, RM), July, 610

THCA

Indoor air quality-pharmacokinetic simulation of passive inhalation of marijuana smoke and the resultant buildup of 11-nor-delta-9-tetrahydrocannabinol-9-carboxylic acid in urine (Giardino, NJ), March, 323

Three-dimensional imaging—*see* **Imaging**

Three-dimensional modeling—*see* **Modeling**

Tissues (biology)

Distribution of free and conjugated morphine in body fluids and tissues in a fatal heroin overdose: is conjugated morphine stable in postmortem specimens? (Moriya, F and Hashimoto, Y), July, 736

Toluidine blue

Effects of toluidine blue and destaining reagents used in sexual assault examinations on the ability to obtain DNA profiles from postcoital vaginal swabs (Hochmeister, MN, Whelan, M, Borer, UV, Gehrig, C, Binda, S, Berzlanovich, A, Rauch, E, and Dirnhofer, R), March, 316

Tomography

Forensic three-dimensional facial reconstruction: historical review and contemporary developments (Tyrrell, AJ, Evison, MP, Chamberlain, AT, and Green, MA), July, 653

Unusual penetrating neck wound by a golf club: precise forensic imaging (Keller, T, Watson, J, Goldstein, L, and Chappell, T), July, 733

Toolmarks

Firearm and toolmark identification criteria: a review of the literature (Nichols, RG), May, 466

Toxicology

Barbiturates and analgesics in *Calliphora vicina* larvae (Sadler, DW, Robertson, L, Brown, G, Fuke, C, and Pounder, DJ), May, 481

Black market in anabolic steroids—analysis of illegally distributed products (Musshoff, F, Daldrup, T, and Ritsch, M), Nov., 1117

Compilation of fatal and control concentrations of drugs in postmortem femoral blood (Druid, H and Holmgren, P), Jan., 79

Concentration-time profiles of ethanol in arterial and venous blood and end-expired breath during and after intravenous infusion (Jones, AW, Norbert, Å, and Hahn, RG), Nov., 1086

Death of two subjects due to imipramine and desipramine metabolite accumulation during chronic therapy: a review of the literature and possible mechanisms

(Swanson, JR, Jones, GR, Krasselt, W, Denmark, LN, and Ratti, F), March, 335

Detection of alprazolam in three cases of methadone/benzodiazepine overdose (Rogers, WO, Hall, MA, Brissie, RM, and Robinson, CA), Jan., 155

Determination of phenmetrazine in urine by gas chromatography-mass spectrometry after liquid-liquid extraction and derivatization with perfluorooctanoyl chloride (Dasgupta, A and Mahle, CE), Sept., 937

Distinguishing amphetamine, methamphetamine and 3,4-methylenedioxy-methamphetamine from other sympathomimetic amines after rapid derivatization with propyl chloroformate and analysis by GC-chemical ionization mass spectrometry (Dasgupta, A and Hart, AP), Jan., 106

Distribution of free and conjugated morphine in body fluids and tissues in a fatal heroin overdose: is conjugated morphine stable in postmortem specimens? (Moriya, F and Hashimoto, Y), July, 736

Effects of 3,4-methylenedioxymethamphetamine in decomposing tissues on the development of *Parasarcophaga ruficornis* (Diptera: Sarcophagidae) and detection of the drug in postmortem blood, liver tissue, larvae, and puparia (Goff, ML, Miller, ML, Paulson, JD, Lord, WD, Richards, E, and Omori, AI), March, 276

Enantioselective separation of methadone and its main metabolite in human hair by liquid chromatography/ion spray-mass spectrometry (Kintz, P, Eser, HP, Tracqui, A, Moeller, M, Cirimele, V, and Mangin, P), March, 291

Ethyl glucuronide concentration in serum of human volunteers, teetotalers, and suspected drinking drivers (Schmitt, G, Droenner, P, Skopp, G, and Aderjan, R), Nov., 1097

Fatal ephedrine intoxication (Backer, R, Tautman, D, Lowry, S, Harvey, CM, and Poklis, A), Jan., 157

Fatal fentanyl intoxication following excessive transdermal application (Edinboro, LE, Poklis, A, Trautman, D, Lowry, S, Backer, R, and Harvey, CM), July, 741

Fatality involving moclobemide, sertraline, and pimozide (McIntyre, IM, King, CV, Staikos, V, Gall, J, and Drummer, OH), Sept., 951

Gas chromatographic-mass spectrometric identification and quantitation of benzyl alcohol from human serum and postmortem blood after derivatization with 4-carbethoxy hexafluorobutyl chloride: a novel derivative (Dasgupta, A and Steinagel, G), July, 697

GC/MS confirmation of barbiturates in blood and urine (Meatherall, R), Nov., 1158

Identification of butyl cannabinoids in marijuana (Smith, RM), July, 610

Identification of unique cocaine metabolites and smoking by-products in post-mortem blood and urine specimens (Jenkins, AJ and Goldberger, BA), Sept., 824

In vitro experiment for postmortem vascular permeation. The passage of morphine and morphine glucuronides across a vascular wall (Skopp, G, Lutz, R, Pötsch, L, Ganßmann, B, Klinder, K, Schmidt, A, Aderjan, R, and Mattern, R), May, 486

Indoor air quality-pharmacokinetic simulation of passive inhalation of marijuana smoke and the resultant buildup of 11-nor-delta-9-tetrahydrocannabinol-9-carboxylic acid in urine (Giardino, NJ), March, 323

Influence of pigmentation on the codeine content of hair fibers in guinea pigs (Pötsch, L, Skopp, G, and Moeller, MR), Nov., 1093

Inhibition of ethanol production by *Saccharomyces cerevisiae* in human blood by sodium fluoride (Amick, GD and Habben, KH), July, 690

