Forthcoming event

April 25—27, 1979
Seminar on MORT (Management Oversight and Risk Tree)

MORT is a widely acclaimed multidisciplinary management systems approach to evaluate and control hazards, which incorporates systems analysis, accident causation, human factors, error reduction and program evaluation and performance.

The course will be presented by the originator, William G. Johnson, and will take place at the Ramada Inn, I-395 and Seminary Road, Alexandria, Virginia (Washington, D.C. area). Fee $ 325.00. Write to MORT Seminar, P.O. Box 50074, Washington, D.C. 20004 or phone (703) 451-7309.
