

The success of the *Journal of Forensic Sciences* (JFS) depends both on the quality of the manuscripts submitted and of the peer reviews performed by both Editorial Board Members and Guest Reviewers. I would like to offer my thanks to all the Guest Reviewers who have assisted JFS by reviewing manuscripts. In appreciation of their efforts I have listed them in this issue of JFS. In addition I would like to recognize Ms. Colleen Wade and Ms. Kim Waggoner who have coordinated the many reviews performed by scientists at the FBI Laboratory.