Isotopic analysis of ¹³C as a tool for comparison and origin assignment of seized heroin samples (Besacier, F, Guilluy, R, Brazier, JL, Chaudron-Thozet, H, Girard, J, and Lamotte, A), May, 429

Lesser alkaloids of cocaine-bearing plants. Part I: Nicotinoyl-2'-pyrroloyl, and 2'- and 3'-furanoylconine methyl ester—isolation and mass spectral characterization of four new alkaloids of South American *Erythroxylum coca* Var. *coca* (Moore, JM and Casale, JF), March, 246

Mass spectrum of cocaine (Smith, RM), May, 466

Novel derivatization of phenol after extraction from human serum using perfluorooctanoyl chloride for gas chromatography-mass spectrometric confirmation and quantification (Hart, AP and Dasgupta, A), July, 693

Possible markers for postmortem drug redistribution (Langford, AM and Pounder, DJ), Jan., 88

Postmortem diffusion of tracheal lidocaine into heart blood following intubation for cardiopulmonary resuscitation (Moriya, F and Hashimoto, Y), March, 296

Postmortem serum and tissue redistribution of fluoxetine and norfluoxetine in dogs following oral administration of fluoxetine hydrochloride (Prozac®) (Pohland, RC and Bernhard, NR), Sept., 812

Response of the Intoxilyzer 5000® to five potential interfering substances (Caldwell, JP and Kim, ND), Nov., 1078

Statistical approach to the prediction of verifiable heroin use from total codeine

and total morphine concentrations in urine (Fuller, DC), July, 685

Tissue distribution of ketamine in a mixed drug fatality (Moore, KA, Kilbane, EM, Jones, R, Kunsman, GW, Levine, B, and Smith, M), Nov., 1181

Tungsten determination in biological fluids, hair and nails by plasma emission spectrometry in a case of severe acute intoxication in man (Marquet, P, François, B, Lotfi, H, Turcant, A, Debord, J, Nedelec, G, and Lachâtre, G), May, 527

Two traffic fatalities related to the use of difluoroethane (Broussard, LA, Brustowicz, T, Pittman, T, Atkins, K, and Presley, L), Nov., 1184

Zopiclone fatality in a hospitalized patient (Meatherall, RC), March, 340

Trace evidence

Using a graphical method to assist the evaluation of complicated patterns of evidence (Dawid, AP and Evett, IW), March, 226

Training—see Education

Transillumination

Transillumination enhances photographs of retinal hemorrhages (Nolte, KB), Sept., 935

Trichomes

Forensic botany: trichome evidence (Bates, DM, Anderson, GJ, and Lee, RD), May, 380

Tungsten

Tungsten determination in biological fluids, hair and nails by plasma emission spectrometry in a case of severe acute intoxication in man (Marquet, P, François, B, Lotfi, H, Turcant, A, Debord, J, Nedelec, G, and Lachâtre, G), May, 527

U–V

Uniqueness

More on the uniqueness of gunshot residue (GSR) particles (Zeichner, A and Levin, N), Nov., 1025

Upholstered furniture

Upholstered furniture transition from smoldering to flaming (Babrauskas, V and Krasny, JF), Nov., 1027

Vaginal swabs

Effects of toluidine blue and destaining reagents used in sexual assault examinations on the ability to obtain DNA profiles from postcoital vaginal swabs (Hochmeister, MN, Whelan, M, Borer, UV, Gehrig, C, Binda, S, Berzlanovich, A, Rauch, E, and Dirnhofer, R), March, 316

Validation studies

Validation studies for the genetic typing of the D1S80 locus for implementation into forensic casework (Gross, AM, Carmody, G, and Guerrieri, RA), Nov., 1138

Validation studies of the CTT STR multiplex system (Budowle, B, Moretti, TR, Keys, KM, Koons, BW, and Smerick, JB), July, 701

Validation study of the influence of alcohol on handwriting (Stinson, MD), May, 411

Video equipment

Digital video image capture in establishing positive identification (Marks, MK, Bennett, JL, and Wilson, OL), May, 492

Video voyeurs—see Voyeurs

Violence

New variant of “subjective” delusional misidentification associated with aggression (Silva, JA, Leong, GB, Rhodes, LJ, and Weinstock, R), May, 406

Predatory violence during mass murder (Meloy, JR), March, 326

Role of mania in the genesis of dangerous delusional misidentification (Silva, JA, Ferrari, MM, Leong, GB, and Weinstock, R), July, 670

Violent behaviors associated with the antichrist delusion (Silva, JA, Leong, GB, and Weinstock, R), Nov., 1056

Volatile substance abuse

Two traffic fatalities related to the use of difluoroethane (Broussard, LA, Brustowicz, T, Pittman, T, Atkins, K, and Presley, L), Nov., 1184

Voyeurs

Video voyeurs and the covert videotaping of unsuspecting victims: psychological and legal consequences (Simon, RI), Sept., 884

W–Z

Wood

Anatomy of the Lindbergh kidnapping (Graham, SA), May, 368

Wound ballistics

Unusual penetrating neck wound by a golf club: precise forensic imaging (Keller, T, Watson, J, Goldstein, L, and Chappell, T), July, 733

Wound healing

Aging of bite marks: a literature review (Dailey, JC and Bowers, CM), Sept., 792

Writing—see Handwriting

X-ray fluorescence

Study to investigate the feasibility of using X-ray fluorescence microanalysis to improve discrimination between colorless synthetic fibers (Cartier, J, Roux, C, and Grieve, M), Nov., 1017

X-ray microfluorescence

Analysis of gunshot residues on human tissues and clothing by X-ray microfluorescence (Brazeau, J and Wong, RK), May, 424

Zopiclone

Zopiclone fatality in a hospitalized patient (Meatherall, RC), March, 340
