

## Contents Volume 7 (1982/83)

### Vol. 7, No. 1 (November 1982)

Buried container detection using ground-probing radar J.J. Bowders, Jr., R.M. Koerner and A.E. Lord, Jr. (Philadelphia, PA, U.S.A.) . . . . .	1
Spreading-boiling model for instantaneous spills of liquefied petroleum gas (LPG) on water H.-R. Chang and R.C. Reid (Cambridge, MA, U.S.A.) . . . . .	19
Bench scale treatability of contaminated groundwater at the Ott/Story site — Part 1 A.J. Shuckrow and A.P. Pajak (Beaver, PA, U.S.A.) . . . . .	37
Warning of disaster and evacuation behavior in a Japanese chemical fire K. Ikeda (Tokyo, Japan) . . . . .	51
Models of mechanisms for the vapor phase emission of hazardous chemicals from landfills L.J. Thibodeaux, C. Springer and L.M. Riley (Fayetteville, AR, U.S.A.) . . . . .	63
Propagation of blast waves by a pyrotechnic mixture ( <i>Short Communication</i> ) R. Wild (Swisttal-Heimerzheim, F.R.G.) . . . . .	75
Book Reviews . . . . .	81
Forthcoming Events . . . . .	86
Erratum . . . . .	86

### Vol. 7, No. 2 (January 1983)

On the structure of instantaneous plumes in the atmosphere C.D. Jones (Salisbury, Gt. Britain) . . . . .	87
Hazardous waste remedial action — Picillo farm, Coventry, Rhode Island; An overview B.W. Muller, A.R. Brodd and J.P. Leo (Providence, RI, U.S.A.) . . . . .	113
The safety report legislation and its application in The Netherlands T. van de Putte (Voorburg, The Netherlands) . . . . .	131
Hazardous materials containment via spill prevention and failsafe engineering J.L. Goodier (Arlington, VA, U.S.A.) and J.M. Cece (Washington, DC, U.S.A.) . . . . .	145
Book Reviews . . . . .	163
Forthcoming Event . . . . .	165

### Vol. 7, No. 3 (February 1983)

<i>Special Issue: Selection of papers presented at the Joint Symposium "Compatibility of Plastics and Other Materials with Explosives, Propellants and Pyrotechnics" and "Processing of Explosives, Propellants and Ingredients", Phoenix, Arizona, U.S.A., May 31–June 2, 1982</i>	
Preface . . . . .	168
Procedures for the production of gun propellants by use of different extruders D. Müller (Pfinztal-Berghausen, F.R.G.) . . . . .	169
The chemical effects of storing hydrazine-containing carbon dioxide impurity in stainless steel systems J.M. Bellerby (Aylesbury, U.K.) . . . . .	187
Sensitivity characteristics of mixtures of mono- and dinitrotoluene with nitrogen tetroxide and tetranitromethane F.T. Kristoff, M.L. Griffith and W.T. Bolleter (Radford, VA, U.S.A.) . . . . .	199

Scanning Auger microscopy of consolidated Al/Cu <sub>2</sub> O thermite pellets P.S. Wang and W.E. Moddeman (Miamisburg, OH, U.S.A.)	211
The flowing afterglow in argon and helium: Differences in two reactor designs in application to the analysis of moisture R.I. Bystroff and N.D. Stout (Livermore, CA, U.S.A.)	223
Development of the intermolecular explosives double direct process E.J. Pacanowsky, W.W. Hillstrom and L.J. Vande Kieft.	233
The identification and safe life prediction of hazardous materials V. Daugherty (Brigham City, UT, U.S.A.)	247
Development of a deterred propellant for a large-caliber weapon system D.C. Mann (Aberdeen, MD, U.S.A.)	259
Stability and compatibility testing using a microcalorimetric method C.J. Elmquist, P.E. Lagerkvist and L.G. Svensson (Bofors, Sweden).	281
Utilization of accelerating rate calorimetry for the characterization of energetic materials at MRC-Mound J.M. Pickard (Miamisburg, OH, U.S.A.)	291
Treatment of wastewaters containing propellants and explosives L.L. Smith (Radford, VA, U.S.A.), J. Carrazza and K. Wong (Dover, NJ, U.S.A.)	303
Effect of energetic materials on the thermal stability of polymers A.S. Tompa (Silver Spring, MD, U.S.A.)	317
<i>Vol. 7, No. 4 (March 1983)</i>	
Acid separation performance of battery vent plugs N.Hay, B. Kubba and P.J. Shayler (Nottingham, Gt. Britain)	341
Use of a very-low-frequency electromagnetic method at 9.5 kHz to detect buried drums in sandy soil S. Tyagi, A.E. Lord, Jr. and R.M. Koerner (Philadelphia, PA, U.S.A.)	353
Use of a metal detector to detect buried drums in sandy soil S. Tyagi, A.E. Lord, Jr. and R.M. Koerner (Philadelphia, PA, U.S.A.)	375
On the thermal decomposition of acrylic copolymer/nitric acid liquors V. Caprio, S. Crescitelli, V. Piccolo, G. Russo and V. Tufano (Napoli, Italy)	383
Spanish camp site disaster ( <i>Short Communication</i> ) H.G. Stinton (Eastleigh, Gt. Britain)	393
Book Reviews	403
Announcements	405
